SANTIAM MINES MAKE BIG STRIKE

Big strike in the "Electric" Mine while a crowd of business men were at the mines making a personal investigation.

They came back with wonderful tales, as to its extent and richness. Experts and competent authorities, who have examined these properties for the government and the smelter people, say that it is an immense body of very rich ore that will last for generations to come.

The Electric has 12 claims, one placer claim, mill site, water power and timber for all time. The smelter will be erected in the midst of our properties. All this together with the good management and our small capital (\$1,000,000) will pay the stockholders enormous dividends. It is estimated by the most conservative business men of Salem that this last strike will cause the "Electric" to pay at least calculation 100 per cent dividend on their stock at its present selling price (25c).

This rich strike is going to force the stock up again and if you want any of this stock at 25c you'll have to hurry.

Buy all you can; it is the biggest investment in Oregon today, and in a few years you won't have to hang your head and say in a disgraceful tone of voice, that you could have bought some of that Electric stock but didn't do it; but you can say I took May's advice and today I am worth my thousands. LISTEN!!! If you will invest in the "Electric" mine just what money you expect to throw away for foolishness the balance of this year, it will make you rich.

Make up your mind to do it today. Procrastination is the thief of time, so you mind out that it doesn't cheat you out of a fortune.

Call, phone or write D. K. MAY, Fiscal Agt. 473 State St., Salem, Ore. Phone Main 149.

DECLARES \$200 A SHARE, DIVIDENDS

(United Press Lined Wire.)

New York, May 19.—It is stated today that the dividend of \$2,000,000 declared by the Central Trust Company is the largest recorded disbursement made by a trust company to its stockholders. The special dividend of \$200 a share was made payable June 15 and to stockholders of record June 1.

A special meeting of stockholders to consider the increase of the capital stock from \$1,000,000 to \$3,000,000 has been called for June 4. The new stock probably will be issued to present stockholders at \$100 a share.

The Central company began operations in 1875 and has distributed among its stockholders since that time \$13,155,000, exclusive of the dividend declared yesterday.

Notaries Appointed. Following is a list of notarial commissions issued in and for Oregon May 18:

E. J. Fairbanks, Myrtle Creek; Howard M. Brownell, Astoria; Guy S. Twombly, Portland; Jennie Shaw, Haines.

Baseball—Friday, May 21.

Crop Needs Irrigating—A prominent and "highly" respected county official of Marion county is now blooming out with a cute little string of "viskers" just under his nose, and this officers' constituents are having awful gnawings about their funny bones in the attempt to conceal any and all of the pleasure they get out of the sight of the official's fuzzy looking countenance, when he ambles into the office in the morning with all the likeness of a perfect "Hairy Chin" in action.

This newly arrived facial adornment is of a grayish color tinged with a few sparks of red, but so far there is nary a curl, and when the officer splits his face in one of his good-natured grins, the fifty little hairs rise up to the occasion splendidly.

BOYGESS—At the Oregon hospital, May 18, 1909, H. M. Boygess, at the age of 67 years. The remains were prepared by Undertaker W. T. Rigdon and shipped to Barlow, Or.

For Sale—Several houses in Salem, and farm lands at a bargain. Capital National Bank. 6-1-eod

A SUNNY DAY ON YUKON AVENUE, A-Y-P. EXPOSITION, SEATTLE.

Yukon Avenue is one of the many ways leading to the Court of Honor of the Alaska-Yukon-Pacific Exposition. It leads from the Cascades down to one of the many entrances to the Pay Streak and directly to the "cafeteria" of the Fair Grounds. On the left of the picture a facade of the European Exhibits Building shows. On the right is a corner of the Palace of Agriculture. In the distance, and across the Cascades, is to be seen the Oriental Building. All of these structures were completed before December 1, 1908. They are of the conventional exposition type of construction—plaster staff over heavy wooden framework.

CHAMPION HURDLER JUMPS INTO MATRIMONY

(United Press Lined Wire.)

Seattle, May 19.—Forrest Smithson, champion hurdler of the world, and Miss Katherine Tracy of New York city were married quietly here yesterday afternoon, as the result of a romance that began two years ago, when Smithson was a student at Yale. The wedding was practically secret, as the only witness, besides the officiating minister, Dr. M. A. Matthews, was Bralley Gish, the well known Broadway high school athlete. Gish was best man.

The wedding took place at the residence of Dr. Matthews, the Manse, at 3:30 o'clock in the afternoon.

The Roseburg Review deserves credit for its persistent fight for street paving. In selecting the bitulthic that city has made no mistake. It is the best pavement in the world, attested by the use of 200 cities.
