

"What do you know about that—a MILD cigarette that satisfies!"

Chesterfields have done "the impossible"—they satisfy and yet they are not strong. They are MILD! Chesterfields do for your smoking what bacon and eggs do for your breakfast—they satisfy.

And yet Chesterfields are MILD—that's the point.

No other cigarette can give you this new enjoyment (satisfy yet mild) because no cigarette maker can copy the Chesterfield blend.

This blend is an entirely new combination of tobaccos and is undoubtedly the most important new thing in cigarette making in 20 years.

CLAIM LES DARCY HAS CONSENTED TO FIGHT

Purse Probably \$10,000— Jeff Smith Will Be Man In Other Corner

By H. C. Hamilton

New York, Mar. 29.—Les Darcy and Jeff Smith are going to fight in New Orleans for the world's middleweight championship. The news reached here today in a message from Dominic Torricelli, the New Orleans promoter who stated he had closed for the match which will be staged May 4.—The message neglected to state which one of the boys holds the middleweight championship at present, but it is presumed that palm has been awarded to Darcy. The match will be billed as a bout for the title despite the fact that Darcy has twice beaten Smith and in addition Smith lost decisions to several others, including Mick King, the Australian beaten by Darcy, when he won the Australian middleweight championship.

The match appears to be another step in the misdirected career of Darcy in this country. It would have been hard to find an opponent for the Australian less popular in the United States, Mike Gibbons, of course, would be the logical man to meet Darcy for a championship bout, but there are others, who probably could make the visiting scrapper move around rather lively.

It is a sudden change of affairs of \$30,000 purses for Darcy to sign for twenty round engagements for much smaller sums. Word received here does not indicate the sum Darcy is to get for boxing, but it is not likely to be more than \$10,000.

To Box Six Rounds

Portland, O., Mar. 29.—Billy George of Idaho and Al Sommers, of Portland, will box six rounds for the northwest middleweight championship here Tuesday. Stanley Clements of Seattle and Joe Gorman are also scheduled to appear.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, some fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes; so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of health bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

was lucky in tossing in five fouts. But in last night's game they were lucky on their long shots and in the last five minutes of play four players registered a basket each from the middle of the floor. The lineup for the two games and points for last night's games were as follows:

The FLAVOR LASTS

SOME endurance in this WRIGLEY flavor! It lasts—l-a-s-t-s—L-A-S-T-S!

Speaking of endurance—two athletes walked an all-day race. One took light foods and liquids—the other took WRIGLEY'S.

The WRIGLEY boy came in at sun-down and said: "Let's go to the firemen's ball tonight"—or words to that effect.

The other boy went to bed.

WRIGLEY'S helps endurance. It makes a long day short. It sweetens, soothes and satisfies. It aids appetite and digestion.

That's a good deal for a nickel to buy.

Since this will probably be the last meeting of the present status of the student body members it is expected that every student will be present.

Points Out Tracy

As Man He Saw Shoot In, Everett Riots

Seattle, Wash., Mar. 29.—Yes I saw the defendant on the Verona—that man slitting right over there. He was shooting from the second or third cabin window in my direction. This statement, made by former Sheriff Donald McRae of Snohomish county, is the outstanding feature today in the trial of Thomas H. Tracy, the I. W. W., who with 73 others is accused of the murder of Jefferson Board, a citizen deputy under McRae, who met the steamer Verona at the Everett city dock November 5 when a boat load of I. W. W.'s attempted to land. It was the first evidence to connect Tracy directly with the case. "Didn't you tell me, when we were talking about this case, that you were sorry the spring line did not hold so

you and your deputies could have shot every man on the Verona!"

shouted George F. Vandever, one of the attorneys for Tracy, at McRae. "No, I didn't tell you any such thing, I told you it was a crime the line didn't hold and tip 'em all into the bay."

McRae as sheriff of Snohomish county, was at the head of a company of citizen deputies who met an incoming boat of I. W. W. at Everett November 5 last year.

Amazing Power of Bon-Opto To Make Weak Eyes Strong Doctor Says It Strengthens Eyesight 50 per cent in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Victims of eye strain and other eye weaknesses and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. Now they feel fine all the time. It was almost blind. Could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me. A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even fine print without glasses. Another who used it says: "I was bothered with eye strain caused by overworked, tired eyes, which induced fierce headaches. I have worn glasses for several years, both for distance and work, and without them I could not read my own name on an envelope or the type-writing on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me."

It is believed that thousands who wear glasses can now discard them in a resound-
