Marian Emmons. A group of merry folk, composed of Miss Helen Savage, Eunice Plozier, Mrs. E. Miller, Mr. C. J. Hickox, Ralph Mason and Eugene Sykes, surprised Mr. and Mrs. Eugene Amfrani, at their home, 1845 South Commercial street, New Year's eve, all enjoying a delightful evening.

Dancing and other merriment made the time pass quickly, and as the New Year was ushered in all were served wholesome refreshments which were furnished by the ladies, the guests departing at a later hour, after exchanging best wishes for the in-coming year.

A surprise party was given recently by friends of Miss Rosina Anderegg at the home of her parents, 1656 Center street, the occasion celebrating her nineteenth birthday. The evening was delightfully spent in playing games and general merry-making. Light refreshments were served at 10 o'clock by Misses Magdaline Tuffli, Minnie Spranger and Lydia Lehrer. Those present were: Misses Magdaline Tuffli, Minnie Spranger, Lois Lienkamper, Gertrude Egger, Lydia Lehrer and Rosie Arma, Gertrude Lienkamper, Andrew Tuffli, Fred Spranger, Ernest Lehrer, Casper Anderegg and John Anderegg.

A farewell party to 1914 was given at the Stenstrom home, 2095 Trade street. A very pleasant evening was spent with games of various kinds, instrumental music and songs, and afterwards refreshments were served.

Those present were: Mr. and Mrs. Ernest Casper and children, of Portland; Mr. and Mrs. Guy Newport, Mr. and Mrs. Victor Stenstrom, Mr. and Mrs. J. Anderson and son, Mrs. Baum, Misses Sigma Ostrin, Nancy Bean, Alma and Gertrude Ashby, Ruth Wells, Laura Yantis, Lorilla Bolter, Ruth Van Patton, Adelaide Anderegg, Theresa Olson, Mary Eyre, Jessie Eyre, Josephine Johnson, Ethel McDonald, Alice Baker, Hilmer Johnson, L. Mr. Frank W. Benson, of Gardner, is being entertained as house guest of the R. E. Lee Steiners. Mrs. Benson has a great many friends here, who are delighted to learn of her presence in the city and that her visit will cover a period of some length.

The Elite Embroidery circle was entertained Thursday by Mrs. W. W. Hill. Christmas decorations lent a pleasant atmosphere to the occasion. The club entertained as guests Mrs. Bertha Blahop and Mrs. Ethel and Teressa Hill. Mrs. Hill was assisted in serving dainty refreshments by Mrs. Maud Lucas and Mrs. Ethel Hill. All present enjoyed a very delightful afternoon.

The Thought and Work club will meet in regular session next Thursday afternoon at the home of Mrs. W. A. Attix, corner of Cottage and D streets, Mrs. Attix, Mrs. E. A. Harris and Mrs. Theodore Roth presiding as hostesses and having charge of the program.

large number of guests on New Year's eve when Mr. and Mrs. Ellis Bennett, of Morningside, gave a waga party. The guests were: Mr. and Mrs. F. K. Robinson, Mr. and Mrs. T. A. Batcliff, Mr. and Mrs. O. M. Reeves, Mr. and Mrs. G. M. Voris, Mr. and Mrs. Wm. McKeenleys, Mr. and Mrs. E. M. Law, Mr. and Mrs. J. S. Henderson, Mr. and Mrs. Phil Fisher, Mr. and Mrs. A. J. A most enjoyable evening was passed at the F. L. Purvine home New Year's eve, when Miss Ruth Purvine entertained with a "backwards" party in honor of Miss Nettie Houck, who, with her parents, is leaving Salem shortly for California to reside.

