Fruitland Items

(Capital Journal Special Service)
Fruitland, June 15.—An Oregonian paragraph states the Oregon voter probably thought the present penitentiary good enough for the people sent to it. May be some of them did. Certain it is the new one proposed would afford more comforts and conveniences than many of the law abiding voters who would help pay for it have in their own homes or who could afford to have in a new and better one. Convicted criminals should not expect nor should they have a nice time of it in places of their incarceration. They have chosen the role of outlaws—have outraged the decent order of society and should receive just and certain punishment. There is altogether too much of lawless sentimentality and fool slush about about the man and woman criminal. When people give the criminal more consideration than they do the decent and orderly citizen there is certainly something the matter with them as for example those imbecile women who wrote love letters to the convicts in the Illinois state prison.

H. C. Bressler has again gone on the road with his painting machine. He is now operating in Linn and Lane counties. Carroll Runner of Fruitland and Geo. Henson of Independence are his helpers.

Some of the neighbors are beginning having. Daisy and Thelma the mute children of Mr. and Mrs. C. T. McPeck of this place are now at home during school vacation. School meeting for Fruitland district (Dist. 113) will be held at the school house Monday 18th at 1 p. m. This being the annual meeting a full attendance of district is desired.

B. S. Martin is planting 4 acres of beets. Some who formerly sold butterfat to the creamery or who themselves made but the Salem buyers are paying the same prices regardless of a general weak market.

Flour is up a few cents, but not enough to cause any great amount of worry.
