GLORIOUS ACCOUNT OF PANAMA FAIR IS GIVEN BY SALEM ATTORNEY

Ivan G. Martin Meets Many Salem People While Enjoying the Sights

Attorney Ivan G. Martin, who has been visiting in San Francisco, Berkeley and Oakland for the past two weeks, returned to his home Saturday evening. Mr. Martin was a delegate to the annual convention of the Federation of Musicians, which was held in San Francisco May 10 to 15. Mr. Martin said today that notwithstanding the inclemency of the weather, his visit to San Francisco was delightful and not only permitted him to view the splendors of the fair but also gave him the opportunity to renew old-time acquaintance in Berkeley where he was entertained by the University club and attended scene of the commencement exercises of the University of California.

The convention to which Mr. Martin was a delegate was composed of musicians and business men from all parts of the United States and Canada and was addressed on the opening day by Mayor Rolph, Congressman Kahn, Governor Johnson and many men of national reputation. Mr. Joseph Webber was elected president of the federation for the ensuing year, and it was decided that the next annual convention shall be held in Cincinnati. The musicians of San Francisco furnished entertainment to the visitors among the most enjoyable part being a trip to Mt. Tamalpais and a banquet in Muir Woods. The railway to the summit of this mountain is said to be the most crooked road in the world. In the 12 miles from the base to the top of the mountain there is but 200 feet of straight track and specially geared engines are required to master the steep grades. On the evening of May 13 the visitors and invited friends were taken to the fair in the new "London" open-decked omnibuses and a banquet was served in the big tavern inside the Yellowstone park attraction, where Max Bendix and his 80-piece orchestra rendered a specially prepared program. Among the guests were Mrs. Ella Watt, Mrs. Gurnee-Markel and Mrs. Lois Junk, well known in this city.

In speaking of the fair, Mr. Martin said:

ment which cost over \$12,000,000. Among the most interesting are the "Grand Canyon," covering six acres, through which passengers are transported over mountain trails overlooking various portions of the Grand canyon. Rocks, cement, paper mache forms, painted canvas and the ingenious use of electricity, make this a grand spectacle. Guides along the way point out the places of interest.

"The 'Yellowstone,' containing the big log tavern where Max Bendix presents his orchestra, is another elaborate and beautiful attraction. This display covers several acres and shows the largest relief map of the park ever made. It is presented by the Union Pacific railway system at a cost of over one-half million.

"The 'Creston' is an excellent attraction based on the first chapter of Genesis, showing an artistic conception of the beginning of the world.

"I also enjoyed a visit to the 'Panama Canal'—a giant working model of the great canal, around which visitors are transported on the biggest moving platform in the world, while an electrically timed phonograph announces and explains the various points of interest.

"'Toyland,' 'The Submarines,' 'Battle of Gettysburg' and 'Japan Beautiful' are other attractions well worth the time and money, and an excellent idea and view of the fairgrounds and lay can be obtained during a trip in the 'Aeroscope,' which carries passengers to a height of 265 feet by means of a huge crane. I had the pleasure of making this aerial voyage at night while Art Smith demonstrated the possibilities of the aeroplane—the biplane, with its display of fireworks appearing as a huge wild comet, the spectacle from the aeroplane was beautiful.

"Among the visitors to the exposition during the past two weeks, who are well known in this city, are: J. P. Hill, J. A. Reese, Dr. and Mrs. J. C. Griffith, Mr. and Mrs. Joseph Albert, Miss Winnifred Byrd, L. H. Conpton, Mr. and Mrs. James Davis, Mrs. L. W. Pettigall, S. A. Manning, Mr. and Mrs. L. Mickelson, Victor Denton, Mrs. George Boreas, L. V. Josse, George Meyers, Edward Tichen, Albert Mickelson, Dr. and Mrs. Howard Markel, Mrs. Lois Junk, L. R. Waiteman, Chas. Skidmore and E. K. Miller and O. G. Gingrich.

"On Tuesday evening, May 18, Mrs. June, of Berkeley, Cal., formerly Miss Lora Peebles, of this city, entertained in honor of Salem friends and relatives, who were visiting the exposition in San Francisco. During the delightful evening Mrs. Junk sang many of her own compositions. Both words and music to these excellent compositions were the work of Mrs. Junk, and her voice, which has even improved since she resided in Salem, had demonstrated her dramatic and artistic talent. She had recently received some excellent offers to appear in a lyceum course of in the Orpheum. Among the guests were Dr. and Mrs. J. C. Griffith, Mr. and Mrs. Joseph Albert, E. K. Miller, Mrs. Ella Watt, Dr. and Mrs. Howard Markel, H. G. Bowen and Ivan G. Martin."

OREGON EXHIBIT IS VIEWED BY THOUSANDS

Average Citizen Finds Many Items of Interest In Huge Log Structure

To the average citizen looking for a new country in which to invest, and to the farmer looking for a future location, the Oregon building and the Oregon exhibits appeal stronger than the exhibits or buildings of any other state at the Panama-Pacific exposition.