In keeping with the transposed idea of entertainment, refreshments were served first, and everything done in like manner to bear out the backwards feature. Watches were given, each guest with which to choose partners, and numerous original and clever diversions offered for the guests' pleasure. Elaborate Christmas decorations were carried out in all the rooms. Red bells were everywhere, huge clusters of mistletoe, ferns, holly wreaths and a splendid Christmas cactus all contributing the other in producing a most beautiful effect. Garlands of red and green from the electrolights were draped to the corners of the rooms, and the stairway was completely concealed with masses of evergreen, festooned with tinsel and bows of wide red ribbon. Favors were awarded in some of the contests, and dancing and general merry-making indulged in until a late hour, when a most substantial supper was served.

Those present were: Emma Waldorf, Edna Waldorf, Bertha Waldorf, Nettie Houck, Nora Wood, Lela Johnson, Stella Yarnell, Louis Papes, Carl Bates, Alby Johnson, Eugene Grabenhorst, Harold Smith, Dennis Donivan, Lara Glenn and Paul Purvine, with Mrs. E. L. Purvine presiding as chaperone.

According to Attorney General Crawford's oral opinion in the matter, section 17 was adopted to cover such emergencies as the present one and makes it imperative upon the part of the governor to call a special election and he has no alternative. Under the provisions of the constitution it rests solely with the legislative assembly as to the qualifications of the members of that body, and, in sending out letters to the members of the legislature, Governor West wants to know in advance of the session what their attitude upon the question will be before he calls a special election.

Governor West is not certain as to the politics of Miss Clark, but believes that she is a Republican, and is satisfied that she is amply qualified to fill the position with credit to the constituency of Douglas county.

Mrs. W. I. Needham will pass the week with her mother at Marion.

Mrs. Bertha Kay Fisher and son, of Portland, have returned home, after passing several days with Mrs. Thomas Kay, Sr.

Dr. and Mrs. G. V. Ellis are entertaining their son and his wife, Dr. and Mrs. Vinton Ellis, of Juneau, Alaska, and C. L. Beck, of the same place. Wednesday they were hosts, asking in addition guests for their pleasure. They were: Mr. and Mrs. Z. B. Fasching, George Beck, C. L. Beck, Mr. and Mrs. J. A. Irvin, Mr. and Mrs. Harvey Fasching and son, Ray.

Dr. and Mrs. Ellis will remain two months longer before returning to their home.

Leon Culbertson returned last night from Portland, where he has been passing several days with Kenneth Smith, the son of Dr. P. E. Smith.

Miss Alta Patterson, who has been spending the holiday season with her parents, Mr. and Mrs. P. M. Patterson, 2315 South Cottage street, has returned to Silverton, where she has a school.

Composing a holiday house party at the William Goodrich home, on South High street, were Mrs. Alice Shadlow and son, Vincent, of Portland; Mr. and Mrs. Roy M. Savage, of Dulles; Mr. and Mrs. V. W. Pearce, of McMinnville; Roy Clemens, of Hood River; Glen Goodrich, of Moscow, Idaho; T. Goodrich, of Wheatland; Miss Eva Ground, of Portland, and Miss Ora Goodrich, of Stockton, Cal. Miss Hallie Gilvin, of Portland, formerly of Salem, spent the week-end with friends here.

Miss Lyle and Ruby Steiwer, of Jefferson, arrived Friday night to pass a few days with Miss Catherine Carson.

MISS KATHRYN CLARK APPOINTED SENATOR

Governor Would Give Douglas County Woman Seat in Upper House for Session

Former County Judge Dexter Rice, of Douglas county, having declined the appointment of state senator to fill the unexpired term of George Seuner, who resigned to accept the appointment of district attorney to succeed Attorney General Brown, Governor West this morning announced the appointment of his cousin, Miss Kathryn Clark, of Glendale, to fill the vacancy in the upper branch of the state legislature. She has signified her willingness to accept the position if it is decided that she can be seated.

In making the appointment, considering the constitutional question of the governor's right to appoint in such instances, Governor West states that his principal object in filling the vacancy is to give Douglas county representation in the senate without having to go to the expense of holding a special election and he has addressed a letter to every member of the legislature asking for their views upon the question. If they should decide that the appointment is illegal and that Miss Clark cannot be seated, he will issue the call for the special election as provided by the constitution.

