

We Lead---

and have always been first to introduce original ideas and sales—"the other fellow follows," and in his impotent way attempts to belittle up-to-date methods. We have no old shop-worn or out-of-date out-of-style merchandise to foist on the public in charitable gifts or play the philanthropist to the galleries. Our methods are in keeping with good business principles; as advocated by the leaders in all systematic and legitimate business enterprises and firms of all the large cities. Having attained the leadership in Salem as up-to-date advertisers, the "other fellow" having no originality of his own tries to climb on the "band wagon" with Salem's own boys. The best and cleanest stock of up-to-the-minute line of dress goods, the good goods kind, at 12 cents per yard for every fourth yard. Don't be misled—the 12 cents will pay you to investigate.

WILL BE A WARM GAME SALEM HIGH MEETS U. OF O. SATURDAY

A furious ball fight will probably occur Saturday afternoon on the Willamette field when the Salem High School team and the University of Oregon aggregation come together. This is the first game the Salem High School has scheduled for home, and they are intending to do things to the foxy brethren from up the country.

A final lineup has not been picked out as yet, and the bunch the High School manager has to pick from is very likely looking. Three catchers, Eyre, South and Phillips, are all in line for the back stop turn, and in the pitching art there are Ashenfer, Smith and Wesley to pick from. For the outfield this year, there are nine men to pick from. There two candidates to cover first sack, Myring and Kaiser, two lively youngsters who will be hard to choose between owing to their playing being nearly on a par.

Manager Krebs is about the busiest man in the college baseball circles now, and he intends to take the U. of O. sonnies into his bungalow this time. Three years ago the University of Oregon was trounced by the Salem High School by a score of 3 to 2, 1906 the U. of O. beat the local college, 2-3, and in 1908 they stepped into the Salem High School's record and came out with a winning score of 2-3 in 12 innings.

Coach Jerman has been giving the Salem lads good attention this year, and he stated that they should play ball in excellent form this season.

MARY ELIZABETH FORBES WITH LILLIAN RUSSELL

Lillian Russell is a great actress, one of America's greatest, and those who see her in "Wildfire," at the Grand opera house tomorrow night, will have something to remember always. The moon does not shine in the presence of the sun; but who is there that does not appreciate the soft and gentle light of heaven's most delightful luminary? The sun represents power, strength, force; the moon love, gentleness, beauty, sentiment. One excites admiration, tugs at the tender heart-strings and makes the world better for its gentle sweetness that steals into one's senses, and brings one nearer God. This is the case with "Wildfire," for, though unheralded, with that company is one of the daintiest, brightest little women that ever blessed an American stage by letting her feet touch it, and that is Mary Elizabeth Forbes, who some three years ago delighted all America with her splendid creation when she was starring in "Barbara Fritchie." Unfortunately her date here was cancelled, but those who saw her in Portland have a delicious memory of the brave little Southern girl, as Miss Forbes painted her in glowing colors, and presented to them the picture, upon which she breathed and brought to life. It is indeed a strong cast, and he is indeed fortunate who can see Lillian Russell and Mary Elizabeth Forbes, both on the same stage.

Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all good druggists.

Some women seem to think that if every woman would brace up and be a man the world would be all right.

ORIENTAL PALACE AND MANUFACTURERS BUILDING.

The Palace of Oriental Exhibits and Manufacturers Building have a frontage on Cascade Court and Geyser Basin and look across at Foreign Exhibits and Agricultural Palaces; Yukon Avenue separates these magnificent display buildings, and in the back ground the state buildings of Oregon and California are located.

Construction work on these buildings was completed last year and exhibits are being received and placed in position. The Oriental Palace will house the most valuable collection of Far Eastern art that has ever been sent from the Orient, and will present displays from Japan, China, India, Ceylon, Straits Settlements, French Indo China, Borneo, Java and all the eastern countries of Asia.

The Manufacturers building encloses a vast amount of exhibit space and every foot of this has been engaged for display purposes by domestic and foreign manufacturers. Were Taking Treatment—Evidently think that fire water was the only remedy for bad colds, two "traveling men" were brought before Judge Moore's this morning and were really convulsive in demonstrating to the judge the character of the severe colds they had contracted while riding in a side door Pullman over the S. P. Having no funds with which to take treatment from one of Salem's talented docs, they were compelled to reduce the treatment to about three pints of "spiritu frumenti" for which they paid, but while they were in the act of taking the treatment, a policeman, presumably thinking they were "drunk" conducted them to the city bastille, and there they were. Everything being thoroughly explained Judge Moore's gave them a hat check and two and one-half days in jail for their colds may run into something really serious.
