San Francisco, July 6.—Fourteen persons met death throughout the country yesterday in automobile accidents. Thirty others were seriously injured, several probably fatally.

The death list west of the Rockies was comparatively small. Only one death was reported in California. That was at Sacramento, where Samuel R. Lyle, member of a picnic party, was killed when he was hurled from an automobile truck into a ditch alongside the Folsom road.

As a result of an accident on the state highway, 11 miles south of San Jose, Aetna M. O'Donnell, aged 11 years, son of E. M. O'Donnell of San Jose, lies in a San Jose hospital suffering from concussion of the skull. He may die.

While driving on the highway last night between Novato and San Rafael, five San Franciscans were injured in an accident and one, Hamilton S. Elliott, may die. His collarbone, right leg and three ribs were broken. In addition he is believed to be suffering from internal injuries. Others injured in the same accident are:

Alfred W. Hobbs, chief deputy county treasurer of San Francisco; Allerton Hawlett, Dr. H. G. Ryan and James L. Hildebreth.

The most serious accident in the east occurred at Chicago. A Burlington freight train crashed into an automobile containing two men and their wives. Dr. Henry Gerley and wife and Mrs. C. W. Richardson were instantly killed. Richardson died an hour or so later.

Frank Nelson Gifford of Chicago was killed in an automobile accident caused by the bursting of a tire.

Dolly Price, aged 9 years, and an unidentified man were killed in an automobile accident at Somerset, Pa.

FALLS CITY HAD A BIG CELEBRATION

Judge Peter H. D'Arcy of this city gave the Fourth of July oration at Falls City Saturday before a crowd of celebrators that numbered approximately 2,500. Judge D'Arcy's address was much appreciated by the audience and he was given applause repeatedly. He has the reputation of being one of Oregon's noted "silver-tongues" and has been the principal speaker in many important meetings.

Vocal music was a part of the program while the Dallas band furnished the popular and patriotic airs of the day. Mr. William Strayer read the Declaration of Independence. Mrs. Margaret Moier was president of the day. Mayor F. K. Hubbard delivered the address of welcome.

A baseball game in the afternoon and a grand ball in the evening closed the day's program.

There were many Salem people present at the celebration. They went by automobile and train. All reports indicate that the wideawake and enterprising town of Falls City did its self proud in observing the natal days of the nation. Everybody had a good time and was well pleased.

REFUSED TO AID SALEM.
Washington, July 6.—By a vote of 6 to 5 the house appropriations committee today refused President Wilson's recommendation that \$200,000 be given to Salem, Mass., on account of the recent disastrous fire there. It was explained that Salem had made no request for relief.

HUERTA AGAIN CHOSEN AT FARCICAL ELECTION

Only a Few Votes Were Cast and These
Only by Huerta's Friends—Election
Makes No Change in Situation.

Vera Cruz, Mex., July 6.—Sunday's farcical "general election" was not considered here today as having changed the situation in Mexico City.

That President Huerta would get an overwhelming majority of the votes, as he said, was considered all along a foregone conclusion. It was deemed certain also that the election would be declared invalid on account of the small number of ballots cast and that Huerta would again be designated "provisional president."

There was but little pretense at observing the usual election day formalities that many persons here wondered why it was thought worth while even to pretend that a contest of the kind was being held. Few votes were cast outside the district under Huerta's direct control. At one of the principal polling places in Mexico City, only 40 ballots were deposited. And there were no regular tickets in the field.

The few votes which were not cast for Huerta were for Pedro Lascurain, who was the late President Madero's minister of foreign affairs; General Regio Belasko, who unsuccessfully held Porfirio against General Villa, and General Garcia Pena, another federal commander.

Refugees who arrived today from the capital said three railroad coach loads of Huerta's relatives and family connections, with their immediate attendants, were on their way to Puerto Mexico, presumably to take ship at once or to be where they could get away by water at a moment's notice. The party was said to include Huerta's daughter and two sons, his mother-in-law, a woman of 90; Generals Goasquin and Marco Masas and ex-Foreign Minister Mohna. That Huerta himself would soon make an attempt to escape from Mexico City was generally predicted.

There was mysterious though pleasing demonstrations of pro-Americanism here today, quantities of yellow flags making their appearance, which the people waved enthusiastically throughout the whole city, shouting:

"Viva la paz viva los Americanos!"
"Hurrah for peace! hurrah for the Americans!"