When Governor West appointed Judge Rice to fill the vacancy, he acted under the impression that he was given that power under section 16 of article five of the constitution, which provides that the governor may appoint to fill vacancies in state offices in case of death, resignation, etc., but section 17 of the same article of the constitution expressly stipulates that in the event of a vacancy occurring in the legislative assembly the governor shall call a special election in the district in which the vacancy occurs to elect a successor to the retiring member.

According to Attorney General Crawford's oral opinion in the matter, section 17 was adopted to cover such emergencies as the present one and makes it imperative upon the part of the governor to call a special election and he has no alternative. Under the provisions of the constitution it rests solely with the legislative assembly as to the qualifications of the members of that body, and, in sending out letters to the members of the legislature, Governor West wants to know in advance of the session what their attitude upon the question will be before he calls a special election.

Governor West is not certain as to the politics of Miss Clark, but believes that she is a Republican, and is satisfied that she is amply qualified to fill the position with credit to the constituency of Douglas county.

THE BELGIAN RELIEF FUND IS GROWING

Effort Being Made In Salem to Raise Foodstuffs Succeeding Nicely

Salem people, rallying generously to the call for local benevolence, have demonstrated that they believe in the old slogan of charity beginning at home.

Owing to the present Belgian conditions, however, they are being asked to extend their philanthropy further and are being reminded that they are as much the keepers of their brothers across the sea as they are of those at home. The local committee in charge of this effort are C. P. Bishop, C. S. Hamilton, H. W. Meyers, A. Hucklestein and C. L. McNary, and all contributions are to be made through them.

The work in behalf of raising a carload of foodstuffs, principally flour, which began about the middle of December, was in response to an appeal made by Theodore B. Wilcox, of Portland, chairman of the Oregon Development League committee of Oregon's Belgian relief fund.

About sixty-five have already pledged their assistance in this effort, sums of those who have already made donations ranging from twenty-five to one dollar.

To Oregon is given the responsibility of supplying half a ship load, Washington supplying the other half. The ship will leave the Portland dock early in January, probably about the 22. California is sending a full ship load.

Oregon must supply her quota, and Salem must do her part; it is a state matter. Never was there a greater opportunity for our citizens to show their generosity and their sympathy for a distressed people, and the only way to meet the situation is for generous people to give.

Non-perishable foodstuffs—flour, rice, canned goods, dried fruits—in carloads or in parcels, will be transported free of charge by the railroad companies. Perishable foodstuffs cannot be accepted, donations of this kind to be sold and the money devoted to non-perishable articles.

No portion of remittances received in response to this appeal is used for expense of gathering supplies, for transportation charges, overhead expenses, collection expenses, printing, or any other expense whatsoever. Every cent is invested in foodstuffs; one hundred cents of every dollar you give buys food for starving Belgians.

When one realizes that eighty tons of foodstuffs are needed each month to supply Belgium's starving people at one-half regular ration, an idea is gained of the immensity of the responsibility that will of necessity rest largely upon the American people should the war continue much longer.

The local committee has issued the following statement to the citizens of Salem:

The committee in charge of the plans for Belgian relief kindly ask you to come to the assistance of the starving Belgians. Before the war Belgium was a manufacturing country and produced only 40 per cent of her foodstuffs; therefore, with her 1914 crop nearly devastated it is very easy to appreciate the condition of over five million people. We are trying to raise a carload of one hundred barrels of flour in Salem, and while the old saying that "we must take care of our home people" is correct, we would state not one will starve in Oregon this winter; they will be taken care of. These Belgians are not hoboes; the opportunities of self preservation have been taken from them through no fault of themselves. We now have sixty-five barrels in sight. Who will be the next to report to some member of the committee? The United States must bear the burden to a great extent.