This is the summing up of the situation, by H. Charles Dunsmore, executive member of the Willamette Valley Exposition Association and personal representative of Polk county.

"The general opinion expressed by all classes of people, whom I have met in the Oregon building, is extremely favorable, not only in regard to the exhibits from Oregon, but to the hospitable manner in which visitors are received by those in charge of the building," said Mr. Dunsmore today. Canada has the first exhibit, with their \$1,000,000 appropriation, and Oregon with its \$170,000, is next. Many of the state buildings are mostly for social purposes, but the Oregon building is a home to every one of the exhibitors, and this has done much to make this building popular among the tourists, said Mr. Dunsmore.

The displays appeal to those intending to come west, Mr. Dunsmore, who has been in the Oregon building as a representative of Polk county since the opening of the exposition, regards the displays and the Oregon building, as the greatest advertising Oregon has ever done.

Mr. Dunsmore came from San Francisco last week to officiate at the wedding of his daughter last Saturday, at Independence. He will return this evening to San Francisco. Mr. Dunsmore says that the Oregon building is one of the few places on the exposition grounds where every one is made to feel at home and where a tourist may rest and feel entirely welcome.

ARE YOU A PRACTICAL ECONOMIST?

If Not, You Should Be

REMEMBER

Warm weather is bound to set in most any day, then you will be compelled to purchase your SUMMER CLOTHING AND FURNISHINGS.

As business is quiet we are holding our

First Annual and Forced MONEY-RAISING SALE

It's up to you to join the crowds that are filling our store from morning till night. Start today and join the economist.

BUY WHEN THE PRICES ARE LOW AND SAVE ONE-HALF THE REGULAR PRICE

Our loss is your gain. This will be our banner week, so come early and put in your summer supply.

VICTOR POINT NEWS

(Capital Journal Special Service.)
Victor Point, Or., May 25.—The weather man treated the people of this locality in the greatest style Saturday giving them sunshine nearly all day for the grandest picnic that has ever been held in Victor Point. It was only the late drenchers that were wet by the early Sunday morning shower. The governor was unable to attend but the program was filled with plenty of other well known speakers. County Superintendent Smith gave a short lecture on the betterment of the rural schools while Prof. Barr of the United States extension department of dairy husbandry, judged and placed a ring of dairy cows, selling good and bad points of each thus giving the farmers a good knowledge of how to cull out their bad cows.

The other part of the days program was followed by the school children of the four districts, Victor Point, Silver Cliff, Center View, McAlpin.

The basketball game was the excitement and roughest game that has been played on the local grounds this season, the local boys winning out to the tune of 9 to 7. Victor Point was handicapped by the loss of their star player, Ivan Derby, who was hurt in practice last Tuesday. Jos. Doerfler made the record of the score for the local boys with two points while Johnson, of Silverton, made all of the tallies for his team mates. The lineup:

Victor Point—Bill Kren, f, 2; Cheno-meth, f, 3; Doerfler, c; R. Fox, g; J. Derby, g; Silverton—Johnson, f, 7; Olson, f; Henry, c; Doll, g; Rus, g; Time of halves, 15, 15.

Score first half, Victor Point 7, Silverton 5.

The dance in the W. O. W. hall in the evening was a grand success, there being hardly room for another couple. The local orchestra furnished the music. John Doerfler and wife visited in Victor Point Saturday and Sunday.

Lou Olson has accepted and is now filling work as guard at the penitentiary in Salem.

Alex Doerfler was in Salem Sunday and Monday taking music lessons.

Martin Doerfler headed the gopher parade which started on Main and First streets, and extended down the Hunt Hill to the county court house in Salem.

WOULD BAR WHISKEY

Chicago, May 24.—A bill drawn by Alderman Charles Merriam to bar whiskey and gin from saloons will come up before the city council today. This is the first broadside in the fight to make Chicago dry in 1916. Merriam is a professor at the University of Chicago.

Pacific Northwest Library Association to Meet Here

The Pacific Northwest Library association will meet in Salem Monday and Tuesday, May 21 and 22. This association is made up of librarians in Oregon, Washington, Idaho and British Columbia, about 75 in number. The annual meetings of the association have always been held in cities like Portland and Seattle, and this is their first meeting in this city.

Governor Withycombe will deliver the address of welcome Monday afternoon in the auditorium of the public library. Monday evening before the evening session, the librarians of the city will entertain them with a picnic, and Tuesday afternoon, members of the commercial club will entertain the librarians with automobile rides.

The business before the members include propositions such as book buying, library budgets, library management. As the American Library association will meet at Berkeley, California, June 3 to 9, many of the delegates will attend that session after the meeting closes here. Miss Anne D. Sawyer, librarian of the public library, will leave for Berkeley Tuesday evening, June 1, with other attending delegates.

