

## MAJOR POND WRITES OF DAVENPORT

GREATEST OF AMERICAN MANAGERS OF AMERICAN TALENT GOES THE LIMIT OF EXPRESSION IN INDORSING MAJOR'S GREAT SON.

America never produced so wise and far-seeing a manager of talent and genius as the late Major J. B. Pond, the head of the world's famous Pond's Lyceum Bureau, under whose auspices, during the life of its founder, the greatest men and women of every country were presented to the American people. Thus the following letter to the great editor will be of much interest:

New York, Nov. 14, 1904.

Arthur Brisbane, Esq.,

Dear Sir: Please pardon my presumption in hurrying to write you of the affair at our house last evening. I wish you might have been there to have seen and heard Mr. Davenport. I will try to enlighten you; as a lecturer, he is simply peerless, and I believe as effective and eloquent with his voice as with his pencil; and such a magnificent personality and child-like simplicity and power of expression I have never before witnessed. He held as intelligent and refined an audience as ever he saw or ever will see spellbound for an hour and a half wholly unconscious of the effect he was producing; not the slightest effort for oratorical effect; almost entirely without gesture; with a voice as silvery and charming as that of the late Wendell Phillips. It is impossible to predict the success that must be in store for this young genius. He is the best equipped man for wielding an influence wider and more potent in all contemporary reforms than any man of his time. So it seems to me from my acquaintance with him.

I am writing of Davenport as I could not write of any man I know or have ever known, excepting Henry Ward Beecher, to whom I had the privilege and honor of being the nearest friend during the last 11 years of his life, and who died in my arms. I am, yours enthusiastically and dead earnestly,

J. B. POND.

Hundreds of others have written equally strong endorsements of Davenport, but why repeat them—have we not followed the bright lines of his pencil in his inimitable cartoons? Have we not rejoiced in his successes, and doubly rejoiced because he was our own Marion county "kid"? And besides, we are all going to see him, and his work, both Thursday and Friday nights. Seats now on sale at box office.

## STRIKE OF SWITCHMEN IS ENDED

[UNITED PRESS LEARNED WIRE.]  
St. Paul, April 13.—The strike of the switchmen on 12 railroads of the Northwest has been declared off officially. President Hawley, of the switchmen, today declared the men would go back "unconditionally."

The announcement was made after a count of the votes of the various locals on the proposition of returning to work. The decision to go back to work does not mean the failure of the strike, however, according to Hawley.

The switchmen have been granted an increase of three cents an hour, as recommended by the federal arbitration board. The strikers in Chicago, who agreed to remain at work pending arbitration, received this increase from February 10.

West of Billings, Mont., the increase amounts to five cents per hour.

The switchmen's strike is four months old. The switchmen in the Twin Cities were the first to go out, and the heaviest loss was recorded

there. It is estimated that the strike cost the railroads and the shippers of the Northwest several million dollars. The heaviest loss was in Minneapolis and St. Paul, where, for several days, traffic was almost completely tied up, and where, for a long time, the railroads were unable to handle all the freight given them.

## SUNNY SIDE SUNBEAMS.

Sunnyside, Ore., April 11.—The farmers and fruitmen are very busy these days plowing, the ground being in excellent condition. Spring crops are coming on in good shape.

The health of the community is not so good, everybody has a cold.

A good many attended the Horse Fair Friday and Saturday, though the weather did not look very promising.

H. Helmer has concerts most every day on their new phonograph. We see farmers hauling baled hay from Salem that cost \$23.00 per ton. Say, Mr. Farmer, you will go bankrupt at that bid.

Our Road Overseer in District 27-1-2 is Monroe Nye, instead of Wm. Nye, as appeared in our former letter.

Mrs. Samuel Newby passed away at their country home here at Sunnyside, instead of at their home in Salem, as the papers reported. Mrs. Newby came out the day before she died. She was talking with Mrs. Gilbert over the phone and fell. Mrs. Gilbert, hearing the receiver drop, knew something had happened and phoned Mrs. West to go at once. She did so and found her unconscious on the floor. Mr. Newby was out, but close to the house. She died two hours later.

The Rural Telephone meeting at the Rosedale School House last week was well attended. The controversy over rates and service was gone into pretty thoroughly. We will give more later on.