WILLIAMS RESIGNS IN ORDER TO TALK

Washington, July 6.—The state department this afternoon announced that George Fred Williams had tendered his resignation as United States minister to Athens. He gave his reason for the fact that the restrictions of a diplomatic post makes it impossible for him to comment with the freedom he would like upon the Albanian situation and he feels that he cannot conscientiously keep silent in view of what he learned by his recent visit among them of what the powers have done to the Albanian people.

LOOT WAS WORTH \$1,500.

Pendleton, Ore., July 6.—An inventory of the loot recovered by the authorities following the arrest of Albert Meadows and Clarence Stoner for robbing the O. W. R. & N. Overland limited last Thursday, showed a total value of about \$1,500. Meadows and Stoner had \$281.10 on their persons when arrested, but claimed that \$50 of it was their own property.

CHOPPED PARTNERS TO DEATH WITH AXE

San Bernardino, Cal., July 6.—Joan Steele was sentenced today to life imprisonment for the murder of Roy Lambert and George Smith, whom he chopped to death with an axe in a tent the three men occupied in the desert near here. He confessed the crime.

HEADLESS BODY OF WOMAN IS FOUND

Cleveland, Ohio, July 6.—The headless body of a woman, expensively clad, was found two miles out in Lake Erie today. The police think it a case of suicide, asserting that the head may have been torn from the body by becoming entangled in the propeller of some lake vessel.

KILLED BY POLICEMAN.

Hesburgh, July 6.—After Policeman Benetta and arrested an unidentified man who had threatened a local saloonkeeper with a knife early today and taken him to the city jail, the stranger drew a second knife and attacked the officer, who shot him dead.

FINN BREAKS RECORD.

Stockholm, July 6.—P. Myrnes, a Finn, today threw the javelin 63 meters and 29 centimeters, or about 207 feet 4 inches, at the Baltic games here, breaking the world's record of 200 feet 11 1/2 inches.

REBELS CAPTURE CITY.

Vicenza, July 6.—Messages received here today from Durazzo say that unconfirmed advices from southern Albania declare that muslim rebels have captured the city of Koritza.

DOCTORS INTENDED FOR ROCKEFELLER SAY THE POLICE

Fifty More Deputies Sworn in
at Tarrytown Court and
Situation Is Tense

ROCKEFELLER'S HOME HAS 20 MORE GUARDS

Anarchist Berkman Demands
Bodies of Bomb Victims;
Would Have Parade

New York, July 6.—Alexander Berkman, the anarchist, with the 11 others accused of disturbing the peace of Tarrytown by demonstrating there against the Rockefeller, left today to appear before Justice Moorehouse.

The situation at Tarrytown was very tense. It was strained originally and today the strain had been increased by Saturday's explosion, wrecking a New York tenement house, of a bomb which the police said they believed was intended for either John D. Rockefeller or his son, John D. Jr.

Fifty extra deputies were sworn in to prevent any outbreak in connection with the Tarrytown court proceedings and the guards on the Rockefeller Potomac Hills estate had been increased by 20.

Justice Moorehouse refused a personal bodyguard but he gave orders that the defendants be searched for firearms before being brought into the courtroom.

The police here were hunting for Michael Murphy, the closest associate of Arthur Caron, in whose room Saturday's explosion occurred.

The explosion victims proved to have been four in number—Caron himself, Mrs. Mary Chobes, whose room adjoined his, Charles Hanson and Charles Berg, a friend of Caron. An earlier report was that a girl to whom Caron was engaged also perished but this proved to be an error.

An arm and a mangled mass of flesh were found in the ruins today and a skull was found on the roof of a house 100 feet away from the wrecked tenement. They were believed to be fragments of the body of Berg, whose torso only was found yesterday and identified by letters in the pockets.

Mrs. Louise Berger, housekeeper for Caron and his associates, denied that the group kept explosives on the premises. She asserted that someone planted a bomb in the room.

The police maintained, however, that they had found several automatic pistols, cartridges, dry batteries, copper wire and clockworks apparatus in the apartment's ruins.

Berkman made a demand for the bodies of the bomb victims, that a moister funeral, with a parade and memorial services, might be held.

PLAYED NO FAVORITES.

Tarrytown, N. Y., July 6.—The 11 men and women accused here of disturbing the peace by demonstrating against the Rockefellers were granted a continuance today until July 29.

Headed by Alexander Berkman, the party arrived from New York at 11:45 a. m. Six policemen awaited them at the railroad station and escorted them to Justice Moorehouse's courtroom. The crowd was enormous but it gave no signs either of sympathy with or hostility towards the visitors.

Attorney Sheffield, their lawyer, asked the postponement explaining that the death of Arthur Caron and Charles Berg, who were involved in the case, in the bomb explosion in New York Saturday, together with the illness of other material witnesses, made it difficult for them to present their evidence today.

