

WANTS COAST TO UNITE

[United Press Leased Wire.] Seattle, June 23.—Governor J. N. Gillett of California, who has been in Seattle several days...

“What we need is a ship subsidy law or the enactment of other laws which would have the same effect. We cannot compete with foreign countries trading on the Pacific, which grant large subsidies, and at once expect to build up an American commerce in American bottoms. We must ask congress to help us. To this end every state on the coast should pull together.”

STEEL HERE FOR BIG FIVE-STORY BUILDING

The first carload of steel-structural material for the five-story building being erected by the United States National bank on the corner of State and Commercial streets, arrived yesterday afternoon over the Oregon Electric line, and after being side-tracked off the main line in North Salem, was brought in the city over the Portland Railway, Light & Power company's tracks.

BUILDING ORDINANCE GOES OVER AGAIN

Owing to the absence of a quorum at the city council the building ordinance went over to Thursday night, when an effort will be made to consider it. Those present were Elliott, Hill, Hofer, Low, Moffitt, Moores, Sauter and Stolz.

WHAT IS A QUORUM OF THE CITY COUNCIL?

The question what is a quorum of the Salem city council for the transaction of business has come up frequently, and it has been held that a majority of the council and the mayor were required. But section 22 of the charter provides “A majority of the aldermen, with the presiding officer, at any meeting shall constitute a quorum to do business.”

At the meeting last night eight of the fourteen aldermen were present and could have considered the building ordinance, but it was held that there was no quorum. This will not occur again, as rule two of the city council provides that if there be no quorum present it shall be the duty of the city marshal to go out and bring in the absent members.

An effort will be made Thursday night to secure a quorum by means of enforcement of the charter and rules as provided and there will be something doing.

CASES DECIDED IN CIRCUIT COURT

Yesterday afternoon Judge Galloway, in the circuit court, refused to strike out the answer of the Oregon Electric Railroad company to the company agreed to stop cars at a the railroad company to compel them to perform a contract in which the company agreed to stop cars at a designated point on the Ford ranch for the privilege of a right-of-way through the property. In the answer which Judge Galloway sustained, the company claims that to stop cars at the point on the Ford ranch regularly would not be of any convenience to the public. Judge Galloway held that as a common carrier the Oregon Electric would virtually be inconveniencing the public by stopping cars on the Ford ranch, owing to the loss of time.

Judge Galloway heard and decided several other cases yesterday. The injunction suit of Edward A. Dunagan vs. Amer Wood was decided in favor of the plaintiff, neither party to recover costs or disbursements from each other. The attorney for the defendant gave an oral notice of appeal.

In the case of J. K. Sears vs. Geo. A. Steel, state treasurer, which was decided by Judge Galloway in favor of the plaintiff yesterday, oral notice was given by attorneys for the state of an appeal to the supreme court.

Judge Galloway rendered a decision in the partition case of Lafayette Harpole vs. Nancy Haggy et al, in which a stipulation was sustained and B. B. Herriek, Ralph A. Sheppard and N. C. Loran were appointed as referees to make the partition.

DUTY IS FIFTY CENTS ON DRESSED LUMBER

[United Press Leased Wire.] Washington, June 23.—Senator McCumber's amendment to the tariff bill fixing a rate of a dollar a thousand feet on rough lumber was defeated today by a vote of 24 to 44. Fourteen Republicans voted for McCumber's proposition to lower the rate to one dollar per thousand and eleven Democrats supported the higher rate. McCumber then presented an amendment reducing the differentials designed to cover the cost of finished lumber, declaring the differentials in the Aldrich bill were far in excess of the difference in the cost in the United States and Canada. The finance committee agreement reducing the Dingley rates and fixing the duty on dressed lumber, planted or finished on one side, at 50 cents a thousand feet was adopted in the senate this afternoon by a vote of 50 to 25.

Among the aristocratic stall-tenders are the Duchess of Marlborough, formerly Miss Vanderbilt; Roxburgh once Miss Goolat; Somerset, Westminster, Devonshire, Beaufort, Newcastle, Rutland and Wellington, the Princesses Alexis Dolgorouki and Pless, the Countesses of Pembroke and Cromer, Lady Sarah Wilson and Mrs. Waldorf Astor. There is evidently a predisposition that way, and neglect only tends to confirm it. The remedies tried may have grievously disappointed you. Here is one that will not do so, and you may get the ingredients at your druggist's and mix them yourself without trouble: Ask for 1/2 oz. Marmola, 1/2 oz. Fluid Extract Cascara Aromatic and 3 1/2 oz. Peppermint Water. Shake together in a good-sized, clean bottle. Simply take this mixture after every meal and at bedtime, one teaspoonful to the dose, and give yourself no further trouble; the superfluous fat will subside with wonderful rapidity.

Dieting need not worry you in the least, nor is violent exercising at all desirable. Wasting methods of weight reduction are not natural. Try the pleasant treatment above prescribed for a week or so, and you will be fit, strong and free from all bodily discomfort, besides having regained correct weight and a shapely figure.
