SETTLED NEAR SALEM IN 1849

(Roseburg Review, Nov. 11.)
 Rev. C. B. Marsters, one of Oregon's earliest pioneers and at one time a resident of Roseburg, died at his home at Myrtle Point, Nov. 10, 1908, at the age of 80 years. Death was due to general debility. The funeral will be held at Myrtle Point Thursday.

Rev. Marsters emigrated to Oregon in 1849, first locating in the Waldo Hills, near Salem. After a short time he went to California and later came to Douglas county. He lived at Oakland for a time and then moved to Roseburg, settling on the present Godfrey place, abutting the west side of the river and now occupied by W. H. Lindsey. About 30 years ago Rev. Marsters moved to Myrtle Point and never afterwards changed his place of residence.

To Rev. Marsters is credited the distinction of introducing the Angora goats in this section of the state.

After his removal from Roseburg the business of raising such stock was continued extensively by one of his sons, L. A. Marsters, who died just ten months ago today. Rev. Marsters was connected with the United Brethren church. His surviving brother, Rev. E. M. Marsters, formerly of this city, now living at Silverton, is also a minister of that denomination; and in his 86th year. There also survives a sister, Mrs. L. C. Williams, a former resident of West Roseburg, now residing in California; Rev. Marsters' second wife and the following children by his first wife, who died 24 years ago: Melvo Marsters, of Arkansas; Lee and Ora Marsters, of Myrtle Point; S. E. Marsters, of Gold Beach; Mrs. Ed. Sherwood, of Klamath Falls, and E. S. Marsters, of Brownsville. The last named left here on the stage this morning for Myrtle Point to attend the funeral.

Rev. Marsters was an uncle of A. C., H. L., W. E., and R. W. Marsters, of this city.

TO RAISE FUNDS FOR GOOS BAY

(Goos Bay Times.)
 A movement for the united and systematic advertising of Goos county has been started by a number interested in the development of this section. It is proposed to have each city in the county contribute to a fund and the county commissioners, also to defray a portion of the expense.

The matter was taken up with the county commissioners the other day by F. S. Dow of Marshfield, Orville Dodge of Coquille, and J. O. Stemmler of Myrtle Point. The commissioners took the matter under consideration and stated that if the towns of the county through their commercial organizations would raise a fund, the county would probably be able to contribute at the January session.

The size of the fund has not been determined. It is expected that Marshfield, North Bend, Bandon, Coquille and Myrtle Point and perhaps some of the other towns will be able to raise \$2000 or \$2500 for the purpose and that the county will add \$1000 or so to it.

The fund so raised is to be used in various ways to advertise this section throughout the county. One of the principal ways will probably be the compilation of an illustrated pamphlet containing data on the agricultural, horticultural and commercial possibilities which will be distributed far and wide.

PROFESSOR FOUND IN AN ASYLUM

New York, Nov. 13.—"John Doe No. 8" of a week ago, is known today as Prof. Mark W. Harrington, on time chief of the United States weather bureau, in the Morris Plains, New Jersey, asylum for the insane. The scientist who has been missing since 1899 was received at the asylum from Trenton, N. J., eight months ago.

Professor Harrington was identified yesterday by his wife though he did not show any sign of recognizing her. She said that shortly after his disappearance nearly ten years ago he had written to her in a peculiar way and that another letter was received by her from him two years later. After that no word came and she gave him up as dead.

The family got trace of the professor when his son Raymond Harrington read a description of Harrington in a western paper, as that of a man found wandering in the public park of Trenton. He told his mother and Professor Harrington was found.

ALBANY JAIL AS LODGINGS

(Albany Herald.)
 Withe every hotel and lodging house occupied last night many persons were forced to walk the streets all night. Nine men employed as laborers in town applied to Night-watch Catlin last night and he gave them the privileges of the city jail over night. The night was so cold that even the jail with its fire was preferable to walking the streets.

COFFEE Poor coffee has to be sold in bulk, it isn't worth packing.

Your grocer returns your money if you don't like Schilling's Best; we pay him

THE comforts of home can never be fully realized by the renter. You can own your own home if you start a savings account and deposit regularly a part of your earnings. Thousands have gained a home by this means that otherwise would have nothing.

U. S. LOANS TO FRENCH WARSHIPS

Mare Island, Cal., Nov. 13.—The French cruiser Catina, is filling her bunkers today with 350 tons of coal from the United States navy yard here, loaned by the United States government after Captain H. Buchard of the warship had attempted to purchase the fuel in San Francisco.

Failing to obtain his steaming supply from private coal companies, the French commander appealed to Commandant J. S. Phelps of the navy yard, who a turn notified the navy department of the request. The department wired back its consent.

U. S. FOREST GUARDIANS IN OREGON AND WASHINGTON

Washington, Nov. 13.—The Forest service has just announced the following appointments on national forests:

Earl N. Young, Walter J. Jones, Robert A. Dean, Harry B. Hillis and Orrison L. Hillis, assistant forest rangers on the Siskiyou National Forest, Oregon; C. C. Hon and J. C. Gilchrist, assistant forest rangers on the Deschute National Forest, Oregon; John L. Jones, assistant forest ranger on the Washington National Forest, Washington.

F. N. Derby, the Salem real estate man, is home from several weeks making his baled hay crop in Wallowa county. He not only saved his crop, but sold it to good advantage. Mr. Derby says the hay is awaiting cars on the new railroad that will be into Enterprise with freight service on November 14. The O. R. & N. officials were given a banquet last night at the county seat and the people up there are happy over the advent of the iron horses.

A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, yawning sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cure. It is the most potent purgative tonic and strengthener ever known in medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful or habit-forming drugs. Its ingredients are all printed on the bottle wrapper and tested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsement given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy or know its composition, even though the dealer may make a little more profit thereby. Your interest in retaining health is paramount to any selfish interest of his and it is a insult to your intelligence for him to try to sell you what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago—much imitated but never equalled. Little sugar-coated granules—easy to take & sandy.

Now is the Time to visit California

When summer has passed in these northern states, the sun is only mild under the bright blue skies of Southern California. This is one of nature's happy provisions—eternal summer for those who cannot endure a more severe climate.

California has been called the "Mecca of the winter tourist." Its hotels and stopping places are as varied as those of all well regulated cities. Visitors can always find suitable accommodations, congenial companions and varied, pleasing recreations.

SOUTHERN PACIFIC CO.

Will be glad to supply some very attractive literature, describing in detail the many delights of winter in California.

The rate from Salem to Los Angeles and return is \$55. Limit six months, allowing stopovers in either direction. Similar excursion rates are in effect to all California points.

For full information, sleeping car reservations and tickets, call on, telegraph or write agents, Salem, or

WM. McMURRAY, Gen. Pass. Agt., Portland, Oregon.
