CHERRY CITY WILL

Decorating Committee of Cherry Pair Says Outlook for Fixing Up City Is Excellent.

PROGRESS IS MADE ALONG ALL LINES FOR EVENT

Decided to Have Exhibits in Tent on Street, Instead of in Armory, as Was Planned.

At a meeting held by the members of the exhibit committee of the Cherry Pair yesterday afternoon, it was decidshow of cherry exhibits. After the general committee voted to hold the display in the new armory, it was discovered by the exhibit committee that that place would be engaged for various other purposes during the three days, and it was necessary to find another loca-

After considerable discussion, the committee finally agreed that the most feasible plan would be to engage a tent, or large awning, and hold the show un der it in the streets. An awning 400 feet long and 22 feet wide has been se cured and the same will be set up in the center of Church street between Court and State streets.

The fair two years ago was held un der such an awning, and it proved am ply suitable for the purpose. The cherries and other tree fruits will be ar ranged under the canopy in such a manner that each and every one can view same to a good advantage.

Decorations Best Ever. The Cherry City will be "dolled up"

as she has never been before, according to the decorating committee. The shipment of flags has arrived, and the com mittee is now making final arrange ments to have them hung in the streets. The flags are red, white and blue, and 5x8 feet in dimension.

About every business concern in the eity has promised to decorate their buildings, and the Portland, Eugene & assist in making the city as presentable a fine appearance, and the company will but be hopes soon to join his family. be requested to dress them up from running gear to trollev.

ees the early fire fighters at work. There are many of the old boys in the ity, and the city still possesses a few parts of the fire fighting machinery which was used long ago. Each fireman will be dressed up in the regulation uniform of the early days and several Never Tried It Before?-You'll Marvel drills will be given during the fair. The old members will be in the parade on the Fourth of July, and the following committee was appointed last night to arrange for the details: Walter S. Low, Henry Dancy, Henry Shoemaker, Judge Geo. H. Burnett and C. W. Churchill. All of these gentlemen saw the day when the old firemen were in trim and on the job every minute, and

firemen played the principal part. Royal Rosarians Will Attend. There will be 100 members of the Royal Rosarians in Salem on the afteroon of the third day of the Cherry Fair, and it is possible that many huned to change the place of holding the dreds other loyal Portlanders will come on a special train which is to leave the metropolis at noon on Saturday and ar-
