# OPENING OF REPUBLICAN CAMPAIGN

## TONIGHT AT HURST HALL

A monster opening Republican rally is to be held in Hurst hall at 8 p. m. tomorrow night under the auspices of the Taft-Sherman Republican club, President Charles L. McNary presiding. To stir up the apathy of the campaign in this vicinity will be one of the chief objects of the meeting; another will be to make arrangements for the one, or possibly two, addresses of Senator Beveridge in this city on October 16.

This meeting, which will be the starter of the fireworks in Marion county, is expected to draw one of the largest political attendances from all parts of the county. Good old hot campaign speeches will be made by staunch Republicans, among the orators of the evening being Judge Julius C. Moreland, Rollin K. Glover, E. H. Hazzard, Justice of the Peace Webster and Mayor Rodgers.

# MOBS

(Continued from page 1)

Herzegovina by Austria along the lines of its known opposition to the positions of France and England. If this note is issued, the situation will be more critical than ever before.

### POLICE CLASH

Belgrade, Serbia, Oct. 8.—Several scores of prisoners were injured today in a clash between the police and a mob, in an attack upon the foreign ministry.

The people are incensed at the weak character of the note of protest sent by the ministry to Austria in regard to the recent actions of that nation.

The mob formed in the streets, and, fired by the speeches of the agitators, who demanded vengeance for the "betrayal of the nation by cowards," made a furious attack upon the police.

Members of the mob used stones and clubs, while the police used their sabres freely, cutting down all who came within range. In some instances the mob overpowered the police and took their sabres away from them. The crowd was driven back from the ministry, however, after a hard fight.

A second call for reserves was issued today, and they are on their way here to assist the 120,000 troops who answered the first call issued in the royal ukase of Tuesday.

# ALBANIA DECLARES ITS INDEPENDENCE

Vienna, Oct. 8.—Albania declared its independence of Turkey today, according to dispatches received here. This, following the similar action of Crete last evening, leads to the belief that there will be a general rebellion through the Turkish dependencies, unless some stringent action is taken at once.

Albania is a mountainous country in the western part of Turkey in Europe, and borders on the Adriatic sea. It is north of Greece, and has a population of about 2,000,000.

The Young Turk movement started in the northern part of Albania and an uprising there against the Sultan probably will prove serious.

### TURKEY SENDS WARSHIPS TO SAMOA ISLAND

Constantinople, Oct. 8.—The cruiser Medjidish and three torpedo boats were dispatched to the island of Samoa today, as it was reported at the war office here that the people of the island were afraid to declare their independence of the Moslem empire.

### EMPEROR EXPLAINS AUSTRIA'S POSITION

Budapest, Hungary, Oct. 8.—Denying that the annexation of Bosnia and Herzegovina was brought about through the desire for territorial expansion, and expressing the best wishes for Turkey, Emperor Franz Josef today addressed the Austro-Hungarian delegations here today.

Franz Josef assumed credit for developing the two provinces to a point

where they are ready for constitutional government, and he added "constitutional government was possible only through annexation."

### DYNAMITE QUEEN SHOOTS AT TRESSPASSER

Spokane, Wash., Oct. 8.—Mrs. Maud Goldensmith, known throughout the Coeur d'Alene district as "Queen of the Dynamiters," because of her services during the labor troubles two years ago, is under arrest at Wallace, Idaho, according to a dispatch received here today, on a charge of assault with intent to kill.

Ed. Scott, a mine employe, says he was walking on the property on which the Goldensmith home is located, when Mrs. Goldensmith accused him of trespassing. He declares she ran to her home, seized a rifle and fired a bullet that whizzed dangerously close to his head. Her husband, a Populist, was once a member of the Idaho legislature. Because she refused to serve meals to non-union men during the Coeur d'Alene troubles, Mrs. Goldensmith was presented with a gold watch.

### TAFT TAKES REST AT BROTHER'S HOME

Cincinnati, O., Oct. 8.—Taft arrived here this morning and went quietly to the home of his brother, Charles. He will stay there today to rest, and will register this afternoon.

Senator Beveridge yesterday spoke in Medford, Grants Pass, Ashland and Roseburg.

# BRYAN

(Continued from page 1)

York have created enormous traffic in the face of competition from the Erie canal. St. Louis, an important railroad center, has the Mississippi river.

"The two carriers are supplementary. The future of the waterway is assured as the helper of the railroad. Waterways should be constructed as other great works, and the trunk lines should be located first.

"The way to the sea should be opened by the biggest outlet first. It is as important that the lower Mississippi should be opened first as that the water should not be set running in a bath room before an escape pipe is provided. Enthusiastic advocates make a mistake in urging the pledging of the national credit for unlimited amounts to complete the work. It is a reckless and almost criminal policy. The congressional bill proposed an appropriation of \$50,000,000. It also authorized the President, when the fund should fall below \$20,000,000 to sell bonds to bring it back to \$50,000,000. This makes the waterways expenditure equal to the pleasure of the executive and the power of the nation to borrow."

Bryan was introduced by Francis and made a brief address, in which he expressed his belief in the importance of the work undertaken by the convention, and pledged his support to the general plan of development of waterways. His remarks were loudly cheered, and, when he finished, the delegates cheered him for several minutes.

After leaving the hall, Bryan spoke to the students at Northwestern University. He then made a hurried trip through the suburbs of the city, and tomorrow will resume his tour of Illinois.

### TAFT WILL CARRY COLORADO BY \$15,000

Washington, Oct. 8.—George E. Roberts, former director of the United States mint, and now president of the Commercial National Bank of Chicago, predicted today that Taft will carry Colorado by at least 15,000, and possibly by 20,000 votes.

Roberts makes the statement in a letter to his successor as director of the mint, Frank A. Leach. He adds that he does not think Bryan will carry Nebraska, and that there is no possibility of Bryan's election.