Preaching and Sunday School at the Friends Church each Sunday at 10 o'clock, Rev. Dillon, pastor.

## IT LOOKS LIKE A LYNCHING BEE FOR THE NEGROES

Meridian, Conn., April 13.—With a big mob of angry whites surrounding their refuge and crying for their lives, two negroes are barricaded in the cellar of the county jail here. Both are armed with revolvers.

Tom O'Neill, one of the negroes, shot and killed former Sheriff J. R. Temple this morning in a fight in the jail.

The negroes then escaped to the cellar. As soon as the news of Temple's death became known, a mob formed in front of the jail building.

The mob is determined to lynch the blacks.

Notice to Fat Women.

Presumably you know, ladies, that the proper caper nowadays is lines. Curves are passe. You have got to take off your fat. This must be done in one of three ways. By dieting, by exercises, or by means of Marmola Prescription Tablets. The two former will keep you busy for months and punish you pretty severely, the latter will cost you 75 cents at the drugist's. The tablets will not make any alteration in your diet necessary, and yet in all probability, before you have used up one case, you will be losing from 12 to 16 ounces of fat a day. Which method do you like the best?

If you fancy this pleasant method of getting off the fat, see your drugist instantly, or else write the Marmola Co., 669 Farmer Bldg., Detroit, Mich., to send you a case by mail. These cases contain so generous a quantity of tablets that the treatment is very economical. It is, also, quite harmless, for the tablets are made exactly in accordance with the famous Marmola Prescription.

A newspaper is the only circulating medium that is always worth more than par.

## SWIPED THE FURNITURE FOR SOUVENIERS

GEORGETOWN COUNCILMEN HAILED OFF CITY HALL FURNISHINGS BEFORE TURNING BUSINESS OVER TO SEATTLE WHICH ANNEXED THE TOWN.

[UNITED PRESS LEARNED WIRE.]

Seattle, Wash., April 13.—At the closing session of the old Georgetown city council, just prior to the annexation of that town by Seattle, the members voted to present to themselves the furnishings of the city hall and the resolution was approved by Mayor Slocum. Yesterday a moving van backed up to the door of the city hall and the desks, chairs and other furnishings were carted off. Citizens of the suburbs were made very indignant by this action and today former Mayor Mueller demanded that the furnishings be returned by night and announced that failure to do so would result in his swearing out warrants for the arrest of the former officials of Georgetown on charges of grand larceny.

One of the former councilmen explained today that the solons had served without compensation and they thought they were entitled to some souvenir to remind them of that service.

## BOTH BURNED BUT NOT AFRAID OF THE FIRE

[UNITED PRESS LEARNED WIRE.]

San Francisco, April 13.—Judge Graham today, sitting in a dentist chair, signed the final decree of divorce, separating Ashton Potter, nephew of Bishop Potter, of New York, from his wife. The decree was signed at 3:30, after a clerk, representing Potter, who had rushed to the judge's house, but missed him, found him at his dentist's.

The signing of the decree is expected to be followed today by the marriage of Potter and Mrs. Grace Depew, daughter of Captain Gough, of Buffalo, and divorced wife of a nephew of Chauncey Depew, of New York.

Potter was sued by his wife a little more than a year ago. An interlocutory decree was granted and the year, which must elapse before a final decree could be signed was up at midnight.

Read the pain formula on the box of Pink Pain Tablets. Then ask your Doctor if there is a better one. Pain means congestion—blood pressure somewhere. Dr. Shoop's Pink Pain Tablets check head pains, womanly pains, pains anywhere. Try one, and need 10 for 25c. Sold by Capital Drug Store.

## DESCRIPTION OF HUBBARD.

(Continued from page three)

toes—all profitable crops. One man took \$3500 from 48 acres potatoes.

## Good Building Record.

During 1909 there was more building than for years before. But the record will be broken this year. Among those who are now building or planning to build this year are: Geo. Scholl, residence; Mrs. Mills, residence; E. Klinger, residence; J. M. Fry, residence; Frank Frey, residence; Mr. Kent, a bungalow; Wm. Barrett, residence; Charles Huettner, residence; Beck and son, residence; Geo. Knight, dwelling; Lawrence Scholl, residence; Mrs. Barrett, two new houses; Henry Huettner, residence; Wm. Jungnickle, residence; Adventist church and parsonage; F. Z. Crittenden, cottage; C. H. Trullinger, store; W. F. Miller, store; Albert Johnson, residence; D. E. Huckleberry, residence.

