YELLOW JOURNALISM.

A Portland newspaper the other day printed a sensational account of how a daughter of a prominent Corvallis family was accused of shoplifting in New York City, WAS ARRESTED AND PLACED IN JAIL.

Even if all the matter published were true, what has been gained by such a publication?

A young woman's name is stained for life, A RESPECTABLE FAMILY HAS BEEN HUMILIATED.

Unfortunately the father of the girl belonged to the stranger political circle—the offensive class.

If he had belonged to the charmed inner circle no outrage could be committed BY HIM OR HIS FAMILY THAT WOULD NOT HAVE BEEN COVERED.

Formerly history was written by the victor on the battlefield. Journalism is written by the crowd that has the inside pull.

NO STATE NORMAL SCHOOLS.

The people of Weston are discouraged trying to run a state Normal School. By their donations of good money they kept the school alive two years. They donated a brick building, and donated their district school taxes, and now have no local school facilities. It don't pay. But they have done more—not so much as Monmouth—or Ashland—and all these communities have crippled themselves in the cause of training school teachers. Let the state lapse back where nine-tenths of the schools in the country will be taught by eighth-grade girl graduates called school teachers. Then a reaction will come. The state board should put padlocks on the doors of the normal schools, board up the windows, reduce the state to the low grade where it has deliberately gone. In the meantime, let us hold some pioneer reunions and talk about the days when schools with three "Rs" were a princely luxury that not even all the common people were permitted to enjoy. For the next two years there will be no action by the state on the subject of what constitutes the training of school teachers.

A good program—make the whole state go dry and then on Sunday we will all go to Portland and get full. That is what the radical Prohib seem to be working for.

Governor Schellenberg, of Nebraska, has won what he calls a great big political victory by securing the Oregon plan of electing United States senators by direct nomination, direct election by the people, and tying the hands of thrifty members of the general assembly, so that they cannot convert their vote on senator into cash. Of course, the great big state of Nebraska is Republican to the core, and to the machine brand of G. O. P. men it will seem like sacrilege in the Holy Temple that they can no longer change money, sell "doves," and make merchandise within its sacred porches. One state after another will follow the Oregon plan until the national senate is purified.

Money Comes in Bunches to A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes. NO MORE LIQUORS IN RESTAURANTS

In the future Salem restaurants adjoining saloons will not be permitted to sell intoxicating drinks to their patrons, where it is obtained in the saloon and brought through a side door into the eating apartments. Mayor Rodgers put a ban on all this business yesterday afternoon, by giving the different proprietors of such places due notice to close their side doors. The saloon men were much surprised that such a move should be made in this direction without first having proper notice of the matter, and, after holding a conference yesterday, several are going to learn just what their rights are in the city.

FRANK GOTCH DOWNED THE TURK

Seattle, Wash., April 15.—The announcement was made in this city today that Frank Gotch, who last night easily defeated Mahmut—the Turk, of Chicago, and Hackenschmidt will wrestle in Seattle at the exposition. It is said that sixty per cent of the gate receipts or guarantee of \$15,000, will induce the two big men to get together.

The offer is made on behalf of the management of John Cort's arena at the exposition and has been conveyed to the wrestlers by Dr. B. F. Roller, who was a spectator of last night's match.

LUNG PIERCED BY LEAD PENCIL

San Francisco, April 15.—His left lung pierced by a lead pencil, Chas. Westran lies in the Harbor Hospital in this city today hovering between life and death.

Westran, who is employed at the Santa Fe ferry slip at the foot of Market street, fell while at his work yesterday, and a lead pencil which he carried in a vest pocket entered between the seventh and eighth ribs and tore its way into the lung.

Rheumatism.

The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than useless in cases of chronic and muscular rheumatism. For sale by all good druggists.