STOMACH SUFFERERS! READ THIS

So many stomach sufferers have been benefited by a simple prescription of vegetable oils which cured a Chicago druggist of chronic stomach, liver and intestinal trouble of years' standing that we want you surely to try this remedy. It is known as Mavr's Wonderful Remedy. One dose will convince you. It usually gives complete and permanent results—even in the most stubborn cases. One dose will convince you. Mavr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

OPERA SINGER SHOT

Seattle, Wash., May 24.—A charge of discharging a firearm with intent to kill will be placed against Harry E. Olds, who, while practicing at a target in his room in the Paxton hotel, struck Ego D'Allaire, director of the Italian Grand Opera company, who was dining in a cafe adjoining the hotel. Olds did not know he had shot anyone. The bullet entered through the wall and hit D'Allaire in the leg. He was not seriously injured.

SILVERTON NEWS

(Capital Journal Special Service.)
Silverton, Ore., May 25.—Mrs. J. M. Brown fell on the sidewalk last week and broke her left arm just above the wrist. Dr. Reese was called and he set the broken bones, and at this writing Mrs. Brown is not feeling much the worse for the accident except in not having any use of her hand.

The farmers' picnic last Saturday was a very satisfactory affair for both the business men of Silverton and their friends who responded to her invitation to come and enjoy the program and help out the plan of the get-together movement so much advocated throughout the country at present. The speeches were excellent, the talks being by those who are making a special study of these methods, and demonstrating at the U. S. Miss Elizabeth Levy rendered a violin solo in a way that was appreciated by all, and was executed beautifully. Miss Levy is a Silverton high school girl, who graduates this year, and whose charming personality, as well as her music, is always enjoyed. The vocal solos by Claude Shado were also fine, and rendered in a specially pleasing manner. At noon the members of the Commercial club served the coffee and a lunch to all who did not come prepared, and altogether this was considered a very profitable and enjoyable get-together day.

The high school baseball team from here crossed into with Molalla high last Saturday. The teams played fast and a goal game was the result with a score of 2 to 0 in favor of Molalla.

A most enjoyable event of the past week was a dinner party given by Dr. and Mrs. A. E. Wrightman to visiting members of the P. O. O. R. and their wives. Covers were laid for 19 guests. The house was tastefully decorated and a lovely dinner served. Mrs. Wrightman was presented with a beautiful basket of contributions by the ladies of the Ladies.

J. R. Peterson left the past week for his new home in North Dakota. The B. D. Rowland family will occupy the house on East Hill vacated by Mr. Peterson.

Those attending the L. O. O. P. convention at Newport from this place were Dr. and Mrs. A. E. Wrightman, Mr. and Mrs. J. W. Haldick, Mr. and Mrs. J. W. Drake, Mr. and Mrs. Chas. Hartman, Mr. and Mrs. Thos. Bishop, also the following as delegates: The Misses Winnie Tolmator, Emma Adams and Selma McGinnis, for the Rebekah, and for the L. O. O. P. Charles Howard, J. P. Duran and Charles Shultz.

The Silverton public schools will close on Friday, June 4, for a much welcome vacation. That Professor

CROISAN PRECINCT

(Capital Journal Special Service.)
Croisan, Or., May 25.—The recent census have been of great benefit to this part of the county.

Mr. Schmidt, who purchased Glenwood Acres Farm from W. J. Ball, has erected a building to be used as a blacksmith shop, 30 feet by 36 feet. Jones & Watson of Salem have the contract for building the same. It is located at the intersection of the Brown's Island Road and the Main County Road. This will be a great convenience to the community about here, as an experienced workman will be employed to do the repairing.

Chris Geiber has about completed his new house to take the place of the one recently destroyed by fire. The carpenters are at work on the new church building, to be 30x40 feet, located on the ground donated by J. P. Drexler. Mr. Geiber has charge of the work erecting same, which has all been done. It is expected to be completed in about six weeks.

This part of the county is growing steadily, even though we hear complaints of hard times.

Mrs. George Colledge lost a valuable horse last week.

John A. Lankford has accepted a position with the State Highway & Engineering Department.

Road Supervisor Trenchlock is graveling the county road across the Livable farm. This was a bad part of the road and needed attention.

Peter Hennington has been getting out white fir wood for the paper mills at Oregon City.

Charles Ames has been employed by R. M. Croisan to paint the buildings at Alderbrook Farm.

William Snyder, better known as Old Bill, is getting the lumber along the county road across the Dry place. This is a good improvement, as the road at this point had too much shade. William understands how to stink a road.

—Old Times.

See America First

This is going to be a great season for American railroads and American summer resorts.

More people from the States are going to visit Canada, and more Canadians are going to explore the States than ever before.

European travel will be light.

Many of our wealthy people will learn something about the wonders of our own country.

It will be well to make reservations early, and it is a good time to begin to study the travel advertising in this newspaper.
