

**SHORT TALKS BY
L. T. COOPER.**

LACK OF ENERGY.

No man or woman can be successful or happy if they lack energy. If they get up in the morning reading the days work ahead they will accomplish very little. A great many people are this way. The cause is lack of vitality. Vitality or energy is the power to go and keep on going without becoming more than healthily tired. It comes from a perfectly working system just as power comes from a perfectly working engine. If you lack this power something is out of order. Ten to one it's your stomach.

MR. A. G. LATUBYS.

Take two bottles of Cooper's New Discovery. It will get the stomach in shape. See if energy and ambition don't come back before the two bottles are gone.

This letter is from a man who tried it: "After suffering for some time from stomach trouble, loss of appetite, headaches and a kind of 'all tucked out' feeling I decided to try Cooper's New Discovery."

"I used to get up in the morning with my tongue coated and sick at my stomach. I would feel as though it was almost impossible to drag myself to work. Lots of times I had dizzy spells and backaches. After I used several bottles all these symptoms began to disappear and soon I began to feel like my old self again. Now I feel like a new man. It is a pleasure to work, for I always feel like it. I eat well, and sleep well and am sure I will have no further trouble with my stomach." A. G. Latubys, 167 Porter St., Detroit, Mich.

It is estimated that nearly half a million bottles of the famous Cooper medicines were sold during Mr. Cooper's recent demonstration in Chicago. We are agents.

J. C. PERRY

OREGON PIONEERS MEETING

(Continued from page two.)

band died on the Platt). Each of the women packed out an infant child, the husbands carried the next older. One Daly child and Chas. Rice, (then aged 6) rode out on the only pony in the crowd. The Daly babe is now Mrs. Williams of Salem.

Miss Prine married an English of Howell Prairie. Mr. Rice was wounded in the Rogue River Indian wars, battle of Little Meadows, Nov. 26, 1855, and carried out on a litter. He got a small claim paid by the state and gets a pension.

W. M. Davidson came in 1852 at the age of eight, with his parents from Indiana, locating near Shedd, and his father taking up land. Henry Davidson, the father got 320 acres, one son and a nephew still owning the property.

Two men were at the reunion who came across the plains together—E. P. Williams and Isaac Barclay of Pleasant Hill. They came in 1853, by Steer Overland Pullman, and trailed Indians together. Barclay took a donation claim, which he sold last January. Mr. Williams still owns the farm of 276 acres which he bought in 1863. He paid \$1,000 for it and now it is held at many times that. He was with a party of 300 at what is called Meek's Cutoff, who were lost for eight weeks in what is now Harney county. They had to kill their cattle and abandon some of their birch-jim cars and all came near losing their lives.

M. V. Springer of Crawfordville, came in 1850 via wagon train, six months to a day from Fort Dalles, months to a day from Iowa to Fort Dallas.

He stopped at Portland about 6 months, and lived for a time in the first cabin built on the site of Portland by a man named King. His folks came up the valley and lived in Polk and Yamhill counties, coming to Benton until 1889, when they came to Linn. His parents are dead, but one brother, J. G. Springer, lives at Philomath, a graduate of the United Brethren College.

A. C. Hausman, who came to America in 1852, came to Oregon in 1862, locating at Brownsville in 1864. He has sold his farm of 214 acres, first in two additions to North Brownsville, where the S. P. depot was located, on his place. He had 142 acres left, which he sold to the Cannery company, for about \$10,000. He bought the McClaren property at 14th and Marion, and on July 1st, will remove to Salem to make his home. Isaac Van Winkle of Halsey has also sold out and will move to Salem this fall. One of his sons is postmaster at Albany and another is Assistant Attorney-General Van Winkle at Salem.

other is Assistant Attorney-General Van Winkle at Salem.

S. Z. Taylor of Halsey came in 1864 and located near his present home. He has 300 acres and has lived in both Eastern and Western Oregon. He has two sons, one on the farm, Otis Taylor, and Frank Taylor, a Portland physician.

Elias Keeney came to Oregon in 1846, and located three miles below Brownsville, and still has 310 acres of his section left. He has a son at Corvallis, Roy Keeney, and one at Portland, Dr. Homer Keeney, a practicing physician. His son James Keeney is in the Birch Creek country, where he is running sheep on thirty miles of pasture land, one of the largest sheep owners in the state. One daughter is Mrs. Jas. McHargue of Portland. Another son John Keeney is a bachelor and still on the old farm. His youngest daughter is Mrs. Alfred Wright of Shaniko. Mrs. Keeney died at the age of 69 about a month ago. Miss Ida Norswiger, a step-daughter, is a guest at the old home, and was at the Pioneer's reunion at Brownsville with Mr. Keeney.

