AN EX-GOVERNOR IN REAL ESTATE.

Oregon's amiable T. T. Geer has gone into the real estate business.

Is this a reiteration of the old story that REPUBLICANS ARE MIGHTY UNGRATEFUL?

No man has talked, thought or written more for Oregon than Geer.

It was a noted saying by Samuel Johnson that patriotism was the last refuge of a politician.

So real estate may be THE LAST RESTING PLACE OF AN EX-GOVERNOR.

Mr. Geer has some qualifications for the real estate business.

He has enthusiasm imagination and optimism, the three articles of THE CREED OF THE REAL ESTATE DEALER.

Of course, there are little matters like the business end of the deal, and the commission that are important.

The last is really the sting in the tail of the transaction NOT TO BE OVERLOOKED.

T. T. Geer's evolution from farmer to governor and then into real estate will be watched with interest.

INDEPENDENT BUSINESS MEN WANTED IN OFFICE.

A writer in a Portland paper says: "Before a candidate gets a nomination he must see public corporations, saloon leagues, W. C. T. U., churches, labor unions and many others. NO MATTER HOW CONTRADICTIONARY HE MUST PLEDGE HIMSELF TO WHAT EACH WANTS, ETC."

Isn't that contemptible, when nine-tenths of what an official has to deal with are business propositions.

Who wants office bad enough to play to the galleries for it and tie his hands IN FORTY DIFFERENT TWAYS?

There are plenty who will do these things to get office. That is exactly what is being done to get the office of mayor at Portland and governor.

WHAT WILL HAPPEN IN PORTLAND? - The Republicans will put up their strongest man and defeat Lane.

He will become a martyr and seek vindication by becoming DEMOCRATIC CANDIDATE FOR GOVERNOR.

There will be ten Republicans after it, and Lane will have no opposition in his party.

Result: Lane will down any Republican machine candidate.

President Roosevelt has sailed for the African wilds. Here's hoping he may return—when he gets ready. In the meantime we will all read his magazine, and get ready to buy his book.

Jackson county has appropriated \$50,000 toward the Crater Lake road. The state gave \$100,000. Klamath county is to give \$50,000. Harriman is to help with as much more. The Department of the Interior is to assist, and the result will be a road.

Recommends Chamberlain's Cough Remedy.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now." writes Prof. H. A. Howell of Howell's American School, Havana, Cuba. "On the night of February 3rd our baby was taken sick with a very severe cold; the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by Dr. Stone's drug store.

To Grow Alfalfa.

On the average market, alfalfa hay brings a price of \$18. This morning S. T. Northcut, a prominent farmer near Marion, took from the ground near the Salem Flouring Mill's office here, a bunch of alfalfa in its spring growth four and one-half feet in height and the roots of the plant were in perfect condition and extended in the ground several feet. Mr. Northcut, in commenting on the phenomenal growth of the plant, said: "I've got 400 acres of land that can raise this stuff, and this plant is a sufficient demonstration of Oregon's climatic condition for raising alfalfa." Mr. Northcut is an old and experienced farmer and a thorough test will be given the raising alfalfa hay by him out of \$24 worth of seed.

ROSEBURG TO HAVE A RIVAL

(United Press Licensed Wire.) Roseburg, Or., March 29.—Another evidence of the rapid growth of Southern Oregon is found in the announcement today by agents representing a party of Minneapolis bankers, that within a few days a new town will be built on the banks of the South Umpqua river, ten miles south of Roseburg.

A site for which \$54,000 has been paid was recently purchased by the Minneapolis people. It comprises several hundred acres. The present plans are to erect at least 20 cottages, and, after they are occupied, others will follow. The tract was sold by F. B. Waite.

letting nothing stand in its way to get into playing condition again this season, and expects to arrange for games for the season in a short time. The new state organization was detrimental to an extent, causing the boys to be somewhat slow in attempting another organization of a team, owing to the large league having an eye on several Fairmount players, but they intend to go along and play ball, anyway.

BLOOMER'S ADDITION to the City of Newport, Oregon, is now on the market for the first time. The tract is located about half way between Nye Creek and Newport, and consists of some 30 lots, on the rising ground directly above the ocean. Each lot is but a few steps from the beach and commands a view of the ocean or surf for miles north and south. To the north can be seen Jump Off Joe and the Yaquina Head Light. To the south the entrance to Yaquina Bay and the Life-saving Station. The property is about a five-minute walk from the boat landing in Newport. It is reached by a new six-foot board walk, which runs in a straight line from the Ocean House Hotel in a northwest direction to the lots. This is now the most popular walk in Newport on account of its beautiful surroundings and magnificent view of the Pacific when the end is reached at BLOOMER'S ADDITION. Here before the observer the ocean and the beach stretch for miles and miles.

A WORD ABOUT YAQUINA BAY

You could not find a more interesting location to spend your summer than around this beautiful bay, which is conceded by those who know, to be the most beautiful summer resort, NATURALLY, of any on the Pacific coast, barring none. Hunting and fishing are unexcelled, and the many places of interest close to Newport, such as the Lighthouse, Otter Rock, Seal Rocks, etc., make it an ideal place to own a summer home.

NOW LOOK AT THE MAP

You will see that BLOOMER'S ADDITION is right on the ocean, and yet has the great advantage of being close to the bay and town, with no steep hills to climb to reach it. The beach in front of the property is good for bathing and the gathering of rock oysters. Mr. Bloomer has already built two beautiful cottages on these lots for his own personal use. Mr. Bloomer is a Seattle man, and intends to make this the most popular addition to Newport.