TRAIN ROBBERS WERE CAPTURED SUNDAY

Prove to Be Sheepherders Persuaded
to Change Their Lives of Crime by the
Dead Robber, Charles Manning.

Pendleton, Ore., July 6.—Arrested only 20 miles from the scene of the robbery of O. W. R. & N. passenger train No. 5, near Kamela, Ore., early last Thursday, Albert Meadows, aged 30, and Clarence Stoner, aged 28, have confessed today that they were the two bandits who escaped after the third was shot and killed by Deputy Sheriff McDuffee in a revolver duel. They also stated that the dead robber was not Hugh Whitney, as was at first believed, but Charles Manning, a professional gambler. Stoner and Whitney are cousins. All three men were from Cokeville, Wyo., and, according to Meadows and Stoner, Manning suggested and planned the holdup and acted as leader. Manning left a widow and four children at Cokeville. The arrested men were sheep herders and declared the robbery was their first criminal experience.

Meadows and Stoner were taken into custody Saturday night while walking down the railroad track toward La Grande. Neither was armed and no resistance was offered. They had \$285, the \$700 diamond ring taken from H. B. Royce of Walla Walla, and a smaller diamond on their persons, but threw the jewels away in an endeavor to escape being connected with the robbery.

Both protested their innocence until questioned by Sheriff Taylor of Pendleton and Special Agent Wood of the O. W. R. & N., when full confessions were secured. Sunday the officers were led to where the jewels were thrown away and to four different caches in the mountains where other valuables taken from the passengers were hidden.

F. W. Stoffers of Cokeville, Sunday, identified Manning as his brother-in-law. He said that Manning was an old friend of Whitney's and probably was led to plan and execute the holdup which resulted in his death, through romantic tales of successful exploits told him by the latter.

MINISTER TO SWEDEN.

Washington, July 6.—President Wilson sent to the senate today the nomination of Ira N. Morris of Chicago as minister to Sweden.

PANAMA ADMINISTRATION LOSSES

Panama, July 6.—The Panama administration was defeated today at the elections of assemblymen. There were few disorders.

Contributions to the government's "conscience fund" usually come in comparatively small amounts, although this may not indicate that the possessors of large amounts have no conscience.

RAILROAD EMPLOYEES MAKE FURTHER DEMANDS

Chicago, July 6.—Thirty-one representatives of the employees of seven railroads west of Chicago today voted to make another demand for a reduction of working hours to eight and present pay. A special meeting will be held July 14 to act on whatever decision is reached by the general managers. It was stated that if the railroad refused to accede to the request a strike, affecting 70,000 men, is certain.

SUFFRAGETTES STILL BUSY.

Edinburg, July 6.—A suffragette today hurled a handful of "votes for women" literature into the carriage in which King George and Queen Mary were driving to Hollywood palace for a state reception. The police saved her with difficulty from violence at the hands of an angry mob.

HUERTA SENDS HIS FAMILY AND MONEY AWAY FROM MEXICO

Family and Mexican Officials
With Them Carry Four
Million Dollars Away

LOOKS LIKE HUERTA WAS READY TO QUIT

Villa Also Grabs \$5,000,000
of Carranza's Paper Money
and Row Gets Hotter

Vera Cruz, Mex., July 6.—President Huerta's two sons, daughter and mother-in-law, Generals Joaquin and Marco Masas and ex-Foreign Minister Mohna of the Mexico City cabinet will arrive here July 11, it was stated today, on the steamship Espagne, bound from Puerto Mexico to Havre. They were said to have with them \$4,000,000 in drafts bought from Mexico City banks.

EXPECT HIS RESIGNATION.

Washington, July 6.—News that President Huerta had turned over his position to Pedro Lascurain was expected here today at any time.

An acceptance was also looked for from General Carranza to the invitation to send constitutional representatives to discuss Mexico's affairs with the United States.

The expectation was that the federal and rebel delegations would meet their sessions in New York City.

PEACE ENVOYS BUSY.

Torreón, Mex., July 6.—The conference between the envoys engaged in settling the trouble between Carranza and Villa was resumed behind closed doors here today. It was expected the conference would be finished by tonight or tomorrow.

Villa seemed much pleased with the direction negotiations were taking and the envoys appeared on excellent terms with him and with one another. Villa was to give a banquet to them tonight.

Troops were being moved northward today and it was believed it would be some time before the advance would begin on Queretaro.

TANGLE GETS WORSE.