Mrs. Ella McHargue of Brownsville, lives on the old E. L. Walter donation land claim. The Walters came from Illinois in 1845 and located one mile from Brownsville.

Lewis Tyceer came to Brownsville in 1852 and while he and his wife are dead, four sons remain here—L. B., C. B., S. B. and Geo. B. Tycher, all of Brownsville. A daughter, Mrs. J. B. Williams also lives here. He came by ox train across the plains, Wm. McCargue, captain. Wm. and Jas. McCargue of Brownsville are both dead.

Mrs. Jennie Christensen, a granddaughter of Prof. Saunders, one of the teachers killed at the Whitman Mission, was at the reunion. Her parents came to Oregon City in 1847, immediately after the massacre. Her father was E. J. Church. Mrs. Eliza Warren, formerly of Brownsville, who was the first white child born west of the Rockies in 1836, is now in Idaho.

John William Craig of Mehana, came to Oregon in 1852, from Arkansas, locating in the Belknap Settlement, Benton county. He began to preach at the age of 17 and has been in the Methodist ministry ever since. At the Pioneer's reunion he

met some of the people he preached to as a boy.

Mrs. Clyde Foster of Brownsville, is a granddaughter of Rev. Henry Spaulding, who was with Whitman at the fatal mission. Mrs. John Brown, who was Millie Spaulding, was well known at Brownsville. It is almost impossible to realize that there are three generations gone since the Whitman massacre.

A. H. Frum is a native son, born on his father's place, six miles from Lebanon. His father was Eugene Frum, who came from Illinois to Oregon by ox-team route, six months and twenty-one days on the road. He has a son in Arlington, one at Long Creek, and one at Coburg. The two in Eastern Oregon are carpenters, following their father's trade, and the one at Coburg is City Marshal.

News On the Water Front.

Work on the large scow being constructed at the foot of State street by the Spaulding Logging company is progressing nicely and will be completed within sixty days. The barge is the second one built here and will be 114 feet long by 30 feet beam.

Work is being rushed on the hull of the company's steamer "Grey Eagle" which is docked at the foot of State street.

The two buildings just north of the lumber company's office on Front and Ferry streets are being torn down and in their place a large lumber shed will be constructed.

The water in the river stands at the 2.3 foot mark.

WANTED

A representative to take charge of exclusive territory for a high-class publishing house. Pleasant work and good compensation. Address, with references,

The Outing Publishing Co. Deposit, N. Y.

BUILDING A HOUSE

We can supply you with the lumber you need at the price that will materially economize in the cost. Just come and see us and look over our yards.

GOODALE LUMBER CO., Yards Near Depot.

Lard has been in existence a long time—so has indigestion

Human nature is hard to solve. People who are most particular about adapting the weight of their wearing apparel to the season and its conditions, who never think of going out in a storm without an umbrella and rubbers, who would not sit in a draft for a farm, will calmly sit at the table and stuff themselves with lard-soaked food and not realize for an instant that it is likely to give them a full-fledged case of indigestion and clog their whole inner machinery.

Lard is produced from hog-fats, sometimes impure, always indigestible, and there's a good day coming when no one will think of using it for cooking. Cottole is the only rational frying and shortening medium in the world. It is made from

refined vegetable oil and choice beef suet—everything about it is digestible and conducive to health.

It is a product of Nature.

It will make pure, palatable, healthful food, and food which anyone can eat and enjoy without the after-pangs of a disordered stomach.

Every good grocer sells Cottole.

It comes only in sealed white pails with a red label and band. In the center of the label is our trade mark—a steer's head in cotton plant wreath.

Try Cottole once and you'll nevermore be a friend to lard.

COTTOLENE was granted a **GRAND PRIZE** (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with **COTTOLENE** another **GRAND PRIZE**.

"Home Helps" a book of 300 choice recipes, edited by Mrs. Rorer, is yours for a 2 cent stamp, if you address The N. K. Fairbank Company, Chicago.

A NEW FEATURE—The patent air-tight top on this pail is for the purpose of keeping **COTTOLENE** clean, fresh and wholesome; it also prevents it from absorbing all disagreeable odors of the grocery, such as fish, oil, etc.

Nature's Gift from the Sunny South

STEER THIS WAY

for your Beef, Pork, Lamb, Mutton and Veal and you will get the finest Meat ever killed. The tasty, juicy, appetizing kind that makes you want more after the first helping. Only the best fed cattle are ever killed for our trade, and our customers may always rely upon the very best quality of meat, cleanly and properly dressed, and in every way fit for the best tables.
