

The Oil Stove With a CABINET TOP

The New Perfection Wick Blue Flame Oil Cook-Stove differs from all other oil stoves.—It has a **CABINET TOP**. This means you can keep dishes and utensils within easy reach while cooking, and can keep food hot after removing it from the blaze.

From its wonderful burners to its racks for holding towels the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is without equal. Its principle of concentrated heat means that the work can be done quickly and without the kitchen being heated to an unbearable degree. Can be lighted instantly and turned "high," "low" or "medium" at will. Three sizes. With or without Cabinet Top. At your dealer's, or write our nearest agency.

The **Rayo Lamp** comes as near lamp perfection as it is possible to get. Gives a clear, bright light that reaches the farthest corner of a good-sized living-room. Well made throughout of nicked brass perfectly safe and very ornamental. If not with your dealer, write our nearest agency.

Twice Makes a Habit

Some one has said when we do the same thing twice in the same way it has become a habit. If you make a first deposit with us and then make a second, saving has become a habit and will be just as easy as spending and wastefulness have been heretofore.

Can't save? You can if you will and unless you will you can't do anything. Are you working simply to make a living, or do you desire to get somewhere some day? We want to help you if you will let us, and we offer you every encouragement to do better by yourself than you have been doing. If it was not contrary to a bank's policy of absolute secrecy in regard to the affairs of its customers, we could name a lot of your friends, many of them less able than you, who have accumulated nice comfortable accounts with us.

IMMENSE CROWDS ATTEND THE FAIR

(United Press Leased Wire.)
Seattle, Wash., June 3.—Officials of the Alaska-Yukon-Pacific exposition are highly elated today at the large attendance that has marked the opening days of the fair. On the first day of the exposition nearly 90,000 persons paid to enter the grounds and it is thought many more would have attended had it not been for a heavy rain early in the evening. Despite cold and disagreeable weather yesterday, the attendance was 17,192.

In speaking of the attendance at the exposition, President Chilberg said today: "The most liberal estimate of the attendance on the opening days, in case of fair weather, was 75,000. Naturally, it is most pleasant that the result Tuesday and yesterday was better than we had hoped. I have no doubt that our original estimate for the entire season, of from three to three and a half million will be achieved."

Today's program at the exposition is an extensive and interesting one. The entertainment began at 9:30 o'clock, when the baseball game in the stadium between the teams representing the mountain and coast artillery started. Following this came numerous band concerts, a flight by the Strohbeil airship over the city and grounds, a parade of troops, a military tournament in the stadium and exhibition by the United States life-saving crew, and many other attractions.

The weather today is beautiful, and the attendance is heavy.

VICTIMS OF WRECK REACH SEATTLE

(United Press Leased Wire.)
Seattle, Wash., June 3.—Awaiting the steamer for San Francisco, the 194 survivors of the wrecked cannery schooner Columbia, which was pounded to pieces on the western extremity of the Aleutian Islands, are in Seattle today, having arrived on the steamer Northwestern from Seward yesterday.

J. R. Nichols, cannery superintendent for the Alaska Salmon Company, is in charge of the party of shipwrecked men. He has been advised from San Francisco that the federal government had guaranteed payment for transporting the party to their destination in California.

The Columbia was lost by dragging her anchors in a gale and a blinding snow storm on April 9, off Scotch Gap, in Unimak Pass. The vessel was ground to pieces on the jagged rocks of the shore, but all hands were taken safely ashore by means of the breeches buoy, and succeeded in making their way to a lighthouse, from where the castaways were picked up by the steamer Arabella Day and brought to Seward.

MIDDLE-AGED COUPLE MARRY AT SIGHT

(United Press Leased Wire.)
Aberdeen, Wash., June 3.—After going to trouble and expense in having prepared a trousseau in which to wed a man she had never seen, Mrs. Jeanette Evans, of San Mateo, Cal., is today the bride of Thomas W. Secor—but the wearing apparel that was to have figured in the ceremony is still in her trunk, untouched.

When Secor, who is a widower and prominent in the Socialist party, met Mrs. Evans, herself a widow, at the train yesterday, he held a marriage license in one hand and pointed the nearest route to a justice of the peace with the other.

"I must wait for my trousseau," suggested Mrs. Evans. "It is in my trunk, which I will be able to reach in a few minutes."

"Never mind any fuss," said Secor, seizing the bride-to-be by the arm, and urging her to hurry.

"I'll take you just as you are, with out any frills," and in a few moments they were standing before a justice. Mrs. Evans again pleaded for more time, explaining that she worried a great deal over the trousseau, and wanted to wear it.

However, the ceremony was performed without it. Both Secor and his bride are 56 years old. The wedding was the result of a matrimonial agency correspondence.

NO CIGARETTES OR THE MAKINGS THEREOF

(United Press Leased Wire.)
North Yakima, Wash., June 3.—In at least one county in the state new anti-cigarette laws will be observed to the letter. Prosecuting Attorney J. Lenno Ward and Sheriff Lancaster, after a conference today, gave out the statement that they will prosecute every violation of the law that is brought to their notice. The police force of the city will assist.

As the law prohibits a person having cigarettes or the "makings" in his possession, Sheriff Lancaster expects to make a large round-up immediately after June 12, when the law goes into effect.

Local smokers have been planning to lay in a supply, and they are now at a loss to know what to do if cigarettes are found in their possession.

TARIFF ON LEATHER WOULD FATTEN ARMOUR

The recent sale of Armour & Company of \$40,000,000 of general mortgage bonds has provided that concern with sinews of war for new conquests in the industrial field and the leather men of the country declare that they feel like the rabbit that is being moistened by the snake in preparation for being swallowed. The Armour & Swift interests already dominate in Argentine in the cattle business so that hides from Argentine or the United States are equally controlled by these concerns.