El Paso, Texas, July 6.—Fresh complications between Carranza and Villa threatened today over the ownership of five million pesos of Carranza currency, which Villa's agents succeeded in smuggling across the border into Juarez Saturday.

The money was printed in Washington and Captain Santiago Winfield was entrusted with the task of turning it over to the Mexican constitutional government. The split between Carranza and Villa raised a question, however, as to which of them should receive it.

Fearing Winfield would turn it over to Villa, an injunction was secured by Felicita Villareal, Carranza's treasury agent, in the federal court here restraining the consignment's delivery in Juarez. Villa's agents evaded the process servers, however, and crossed the border.

Senior Pesquera, Carranza's personal representative on the border, promptly wrote to Villa, protesting against his agent's conduct, and to General Ornelas, commandant at Juarez, demanding the agent's arrest.

"It is hard for me to believe," he said, "that General Villa or any other honorable military commander would sanction or acquiesce silently in such unlawful acts."

It was understood that warrants would also be issued in Washington shortly for the arrest of prominent constitutionalists in the United States, said to have been involved in the affair.

Fears were expressed that if further friction developed between Carranza and Villa it would prove more serious than the dispute which was believed Saturday night to have been practically settled.

SAN FRANCISCO'S WEALTH.

San Francisco, July 6.—San Francisco's property, for taxation purposes, now totals \$541,511,453, an increase of \$15,367,030 over last year. These figures were submitted this afternoon by Tax Collector John Ginty to the supervisors, who were meeting as a board of equalization.

BLUE SKY LAW UNCONSTITUTIONAL

Des Moines, Ia., July 6.—The federal court of appeals today declared unconstitutional Iowa's "blue sky" law, regulating investment companies.

BORAH WORKS TO PLAYED HIMSELF FREE OF ALL JURY DUTY

Portland, Ore., July 6.—Because the Portland Beavers took six out of the eight games played with "Hap" Hogan's Venetians, Circuit Judge Davis today excused Manager Walter McCredie from serving on the jury.

McCredie was drawn for jury duty but was allowed a week's reprieve by Judge Davis last Monday providing the Beavers won at least six games from the Venetian crew.

"I saw all eight games," said Judge Davis, "and the Beavers gave such good exhibitions of what baseball really is that I haven't the heart to take their leader away from them during the remainder of your stay at home. I never before had an order of my court so satisfactorily carried out."

BORAH DETERMINES TO STAY IN LIMELIGHT

Washington, July 6.—Declaring that the proposed American-Nicaraguan treaty was based on "corruption, misrepresentation, tyranny and fraud," Senator Borah demanded on the floor of the upper house this afternoon that it and the Columbia treaty be discussed in open session.

"You have called before you as witnesses," said the senator, turning to Acting Chairman Stone of the foreign relations committee, "the miserable puppets we ourselves set up in Nicaragua. You won't get the truth from them when you give them a pledge of secrecy. But if we get them out in the open we'll get the truth."

Stone, in turn, criticized Borah for non-attendance at committee meetings.

POLK COUNTY PAPER TAKEN UNDER LEASE

Dallas, Ore., July 6.—M. L. Boyd and J. E. Bloom have leased the Polk County Timmer from Postmaster V. P. Fiske, who has published it continuously for nearly 30 years. The Timmer is the oldest paper in Polk county and will be maintained as a democratic organ. The new publishers have been connected with the paper for nearly a year and are experienced newspaper men. Mr. Boyd was formerly publisher of the News at Hillyard, Wash., and the Record at Hudson, Iowa. Mr. Bloom at one time was engaged in the job printing business in Portland.

TWO ARE PAROLED.

Leavenworth, Kan., July 6.—Michael Cinnane and Murrel Pennell, two of the ironworkers convicted at Indianapolis of unlawfully transporting dynamite, were released on parole today. The two men, who were sentenced to three years imprisonment, failed to secure their release on bail pending their appeals for new trials. A parole board heard their applications last January and decided to parole the two men as soon as they had served half of their terms.

PAY TRIBUTE TO CHAMBERLAIN.

London, July 6.—The house of commons adjourned over today out of respect to the late Joseph Chamberlain, whose funeral was being held at Birmingham.

Premier Asquith spoke of the dead statesman as "the pioneer of a new generation."

Leaving men in all parties united in paying tribute to him.

GOVERNMENT EMPLOYEES STRIKE

Woolwich, Eng., July 6.—Twelve thousand men, comprising the entire working staff of the government arsenal here, struck today. The arsenal supplies most of the guns and ammunition for the British army.

