THE OLD WHITE CORNER

Preparing for Another Busy Month

We are turning the dull summer days into busy ones by offering to the public such inducements as will bring them to our store, despite the burning sun. Our store is cool all day long, and our customers say it is a very pleasant place to spend an afternoon. Greater bargains will be offered on account of the approaching fall season being close at hand. Only two more months for us to close out our immense stock of summer goods.

Our Clearance Will Continue Until the Fourth

ANOTHER GRAND ASSORTMENT OF SKIRTS
Drummers' Samples—One of a Kind

The New York travelers are now touring homeward. Those who finish their work in Portland or Salem close out their samples at great sacrifices, rather than carry them back home. Being in close touch with many of them, we have secured several good lines at a reduction of one-third. They are now on sale at prices much less than you expect.

New Long Coats for the Coast

Sixty-five sample coats, no two alike, just received from our Eastern representative. They are the advanced fall styles sent on early especially for vacation trade.

SUITS REDUCED

Some half-price.
Some reduced one-third.
Some reduced one-fourth.
Some \$15 to \$30 values.

Smoke Glasses

Protect your eyes from the glaring sun. We have them in all sizes and prices.

REMEMBER

We do all our own lense grinding. You get the benefit in promptness, careful workmanship, and the price is no small matter to overlook. We can save you money. In case you meet with an accident we can replace the lenses the same day they are left with us.

RECEPTION GIVEN TO TEACHERS

Local Pedagogs and Public Officials Welcome State Association

Salem was voted the ideal city for conventions by all who attended the reception to the State Teachers' Association given Monday night at the Elks' hall, by the local organization of teachers in the public schools.

The beautiful hall—the finest in the state—the public officials, and city leaders of the city were in attendance to welcome the visitors. In the reception line were Miss Dimmock, president of the State Association, and Governor Chamberlain, State Superintendent and Mrs. Ackerman, D. O. Grout, who represented Portland schools; City Superintendent and Mrs. Powers, of Salem; City Superintendent and Mrs. Jones and President Campbell, of the State University. The decorations were of crimson and blue. The musical program was by Von Jessen, at the piano, and a solo number by Milton Hoyt, bright and the evening very much.

School in session throughout the summer. Plan now to enter. Students may enter at any time. The sooner you begin, the sooner you will be ready for a place.

An investment

Of time and money in a business education is not a venture. The benefits to be derived from such a course last for life and pay substantial dividends every day. These facts are amply shown by the uniform success of the graduates of the

CAPITAL BUSINESS COLLEGE
Our students are offered the advantage of a school well-known for its thorough work, pleasant rooms, skillful teachers and modern methods. Class and individual instruction. Living expenses low. Send for catalogue J.

W. I. Staley, Principal, Salem, Ore.

We have several calls for teachers of shorthand. Public school teachers should investigate. We rent or sell typewriters. Have several bargains in second-hand machines. Guaranteed

WEISER PLAYS BALL

(From the Weiser Signal.)

Everybody in baseballdom is happy in Weiser. We hear the list and our grip on the top rung of the ladder could not be pried loose with a crowbar. Ever since the first gun was fired on April 14, the Kids have had their eyes on the pennant and when the black cat got loose on April 28 it has been a stern chase, but with superb pitching and loyal support and matchless team work that will eventually land every man in the Weiser team in the big leagues, the overhaul has been accomplished. By defeating Payette Sunday by a score of 17 to 0 the Kids have played seven straight shut out games and in the ten scheduled games played so far have piled up 98 runs while but five have been made against them. Can any team on the Pacific Coast equal this record? Johnson of Weiser, Idaho, (mark the spot on the map), has now pitched 75 innings without a score against him (drive a tack here) and has struck out 166 men in 99 innings (another tack).

We believe we are justified in claiming for the Kids, the championship of the United States for team work and the championship of the world for battery work. In baseballdom, the name of Weiser, Idaho, is now a household word. Where is this Weiser, Idaho, that can support a baseball team that has broken all previous records? Who is this man J. B. O'Toole, anyway, who is the manager of this team?

A host of loyal citizens who have contributed to the support of this team that has given the city more advertising to the square inch than San Francisco with her earthquakes or Kansas City with her twisters, and when the season is over, buy the team brand new suits and send them over the Pacific Northwest, manager, substitutes, mascot and all and fix the name of Weiser, Idaho, in every city of importance on the Coast and teach these benighted heathen how to play ball and show them that to see the most beautiful women, the happiest and most contented men, the most luscious fruits, the plumpiest grain and the most prosperous and up-to-date country on earth—come to Weiser.

The Doctor Away from Home When Most Needed.

People are very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured from or a physician summoned. The right way is to keep on hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by Dr. Stone's Drug Store.

The Cook's Grievance.

"You say you must leave, Mary, because you are tired of the way the food is cooked. Why, you cook it all yourself!"
"That's just it, ma'am. I was told you made splendid pastry, and I've been waiting all these months to taste a bit."—Fliegende Blatter.

WOMEN SAVED THE DAM

How the break of the Wheatland Dam, impounding the largest artificial body of water in Wyoming, was prevented by the heroic efforts of four women is modestly told in a letter from Miss Knight, addressed to her mother.

Miss Knight, who is visiting Miss Helen McGill at McGill, with her hostess and Mrs. M. J. Reed and daughter, was riding by the reservoir when she noticed a leak in the dam. The women notified Mrs. Reed's husband, who is in charge of the reservoir and he started for Wheatland to summon help.

Mrs. Reed and the three girls spent the entire night filling the crevice with hay and dirt, using eleven loads of hay. When Reed returned in the morning they were almost exhausted, but had succeeded in keeping the break from enlarging to the danger point.

The reservoir contains an immense amount of water, which is backed by the Laramie river, almost bank-full, and the giving away of the dam would have meant a tremendous loss of life and property, as the area below includes Wheatland Flats, the most thickly settled farming section of Wyoming.

X-RAYS

Reports from Eastern beach resorts, which have just opened the season, indicate that the bathing suits this year are of a style to meet the hearty commendation of those with a liking for nature study.

No president has held the office more than eight years, and the average term of office is four years and seven months. The question is liable to be up to the American people, shall the limit be extended?

Astronomers need not get swelled up over a few sun spots. A case of measles is nothing to brag about.

The Seattle Times jolies Oregon about her land frauds. Well, brother, the only difference between Oregon and Washington is that the government has not commenced examining into affairs along the Sound. When it does the chances are that most of the criminals will go free because they are big enough thieves to be immune.

Catherine Countiss is married. If this will keep her in the East, theatre-goers in the West will decide the question, "Is marriage a failure?" in the negative.

Take the Postmaster's Word for It. Mr. F. M. Hamilton, postmaster at Cherrycreek, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by Dr. Stone's Drug Store.

SOLID LEATHER THROUGHOUT
Since the heavy advance in leather it is important to know that the shoes you buy are made in a reliable factory. Many factories are giving their shoes the same finish as formerly, but substituting inferior grades of leather to keep the price down, which is in fact a dishonest method of advancing the prices.

As Others See Us.
A day or two ago it fell out that an actor with a purpose was cinematographed on the stage, and was vastly pleased with the result. Said he gleefully to a prominent dramatic critic:
"It was the most extraordinary experience ever went through—actually to see myself acting."
"Now," replied the prominent dramatic critic, "you understand what we have to put with."—Pall Mall Gazette.

THE ELEVENTH HOUR

It is not quite that late in the sale of the crockery, glassware and dishes at our store. But they will soon be all gone, as they are being sold below cost, to make room for more groceries.
