

U. S. SENATOR GETS INTO THE RACE

FOR WORD FROM CAKE WANTS A NUMBER

NO SATISFACTION IN PROPOSED NEW LAWS.

W. S. U'Ren announced his candidacy for United States senator in the primary, and comes against Senator Charles ...

... I will give all my time to the public service ...

If he will not promise to obey their instructions.

Favors Many New Laws.

Fourth—An initiative and referendum amendment to the constitution of the United States.

Fifth—Direct election of United States senators by majority vote of the people, with power to recall and discharge public officers.

Sixth—The enactment of laws by which we may have government at all times by actual majorities of the voters, instead of by mere pluralities.

Seventh—Laws by which minorities, as well as majorities, shall be fairly represented in congress and the legislature.

Eighth—Such elections laws and limitation of the amount candidates may spend that a poor man may seek public office on equal terms, so far as money is concerned, with a candidate who has great wealth or corporation influence.

Ninth—Simple and effective laws for employers' liability, and for limitation of the hours of labor, especially on transportation lines, to not more than 250 hours per month, nor more than 12 hours in any 24.

Tenth—Parcels post and rural delivery, with all the conveniences of the best American and German systems, and just wages for mail carriers.

Eleventh—Postal savings banks and a depositors' guarantee law.

Twelfth—Exclusion of coolie labor from Asia and elsewhere.

Thirteenth—State and national pure food laws, with such branding of all adulterations, shams and shoddy, that the buyer may always know what he is paying for.

Wants High Tariff Removed.

Fourteenth—Continuing appropriations necessary for the earliest possible completion of the Panama canal, coast defenses, the opening of the Columbia and Willamette rivers to the head of navigation, including a government canal at Oregon City, and the improvement of Coos, Yaquina and other Oregon harbors.

Fifteenth—That Oregon shall receive her fair share of the irrigation fund and have it wisely and honestly expended in the reclamation service.

Sixteenth—Revision of the tariff in the interest of the people, so that American-made goods may be bought as cheaply in the United States as in England and other foreign countries.

In offering myself as a candidate, I do so with the kindest personal feelings for other candidates. If I am defeated at the nominating election, I will do all in my power to assist the candidate chosen by the Republicans to obtain the highest number of the people's votes at the June election. After the June election I will most earnestly advocate the formal election by the legislature of the candidate who received the highest number of the people's votes.

Loyal to Roosevelt.

If I am nominated and elected I will give all my time to the public service. Whether I am elected or not, I shall continue to serve the people to the best of my ability by contending for the abolition of all special privileges and the enactment of such laws that everywhere, under our flag, every man shall produce by his labor all he gets, and shall get all he produces, and no more.

Finally, I will most loyally support President Roosevelt in his rebellion against government of the United States by Standard Oil and its allies, and I hope and pray that there may be such a demand from the people of the United States that it will be clearly his duty to accept a second elective term and continue for another four years as President, to lead those who are rebelling against public government for private profit.

Respectfully,
W. S. U'REN.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
