## Her Stipulation.

When a rosy-cheeked, good-natured Irish girl, fresh from the other side, recently sought employment in the service of a Germantown woman, the latter began anxiously to interrogate the girl as to her qualifications.

"Can you cook, Nora?" asked the lady, most earnestly. "Are you a good cook?"

"Yes, mum, I t'ink so," responded the girl, naively. "If ye'll not try to help me."—Harper's Weekly.

## \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## The Point in the Case.

Complaining Wife—My husband is that sort of a man that is always keeping my nose to the grindstone.  
 Unfeeling Acquaintance—Ah! That accounts for it being so sharp.  
 —Baltimore American.

## The Jumping Off Place.

"Consumption had me in its grasp; and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia Dr. King's New Discovery is supreme. 50c and \$1.00 at J. C. Perry, druggist. Trial bottle free.

## Quite Appropriate.

Mrs. Critique—I don't think it is very appropriate for you to wear a wine-colored silk dress to the W. C. T. U. meeting.  
 Mrs. Wise—Oh! it's watered silk, you know.—Syracuse Herald.

## Neglected Colds Threatens Life.

(From the Chicago Tribune.)  
 "Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light colds will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold. Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale at Dr. Stone's drug store.