## A Good Shipping Point.

About one hundred carloads of produce are shipped out of Hubbard annually, mostly onions and potatoes. A few carloads of grain are sent out, and considerable piling of lumber. The express shipments are very large from here, including eggs, poultry, cream, veal, dressed hogs, and berries in season. One shipment that Hubbard can claim the record on its wild blackberries, which grow here in great profusion. R. J. Welton is the Southern Pacific station agent and is a very accommodating official.

## A Popular Official.

C. M. Crittenden has been Justice of the peace four terms, and city recorder two terms. He also does a large general real estate business, and handles insurance. He is agent for the Hoveyden fruit tracts located one and a-half miles east of the town. Two hundred acres have been cut up into ten acre tracts that are sold at \$125 to \$200 per acre on easy terms. They are first-class fruit and garden tracts, and are selling off rapidly.

## Father of the Town.

Hon. J. L. Calvert is almost the father of the town. He has been running a drug store here for the past thirty years, and has held all kinds of official positions from road supervisor to representative in the legislature. He is interested in the new movement to bring Hubbard out of the realms of the quiet old sleepy valley towns into the better conditions resulting from publicity and progressive policies. Mr. Calvert has a fine home and a fine business and is a firm believer in the future of the place, and is ready to back it with his energy and his money.

## One of the New Boosters.

The people are glad to welcome newcomers who are men of spirit and ready to go ahead with the march of progress. Such a firm are Geo. M. Beck and Son. They came here from Parsons, Kansas, a few years ago and have put in a general lumber yard and building material supply house. They built good big storage warehouses and offices and are prepared to supply all the lumber and finishing material that may be needed for a home, store, or church. This firm supplied all the material to build the Mackaburg church that has just been completed. Mr. Beck is the kind of a man that is needed with the upbuilding of these towns and is doing good work and it is appreciated.

## Hubbard Department Store.

The firm of Knight & Sushauer have for twelve years conducted a general department store and have one of the largest stocks in the valley. Besides groceries and dry goods, they keep flour and feed, clothing and furniture. They handle a trade that amounts to about forty thousand dollars a year and are drawing trade to Hubbard from a constantly growing region of trade. A live firm like this helps make a live town and Knight & Sushauer certainly do their part by Hubbard.

## A Strong German Firm.

John Scholl & Son have a large stock of hardware and farming implements. They keep general hardware, stoves and kitchen furniture, pumps, reapers and mowers, gas engines and spraying outfits, Oliver

plows and vehicles of all kinds from a heavy farm wagon to the lightest buggy. The Scholl family are a strong feature in Hubbard affairs. There are four sons and three are taking a part in building up the town. L. M. Scholl is the postmaster. Geo. F. Scholl is in partnership with his father, D. J. Scholl is in business at Cottage Grove, H. F. Scholl has built up a fine business in the shape of a machine shop. He has the machinery to repair and rebuild bicycles, auto-cycles, motorcycles, gas engines and steam engines. He has the lathes and tools to do all these things, and is agent for the Indian motorcycle.

## Doing the Armor Act.

J. M. Mischler is the meat king of this section. He not only keeps a good fresh meat market for the town of Hubbard, but sells fresh meat to a large country trade. He packs, cures and smokes meats and puts up his own lard. He buys and ships large quantities of dressed meats and handles a great deal of live stock.

## A Pioneer Printer.

R. B. Conover is one of the pioneer printers of Oregon and belongs in the class with Geo. H. Himes, E. M. Walte and Mr. Craig, senior of Salem. He prints the Hubbard newspaper, the Beaver State Herald and has a good job printing plant. He has been here boosting for the town four years, was fifteen years at Dayton, conducted the Salem Town Talk, the Salem Record, and was a journeyman printer on the Salem Statesman. He learned his trade at Northfield, Minn., made famous by the James boys robbing the bank and holding up the town. Mr. Conover is a well-informed man and always takes a pleasure in entertaining one of the craft.

