Table titled 'THE NEW HOME OF THE "MILLIONAIRES" CLUB.' listing costs for Office Rooms, Brick used, Marble used, Plaster cornice, Electric wire, Electric lamps, Piping for heat, drainage, hot and cold water, and Cost per cubic foot.

Washington, March 20.—What is undoubtedly the most luxurious office building in the country, is not in the world, is just being completed for the use of the United States Senate. It is so far finished that most of the Senators have already moved their quarters from the old Capitol building, or from the Malby annex, into the new structure, and are settling down to the enjoyment of their modern environment.

Every convenience known to the art of the builder and architect is included in the new building. It is electrically lighted throughout. All of the lighting fixtures as well as the furniture, the thirteen elevators, etc., were specially designed so as to fit in with their stupendous surroundings.

Every room has its telephone, its electric bell to tell what is going on in the Senate floor, and its electric fan. An electric clock system is being installed so that every suite of rooms will be supplied with the exact time direct from the Naval Observatory.

Each Senator has at least two rooms—one for himself, one for his secretary and clerks. Some have more than two. There are the usual mail chutes as in most modern office buildings, and, in addition, there are "gravity conveyances" which will take heavy packages down to the mailing rooms below.

The building is heated by hot water and there are 440 radiators with 30,000 feet of radiating surface and 71,450 feet of piping.

The Senators ride through a tunnel that connects the Capitol with their office building in \$5,000 automobiles. One particular convenience is a scheme for carrying ice water in a system of pipes so it can be drawn in each room from a spigot, the same as ordinary city water.

All of the furniture, including the doors, is of mahogany, Honduras, Mexico, Cuba, and Africa, all contributing to this display of fine woods. Altogether there are 2,105 pieces of furniture in the building, the whole expenditure for this feature, including rugs, amounting to \$88,444.35.

The entire work was executed under a system of separate contracts and almost every section of the country had a part in the construction or the furnishing of the building.

In the lower part of the structure is a large kitchen consisting of eight rooms, all fitted with the most modern appliances and with tiled walls. Everything is electrically fitted, even the ice cream freezer and the dish washer being run by electricity.

Also, on the ground floor, is a wonderful bathing room, with commodious individual apartments for each Senator, fitted with hot and cold spray attachments, lined with marble and with luxurious furnishings in keeping with the rest of the establishment. A barber shop is conveniently near, and there is a telegraph office, a telephone office, and postoffice on the floor above.

The building itself is of marble on a granite base. It consists of three large wings, with a court in between, the combined frontage of the street and court facades being nearly one-half mile. Because of its proximity to the Capitol its exterior architecture, like that of the House office building on the other side of the square, is made to conform to that of the Capitol. Handsome columns of fluted marble grace the sides of the structure facing the Capitol plaza. The most delicately colored marbles procurable seem to have been selected for floors and columns and staircases, with ornate bronze railings for the latter and lighting fixtures of the same metal.

The rooms of the Senators are finished in white plaster although each

one has a handsome marble mantelpiece, with artistic iron grate and fire set, over each of which it is intended to place a plate glass mirror. The electric light fixtures in the Senator's offices are finished in "old silver."

The building stands to the north-east of the Capitol and is destined to be one of the "show-places" of the city.

A Religious Author's Statement.

Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." J. C. Perry.

Simple Remedy for La Grippe. La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. J. C. Perry.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine? Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, in the most readable form, his book, 'The Food and Medicine of the Human Body.' This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs. A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.