The strike was said to be a protest against the dismissal of an engineer who had refused to erect machinery on a foundation erected by non-union laborers.

BURGLAR SHOT SLEEPING MAN.

Santa Rosa, Cal., July 6.—Paul Rabbin, a foreman in the cannery here, was still suffering but in no danger today from the pistol wound inflicted early Sunday by an unknown burglar who, after robbing his home, wretchedly shot him through the face as he slept. Rabbin's wife was sleeping by his side and their baby in a crib nearby when he was shot.

ANOTHER LEPER DISCOVERED.

Cleveland, Ohio, July 6.—Dr. William Corlett, a skin specialist, today discovered that Samuel Phrus, a Sicilian living in the Italian quarter here, was suffering from leprosy in an advanced stage. The patient was sent at once to the city hospital, where he was closely guarded. It was thought possible the health authorities would quarantine the entire Italian quarter.

SENATE CONFIRMS T. M.

Washington, July 6.—The senate this afternoon confirmed Charles Hamilton of Boston, W. Harding of Birmingham, Ala., and Miller of San Francisco as members of the federal reserve board.

MAY BE A LUNATIC KILLED MRS. BAILEY —CITY IS ALARMED

Dr. Carmen Again Attacked
by Unknown Bicyclist on
Road Late Last Night

ANOTHER FIRED AT WHILE IN HIS AUTO

Other Clues Run Down Lead
to Nothing Definite and
Lunatic Theory Grows

Freeport, N. Y., July 6.—Reports that a murderous lunatic was loose in Freeport's vicinity gave a sensational turn today to the hunt for the person who murdered Mrs. William Bailey in Dr. Edward Carman's office here Tuesday night.

Following the shooting of Mrs. Bailey and Dr. Carman's report that an unidentified bicyclist tried to assassinate him last night, W. P. Hall, Jr., of East Rockaway reported to the police today that someone fired at his automobile near Freeport last evening, denying the car's body with the bullet.

This renewed surmise that the Bailey murderer was a lunatic whom Dr. Carman had been instrumental in sending to an asylum and that the shot was meant for him.

Reports that a person supposed to have been a man but wearing a woman's clothes was seen prowling about the Carman home several times during June were believed to have been responsible for the adjournment. It was said the district attorney had been furnished with reports by a mysterious stranger and wanted time to investigate.

DOCTOR WAS ATTACKED.

Freeport, N. Y., July 6.—The authorities were still investigating today the story told by Dr. Edward Carman, in whose office Mrs. William Bailey was shot to death last Tuesday night, of an attempt to assassinate him last evening.

The doctor's account was that, as he was automobiling from Rockville Center, where he had attended a patient, through Baldwin, on his way back to Freeport, a man on a bicycle, and masked, as well as the physician could tell in the darkness, ranged alongside and fired three shots at him, missing.

This was corroborated by Garland Gaden, an actor, who was riding with the doctor. Other persons were found who heard the shots but none who saw the man on the bicycle.

The authorities were trying today to trace Mrs. Bailey's movements the night she was killed.

The police said they had found in the Carman home a box of 38 calibre cartridges, the calibre of the bullet which killed Mrs. Bailey. They found no pistol, however.

Clara Coleman, a negro maid employed by the Carmans, was a witness at the inquest today but her testimony related rather to what happened after the tragedy than to the exact time when it was being enacted. She saw Mrs. Carman upstairs some time after the fatal shot was fired, she said, and later she saw her in the passageway outside the doctor's office but did not think she descended immediately.

Sidney Schloo, who professed to have seen a woman running from the scene of the murder, getting into an automobile and speeding away, was also summoned as a witness.

BERT DINGLEY ANOTHER
AUTOMOBILE VICTIM

Tacoma, Wash., July 6.—With his parents hurrying here from Modesto, Cal., hoping to reach his bedside before death overtakes him, Bert Dingley, the automobile race driver, who was terribly injured in the Fourth of July races here, is still hovering today between life and death. At the hospital it was stated that Dingley has a mere fighting chance to live. If he does survive, he will lose both legs, physicians say. The injured man has been unconscious since the accident except for short intervals when he has appeared to recognize his wife, who has been at his bedside constantly. Dingley's parents are expected to arrive this evening.

Word was received by Mayor Steeves

this morning that Robert Ford was killed at Toppensish, Wash., Saturday, the Fourth of July. The telegram stated that the father and the brother of young Ford lived in Salem, but so far efforts to locate the persons named have been unsuccessful. Mayor Steeves turned the matter over to the police. Robert Ford was said to belong to the fraternal order of Eagles and the telegram was sent by the order's secretary.
