Three Salem boys who enlisted in the quartermasters' corps of the army passed through the city last evening on their way to the land of cotton and pekinianies and also warm weather. They are transferred to Ft. Sam Houston, not so far from San Antonio. The three Salem boys were William Perlich, Raymond Rex and Frank Simon.

Learn Spanish. Prof. Ebsen of Willamette University offers a special course during summer. For details call or phone 526. 6-16

J. T. Tasker and family of this city, left this morning for Central Alberta, Canada. They will go in two cars. One of the cars will be driven by Frederick A. McMillin, who received the degree of Master of Science at the recent commencement exercises at Willamette university. Mr. McMillin will do scientific work this summer for the Tasker-Simpson Grain company. This fall he expects to go to Chicago to enter Rush Medical school, where he will take a five year course.

Graduating recital, Frank E. Churchill, local representative of the Western Conservatory of Music of Chicago, will present Miss Jessie E. Cox in graduating recital this evening at the Christian church, assisted by other advanced pupils, and by Misses Joanna James and Pauline Liska, vocalists and Mrs. Blanche Liston Niemyer, reader. Public invited.

Slab wood seems to be at a premium, notwithstanding the fact that Oregon is the champion timber state of the country. The board of education called for bids, but at the meeting last Monday night, there was no response. Hence, this afternoon, to investigate the wood problem at the big mills in Silverton, Directors Barnes and Buren, accompanied by Superintendent John W. Todd and Mr. Ross, the head janitor of the city schools, made a trip to that village to learn if there was such a thing as mill wood for sale in the valley. The Salem schools advertised for bids for 550 cords mill wood and 250 cords fir.

Market Sluggish But Prices Unchanged

New York, July 15.—The New York Evening Sun financial review today said: Trading in today's stock market was characterized by considerable confusion of sentiment. That the Liberty loan would be over-subscribed had been discounted to some extent, but it is doubtful if the most optimistic estimates of Wall street had taken into account a total subscription of \$2,500,000,000 to \$3,000,000,000, and a number of individual buyers exceeding two million by a generous margin. Its influence on the market was greatly tempered, however, by the course of money rates, which showed a marked inclination to stiffen.

Are Moving Pictures Admissible Evidence

San Francisco, June 15.—Another heated controversy over the admissibility as evidence of moving pictures of the preparedness parade bomb outrage culminated today's session of the trial of Mrs. Rena Mooney on charge of complicity in the planting of the bomb. Deputy District Attorney Ferrari demanded that 300 feet of film, which he said was taken at the scene of the explosion three minutes after the outrage, be introduced. After a hot exchange between counsel, Judge Seawell refused to admit the film but said he would view the pictures personally.

American Steamer Sunk by Submarine

Washington, June 15.—The American tank steamer Moreni was set on fire and sunk by a German submarine after a battle in which more than 300 shots were fired, the state department was informed today. Three Americans were killed. The state department's information said the Moreni was sunk June 12 at 6 a. m. The location was not given. Two hundred shells were fired at the American vessel before it began burning and sank. During the fight the American hurled 150 shells at the U-boat, which was barely visible to the gunners on the Moreni.

His Fears Realized Got In Front of Train

Everett, Wash., June 15.—The mangled body of Henry Roberts was found on the Great Northern railroad tracks near Mukilteo today. Roberts had appeared before Superior Judge Evans here yesterday and made an eloquent plea to be sent to the insane asylum, declaring he suffered spells when he had a strange fear that he would jump in front of a moving train. His request was denied. Physicians declared him sane. Roberts was well dressed, about 47 years old and a stranger here. He refused, at the time of his hearing yesterday to give his home address, saying he would not humiliate his family in the east.

His Fears Realized Got In Front of Train

We wish to express our thanks and gratitude to those who so kindly assisted us during the illness and death of our dear mother.—Mr. and Mrs. W. H. Larimer, Mr. and Mrs. S. R. Humphrey, Mr. and Mrs. P. K. Humphrey, Mr. and Mrs. D. E. Bartruff, Misses Anna, Leota and Marcia Humphrey.

NOTICE TO CONTRACTORS

Sealed proposals for the construction of the inter-county bridge at Salem, will be received by the county court of Marion county, Oregon, until the 6th day of July, 1917, at 2:00 p. m. Plans and specifications, together with requirements for submission of proposals, are on file in the office of the highway commission at Salem and of the county clerk of Marion county, Oregon. U. G. BOYER, County Clerk. July 7.

HIGH HEELED SHOES PUT CORNS ON TOES

Tells Women How to Dry Up A Corn So It Lifts Out Without Pain

Modern high heeled footwear, buckles the toes and produces corns, and many of the thousands of hospital cases of infection and lockjaw are the result of woman's suicidal habit of trying to cut away these painful pests.

For little cost there can be obtained at any pharmacy a quarter of an ounce or a drug called freezezone which is sufficient to rid one's feet of every hard or soft corn or callus without the slightest danger or inconvenience.

A few drops applied directly upon the tender, aching corn stops the soreness and shortly the entire corn, root and all, lifts right out. It is a sticky substance, which dries the moment it is applied, and thousands of men and women use it because the corn shrivels up and comes out without inflaming or even irritating the surrounding tissue or skin. Cut this out and try it if your corns bother you.

E. H. Vernon, of Weed, Cal., is in the city. For some time past he has been suffering from serious eye troubles and is here to have them operated on by Dr. M. C. Findley.

No need to feel discouraged if the Liberty bond has not been bought. Just to accommodate the late ones, the banks have on hand blanks and can sell the bonds. The excuse of not getting in on time will not hold good.

Mary Julian, one of the teachers of the state feeble minded institution, bought as an investment, a 10 acre tract three and one-half miles from Salem on the Pringle road. The owner was E. J. Holden. The property has eight acres in bearing fruit. The transfer was made by W. H. Grabenhorst & Co.

It will take a pretty young one to beat this Liberty bond story. Mary Elsie Hazard happens to be just one year and 10 months old, yet at this early start in life, she is the daughter of a \$50 Liberty bond. She is the daughter of Mr. and Mrs. Fred H. Hazard and a granddaughter of E. E. Hazard, of the U. S. National bank.

On account of the big Red Cross mass meeting to be held Saturday evening at 8 o'clock on the court house steps, all the leading business houses in the city have agreed to close promptly at 5 o'clock. Mr. Herberman, the speaker of the evening, is regarded as about the liveliest oratorical wire that has ever appeared before the people of Salem. When he speaks, there is something doing and along with his speaking, Mr. Herberman has a full supply of new ideas.

The question is, or was, whether the man was sane or insane. At any rate the joke is on some one. This morning Chief Cooper took a hard-looking fellow named Champ to Judge Bushey to be examined for his sanity. Judge Bushey at the time was busy and the prisoner with his pack was set down in the outer office. Then the chief wandered away, and no one was watching. Quietly, like the "Arabs that fold their tents and silently steal away," the weary pilgrim vanished, and no one knoweth the place where he is gone.

Mrs. Arthur Stout left this morning for her home in Wendling, Ore., after a short visit with her parents, Mr. and Mrs. C. R. Scott.