## Tea Culture at Hubbard.

The rich, warm garden soils at Hubbard will grow almost anything and I was not surprised to find a good quality of Japanese tea growing here. About twenty years ago the firm of Allen Lewis of Portland imported tea seed and distributed it to thousands of people in the Willamette valley and this is the only place where tea growing has been a success. It has been accomplished by Peter Lauer, an old Southern Pacific section foreman who has a passion for gardening. He has been experimenting for the past eight years and has imported seed that has been a greater success than the Allen Lewis seed. He says his tea smells better even than the tea imported from Japan that costs four dollars a pound. He gave us a sample and when Homer Davenport comes to town we are going to give him a drink of Hubbard grown tea.

## Wolfer Mineral Springs.

A corporation named the Wolfer Medical Mineral Springs Co. has been formed for the purpose of purchasing these Springs, also for the purpose of building, owning and controlling of hotels, bath houses, sanitariums and amusement places. The incorporators are all well known men of Hubbard, and it is expected that as soon as sufficient stock is subscribed active work will be commenced. The officers are: Dr. S. W. Weaver, president; C. M. Crittenden, secretary; Alfred D. Wolfer, treasurer.

Gushing forth 100 gallons per minute of Nature's healing waters each and every minute of the day, and every day of the year, is the record of this Spring of crystal water, situated but a few rods from the corporate limits of the pretty city of Hubbard. This Spring, long known as the Wolfer Mineral Spring, is located in one of Nature's prettiest surroundings and on every

All Patent Medicines or medicines advertised in this paper are for sale at

## DR. STONE'S Drug Store

The only cash drug store in Oregon; owes no one, and no one owes it; carries large stock; its shelves, counters and show cases are loaded with drugs, medicines, notions, toilet articles, wines and liquors of all kinds for medicinal purposes. Dr. Stone is a regular graduate in medicine and has had many years of experience in the practice. Consultations are free. Prescriptions are given, and only regular price for medicine. Dr. Stone can be found at his store, Salem, Ore., from 7 to the morning until 9 at night.

## ASHAMED OF THE NUDE IN MARBLE

CO-EDS OBJECT TO THE STATUES AT THE ENTRANCE TO CAMPUS AND WANT STORE CLOES PUT ON THEM.

Berkeley, Cal., April 13.—Undraped art, on the University of California campus, must go.

The eight art panels on the Sather gate at the Telegraph Avenue entrance to the university grounds, which were recently completed at a cost of \$40,000 either must be tailored, or done away with.

On the pillars are figures of four men and four women, undraped. The sculptor, Carl Cummings, made the bas-reliefs to illustrate the beauty of the human form.

The regents of the university have so ordered, fearing a number of complaints from those who were offended by the sight of the nude forms. Among the complainants were a number of co-eds, who have made it a rule to avoid the entrance on account of the figures.

The regents, in ordering the removal of the bas-reliefs, stated that such action was taken "because the works were not in conformity with the artistic purposes of the structure."

## One Conductor Who Was Cured.

Mr. Wilford Adams is his name, and he writes about it—"Some time ago I was confined to my bed with chronic rheumatism. I used two bottles of Foley's Kidney Remedy with good effect, and the third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in cases of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. J. C. Perry.

In former days the Oregon farmer moved his barn, but now he moves the manure to the field and orchard.

## Object to Strong Medicines.

Many people object to taking the strong medicines usually prescribed by physicians for rheumatism. There is no need of internal treatment in any case of muscular or chronic rheumatism, and more than nine out of every ten cases of the disease are of one or the other of these varieties. When there is no fever and little (if any) swelling, you may know that it is only necessary to apply Chamberlain's Liniment freely to get quick relief. Try it. For sale by all good druggists.

line of the Southern Pacific railroad and is known as the mineral springs town of the Willamette Valley. Here are located the famous Wolfer Springs, an artesian flow strongly impregnated with sulphur, iron and salts.

## BOYS SUITS

Our showing of Boys' Knickerbockers and Long pants suits is in every way complete. Our exhibit is snappy and comprehensive. The styles and patterns are all of this seasons models.

Parents desiring the better sort of clothing for the boys will be pleased with our showing.

The prices are \$3.00 to \$8.00 for strictly all-wool knickerbocker suits and \$6.25 to \$20 for long pants suits.

## Woolen Mill Store
