FERMENTATION OF YOUR FOOD IS THE CAUSE

Some people think they have Indigestion, others Catarrh of the Stomach, others Nervousness, Cancer or Dyspepsia, etc. Call it this if you will, but the real name for your trouble is Food Fermentation, with only partial digestion. Everything you eat turns to either Acid, Stomach gas or Stomach poison, which weaken the digestive organs, causing a lack of gastric juice. Your food sours, is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, burning sensation, a feeling of vomiting, heartburn, water brash and tenderness in the pit of the stomach, slimy tongue, bad taste in the mouth, constipation, nausea, belching of gas, dizziness, sick headaches, mental depression and many other common symptoms.

You can cure all this by not eating, by not putting any food in your stomach to ferment; but how about the nourishment needed to sustain your bodily strength? If you are a stomach sufferer, either man or woman, young or old, whether you call it indigestion or any other name, go now to your druggist and give 50 cents for a case of Pape's Diapepsin.

Every possible kind of Stomach trouble is readily cured by Diapepsin, which takes right hold of the food in your stomach and digests it alone, without the help of the stomach, just as if your stomach wasn't there.

After a few day's use of Diapepsin your Stomach will again be in good working order, your meals will thoroughly digest and your intestines will be clean and fresh, and you will have no use for laxatives or liver regulators.

New Livers exchanged for Old Ones

Sounds funny doesn't it—but it's true. You can get a brand new liver—just as active and healthy as a liver can be—by the simple process of taking an occasional NR tablet according to directions. And when you have the new liver it means that all the ailments that came from the old one—such as constipation, biliousness, sick headache, indigestion, dyspepsia, stomach trouble, rheumatism, malaria, chills and fever, pimples and bad complexion will disappear.

Take an NR tablet to-night and you'll feel better in the morning.

FIGHT OVER SCHOOL IN HAZEL GREEN DISTRICT

Over 50 taxpayers of school district No. 65, better known as the Hazel Green district, appeared before the county commissioners, who met in session, and presented petitions, one asking that a new district be made up, and the other opposing it. After a lengthy session of the two petitions by the commission, it was decided to withdraw the petition for a new district and to make the matter more in the minds of the commissioners regarding the lines within which a new district is proposed. Attorney Carey Smith appeared on the district line side of the question, and conducted the opposition.

population that the building is inadequate to give accommodations comfortably to all. Eighty children are now attending the school, while somewhere in the neighborhood of 122 children of school age reside in the district.

The petition opposing the new district claims that the present exceptionally large enrollment of pupils is due to the sawmill there which is owned by a Portland concern, and upon the closing down of these mills, a great many school children will move away with their parents, who are interested in the mills only. The opposing taxpayers also state they do not wish to have the expense of a new school house and the expense incurred through surveying the property, on their hands, as a new school building and a new district is hardly demanded as yet according to their opinion.

The two petitions will be considered later by the commissioners, when the new district petition has been properly revised in accordance with the correct specifications as to the lines enclosing the new district.