SAY SIERCKS DUPED INTO CONFESSING

Detective Responsible for Pender's Conviction Discredits Confession

Portland, Ore., Jan. 4.—That there are many discrepancies in the alleged confession of John G. H. Siercks, an inmate of the state insane hospital, that he and not John Arthur Pender killed Mrs. Daisy Wehrman and her young son three years ago, was the assertion today of L. I. Levings, the detective whose investigations were largely responsible for the conviction of Pender.

"If this story is true, Pender's over defense falls to the ground," declared Levings. "I venture to say I could go to Salem, get in close touch with Siercks and get him to confess to the Hill murders (which occurred in Portland several years ago) or any other murder you could name.

"Either Siercks really told what was true, the words were put in his mouth, or else he brooded over the details of the crime until in his disordered fancy he believed he himself had done it."

"That the confession may be a true statement of the facts was admitted by other officers who investigated the case, but they declare that it has no bearing unless it can be verified by closest analysis."

LEAPS THROUGH TRAIN WINDOW AND ESCAPES

Tacoma, Wash., Jan. 4.—Leaping through the window of a passenger train which was speeding 25 miles an hour, Al Bowers, alias Levin, wanted in Seattle on a charge of grand larceny, escaped near Auburn this morning from his captor Sergeant Dean of the Seattle police department, who had arrested him in St. Louis. The officer saw the prisoner strike the ground on his face, but struggled to his feet and stagger into the woods. Sergeant Dean had the train stopped and went back in search of Bowers. The police of Tacoma and Seattle were notified and were searching the surrounding country this afternoon. Bowers is believed to have been badly injured.

Dr. W. H. REYNOLDS

Master Mechanic of the Human Machine

There are two kinds of doctors, lawyers, merchants, mechanics, laborers. There are two kinds of men, women, boys, girls.

Do not continue to be a "dead one." Get "quick" quickly by having the cause of your "dreadness" removed by scientific chiropractic adjustment.

My system of modernized chiropractic is coming into public favor by leaps and bounds.

Why Be Sick?

Suffering man! aching, broken down woman! Do not treat these statements with scorn and derision. Take the attitude of an earnest, sincere seeker for truth. Ask further information, reasons, proofs. Don't be afraid of skeptical just because you have never heard of Chiropractic before, or because a "wise" looking person tells you there is nothing to it. He doesn't know it all yet, and there may be much for him to learn.

Chiropractic is truly the common sense method of removing diseased conditions. This is the day of the advanced, progressive idea. Be a progressive. You take no chances when you put yourself under the care of a skilled recognized Doctor of Chiropractic. He will not practice on you—he doesn't need to do that. The positive results he can secure for you have been secured for thousands of others time and time again. Try Chiropractic. It will help you and it cannot hurt.

The slightest displacement of the backbone, causing the impingement of the spinal nerves, will, in time, produce a chronic diseased condition, unless it is adjusted promptly, so that the nerve

supply is normal. Unless all parts of the body are working harmoniously together, there cannot be perfect health.

In a machine when one part rubs, and produces friction or runs hard, an extra strain is put on the rest, and in time when the friction causes the part to wear out, the whole machine is useless. So it is with the human body. We need to look well to every part and know that it is running smoothly. Pains in any part is nature's warning that something is going wrong. It is a squeak in the machine. Something needs oiling—adjusting.

It is just as easy to take Chiropractic adjustment as it is to oil a machine. There is little or no discomfort—many people like it—and there is absolutely no danger. Made as they are, with the hands alone, they are unlike the medical methods of treating. Results are sure.

"Take time by the forelock." "An ounce of prevention is worth a pound of cure."

Don't wait until you are flat on your back before calling your Chiropractic Doctor. Do it now. "A stitch in time will mean nine more if you wait too long. You will avoid much worry, pain and suffering, you will save time and money by calling now and having an examination made. The back is all the skilled Chiropractor needs to examine—nothing embarrassing and no immediate questioning.
