East Friday, at her attractive home on North Church street, Mrs. W. F. Fargo gave an informal luncheon in honor of her guests, Mr. and Mrs. J. E. Fargo, of Walla Walla, Wash. Covers were laid for eight. Perennial galliard in maroon and gold, banked by graceful "baby's breath," centered the table. Later in the evening the guests adjourned to Wilson park, where they enjoyed the band and the display of the electric fountain, the latter being something new to the out-of-town guests.

Sunday afternoon Mrs. Clara A. Bunch gave a dinner in honor of Mr. and Mrs. J. E. Fargo, of Walla Walla, Wash., at her country home at Maple Glen farm. The table was beautifully decorated. Covers were laid for ten. During the afternoon the guests assembled on the wide verandas, listening to music provided by the hostess, or strolled along the banks of the lake, returning to town in the cool of the evening.

Miss Althea Eash, who recently returned from Newport, will spend the week-end as a guest at the home of Mrs. William Yackman of Woodburn.

Miss Bernice Powell has returned from a two weeks' visit to Newport, where she went as a guest of the Esh family.

GERMAN WARSHIPS ARE PROTECTED BY HELIGOLAND GUNS

Stockholm, Aug. 19.—The inactivity of the British and German main fleets thus far during the European war is a puzzle to naval authorities here. An early clash had been expected, but to date there has been no naval fighting except for a few unimportant running engagements between cruisers or destroyers on scouting duty.

From information received today, however, it was believed the German sea commander, realizing the helplessness of attacking the greatly superior British squadron and not caring to sacrifice his ships for nothing, has held his main force under the guns of the Heligoland fortifications in the North sea, presumably hoping to catch the British off their guard.

Such of the kaiser's fleet as was not close to Heligoland, a stronghold so powerful that it would be useless for the British to attack it, though it might be starved out by a prolonged blockade, was said to be in the Baltic, with a few small vessels scattered along the Skaggerak and Kattegat between the Norwegian, Swedish and Danish coasts.

The main British fleet was believed to be lying between the Norwegian and Scotch coasts, with cruisers and destroyers scattered along the British coast as far south as the North Channel in effectively bottling up the Germans off their own coast.

ATTORNEY ARRESTED ON MURDER CHARGE

Victor E. Innes Arrested Near Eugene in Connection With the Mysterious Disappearance of Mrs. Dennis and Her Sister.

Eugene, Ore., Aug. 19.—A warrant for the arrest of Mr. and Mrs. Victor E. Innes charging them specifically with murder in connection with the disappearance of Mrs. Elois Nelms Dennis and her sister, Beatrice Nelms, of Atlanta, Ga., recently, was received in a telegram today by Sheriff Parker. The warrant was formally served upon Innes in jail here and will be served on Mrs. Innes probably this afternoon. It has not yet been decided whether to bring Mrs. Innes to Eugene, or keep a guard over her at the Innes farm home on the McKenzie river. She is said to be in a serious condition as a result of her marital being aggravated by her arrest last night.

The governor of Texas has wired Governor West advising the holding of Innes and his wife by all means. Word was received here that an officer from San Antonio had already started for Eugene armed with requisition papers.

Eugene, Ore., Aug. 19.—Arrested on a charge of murder in connection with the mysterious disappearance of Mrs. Elois Nelms Dennis and her sister, Beatrice Nelms, of Atlanta, Ga., several weeks ago, Victor E. Innes, former United States attorney at Reno, Nev., is held in the Lane county jail here today. He was taken into custody on a charge of murder in connection with the disappearance of Mrs. Elois Nelms Dennis and her sister, Beatrice Nelms, of Atlanta, Ga., several weeks ago. Sheriff Parker did not do so, fearing that the night ride over the mountainous roads would be hazardous to the health, which has been poor for some time. It is probable she will be brought to Eugene some time today.

The telegram on the strength of which Innes was arrested came from Sheriff John W. Tobin, of San Antonio, Texas, and read as follows: "I hold warrant for Victor E. Innes and Mrs. Victor E. Innes, alias Ida Mae Innes, alias Margaret Mins, alias Mrs. Wm. Hardman, charge murder. Arrest and wire at once."

Innes protests his innocence and characterizes his arrest as a "dirty outrage." He refused, however, to make a detailed explanation.

John McCourt, of Portland, Innes' attorney, was summoned by the prisoner and was expected here at any time. Federal secret service men in Portland admitted that Innes had been under surveillance for three weeks on the theory that an offense against the federal statutes had been committed. They, however, refused to reveal the nature of the alleged offense.

Innes prebared the ranch on which he was arrested August 3, and since then, with his wife and two young children, he made it his home.

U. S. PRODUCTION OF SUGAR SMALL

Figures Show That Russia and Germany Among Greatest of World Sugar Factors—England Buys In Cuba.

That the United States produced scarcely a third as much sugar as does Russia and but half as much as does Germany, are figures given by a local authority, to explain the present rise in sugar prices. The annual production of sugar in tons is given as follows: United States 857,000 tons; Cuba 1,895,000 tons; Russia 2,058,000 tons; Germany 1,505,000 tons; Austria 1,154,000 tons.

The claim was made yesterday by a local wholesale firm that at present England, consuming 175,000 tons a month, ordinarily produced by Germany, is rapidly buying all available Cuban raw material.

WILL SUBMIT CALL TO UNCLE SAM AGAIN

Governor West today notified Secretary of the Interior Lane of the refusal of the Central Oregon Irrigation company to accept the proposition as outlined by the desert land board. The governor suggested that the question be resubmitted to the government and that the government engineers submit a less extensive and cheaper plan whereby the lands of this district might be reclaimed. The governor stated that he hoped that through a reconsideration of the claims of the company a common ground might be found upon which a satisfactory agreement might be reached.

The company, when asked to submit a report giving their price in case it was found to be advisable to buy them \$200,000 and offered to build a cement lined canal at a cost of \$50,000 over a part of the distance. The desert land board took no steps either to accept or to reject the proposition.

ORDERED TO SAIL IN SPITE OF DANGER

San Francisco, Aug. 19.—The steamship Moana, flying the British flag, was ordered today to sail for Australian ports, despite the fact that a warship supposed to be the German cruiser Leipzig had been sighted off the Farallones.

The Moana yesterday was ordered to remain to port until the coast was clear, but today's order countermanded these instructions. The whereabouts of the Japanese cruiser Izduma, which was due in San Francisco at noon, was not known.

Daddy's Bedtime Story—The Big Elm That Grew And Grew.

"I WONDER if the little elm out in front of our house will ever grow to be very big, daddy?" asked Evelyn. "Oh, yes!" replied daddy. "When you and Jack have grown to be a nice old lady and a gray whiskered old gentleman you will see it considerably larger than it is now. But I doubt if it ever grows to be as large as the famous old elm at Lancaster, Mass."

SALEM CONSTRUCTION COMPANY GET JOB Sutherland, Ore., Aug. 19.—At the regular meeting of the Sutherland council held Monday night, the contract to pave Central avenue for a distance of a mile and a quarter with cement material was awarded to the Arenz Construction company, of Salem. According to the terms of the contract the successful bidder will receive \$29,227.95. The estimate of the cost of the work, according to figures submitted by Engineer L. G. Hicks, was \$29,189.12. Work on the contract will begin within the next two weeks, and it is hoped to have the street paved and in readiness for traffic in about 50 days. A second bid, which was submitted by Cummings & Nutting, of Portland, was rejected by the council.
