W. A. Liston, agt.

**Two More Victims of Reckless Shooting**

Portland, Or., June 28.—Two names were added today to the already long list of those who have been mistaken for wild animals and killed by a companion.

Curtis Odenberg, age 18, thought he saw a squirrel running along a log. He fired and Roy McCrary dropped dead, a bullet in his brain. What Odenberg really did see was McCrary's cap. The accident occurred near Albany.

Lane Wyland, at Meadows, near Medford mistook Dave Cottrill, his chum for years, for a wild animal and killed him. Today Wyland begs to be shot.

**Bowel Complaints in India**

In a lecture at the Des Moines Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick, that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventative and cure for cholera. You may know from this that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

**ATTENTION OF CONTRACTORS**

Sealed proposals will be received at the office of George M. Post, architect, for the construction, plumbing, electric wiring, heating and ventilating of the proposed Comfort Station to be erected at the corner of State and High streets, Salem, Oregon, for the city of Salem and Marion county jointly, on Friday July 6th, 1917, at 5 o'clock p. m.

Plans and specifications may be procured at the architect's office, room 3, Gray Block, Salem, Oregon.

H. H. Stanton, C. M. Roberts, O. J. Wilson, Committee Common Council.

U. G. Boyer, County Clerk, July 2

**CALL FOR BIDS**

M. C. Fruit, clerk of school district No. 31, Marion county, Brooks, Oregon, will receive bids for the erection and completion of a new school building to be built in accordance with plans and specifications prepared by Arnold C. Jenkins, architect of Albany, Ore., until 2:30 o'clock July 5, 1917. Plans may be had by applying to the architect or county superintendent.

W. M. SMITH.

**NOTICE TO CONTRACTORS**

Sealed proposals for the construction of the inter-county bridge at Salem, will be received by the county court of Marion county, Oregon, until the 6th day of July, 1917, at 2:00 p. m. Plans and specifications, together with requirements for submission of proposals, are on file in the office of the highway commission at Salem and of the county clerk of Marion county, Oregon.

U. G. BOYER, County Clerk, July 2

## HOW YOU CAN SEND LETTERS TO SOLDIERS

### Arrangements Made for Keeping Home Folks in Touch with the Boys

Washington, June 28.—Despite the scarcity of shipping space America's boys in France are going to have their little luxuries from "the home folks."

The war department today detailed Major Wright to look after mailing arrangements.

Although as yet the plans to send merchandise are incomplete, it can be mailed at the international parcel post rate of 12 cents per pound. Cigarettes and candy appeal more than anything else to the fighting men. After eating the regular army rations a few weeks the men develop a sweet tooth that would put a high school girl to shame.

So necessary are cigarettes to men under the enormous strain on the firing line that some of the European armies issue them regularly to their fighters. As yet the United States war department has made no such arrangement. The men will have to depend on their friends and relatives for them.

The correct manner of addressing a letter, post card or printed matter to a United States soldier in Europe, as announced by the postoffice department follows:

John Smith, Jr., Infantry Company X, American Expeditionary Forces, American Expeditionary Forces, (The name and address of the sender should be in the upper left hand corner of the envelope. No other than United States postage stamps are valid and on such mail matter domestic rates of postage apply.)

"Under no circumstances," stated the department, "should patrons attempt to designate the location of the unit."

Postmasters will forward the mail to New York A United States mail agency at Bordeaux, France, in charge of Marcus H. Bonn, will see that the letters reach their destination.

## THE TRAIN GOT THEM

Portland, Ore., June 28.—Mrs. C. Lindsey and Miss Helen Metzger is in a serious condition here today as the result of a collision between an interurban electric train and an automobile in which they were riding.

\*\*\*\*\*

## Stomach Troubles and Constipation

"I will cheerfully say that Chamberlain's Tablets are the most satisfactory remedy for stomach troubles and constipation that I have sold in thirty-four years' drug store service," writes S. H. Murphy, druggist, Wallburg, N. Y. Obtainable everywhere.

\*\*\*\*\*

## Officers May Ride Free While On Duty

Officers of the national guard or regular army while on duty in Oregon will probably ride free on the trains while on tours of inspection of outposts stationed at various points along the Southern Pacific company.

The telegram to the public service commission received this morning in which it was asked what the commission thought on the matter.

The telegram stated that the company desired to issue term passes to officers whose duties require them to travel on the company's lines for temporary employment to guard structure, tunnels and bridges at points on the line. Mr. Sprule, president of the road, said the Oregon law did not expressly include such free transportation probably is within the spirit. He says the guardsmen may be considered temporary employees of the line although not compensated by them and are engaged in keeping the railroad open as a military highway, which work would have to be done by themselves. He asked approval of the commission in giving the officers free transportation.

The commission replied that a certain section of the Oregon law covered the matter and that "free or reduced to national guard or regular army is permissible for military purposes."

## Anti-Charter Amendment Committee Asks for Funds

The meeting last night at the Commercial club hall resulted in creating a general campaign committee to place before the voters of this city the objections to the three charter paying amendments initiated by the city council, to be voted on July 9th. The committee will hold meetings with the voters in all parts of the city, and will formulate an argument to be sent to each voter showing why the amendments should not be adopted. Contributions to defray the expenses of printing and distributing the same can be made to P. H. Reeves, 409 Hubbard building, treasurer of the committee.

## COMFORT STATION PLANS COMPLETED

### Location Will Be On the Southwest Corner of Court House Yard

Plans have been completed for the comfort station to be erected jointly by the city and county on the southwest corner of the court house lawn, and in a recent interview, George M. Post, the architect, gave the salient features of the building. The station will be entirely underground, with only the stairway railings and the kiosk visible.

There will be two rest rooms, one for the women, 14 by 18 feet in size, and one for the men 9 by 13 feet. The women's side of the station will be on High street, and the rest room with the lavatory will extend 51 feet north and south. The State street side, where the men's waiting room and lavatory are situated, is 43 feet long. A drinking fountain will be a feature of each rest room.

Entrance will be gained by means of two stairways one on High and the other on State street. These will have an iron railing around, to prevent accidents. The entire structure will be of re-inforced concrete. Sidewalk lights will help to dispell the gloom on sunny days, and a system of electric lighting will assist at all times. The plumbing will be of a sanitary type. The heating and ventilating features are especially unique, as the room will be heated by a system of gas radiators. Hot water will be supplied by a Rudder automatic gas water heater. The clear height of the rooms will be 8 1/2 feet. The ventilating feature will perhaps be the most interesting feature of the building, including as it does the kiosk, an octagonal shaft 15 feet in height, of re-inforced concrete, rising on the very corner of the lawn. This shaft is hollow, and the foul air is forced up this, and out at the top. Fresh air enters through openings on the stairs, and after passing through the rest rooms is drawn into the lavatories by an electric fan situated at the base of the kiosk. From the lavatories it passes through air ducts into a utility passage where it comes into the fan duct and is thrown out.

The kiosk will be an ornament of very artistic design, and will be finished in white cement. Four lamps of the bracket design will illumine the shaft near the top. The building will be equipped with all modern conveniences and comforts.

## Names Committee On Fire Prevention

To act in conjunction with state insurance commissioner, Harvey Wells, the state fire warden, Stoughton, the following committee of Salem business men and women was appointed by Mayor Walter Keyes this afternoon.

The purpose of this work is to educate the people of the state in the science of fire prevention, and mayors in all the cities of Oregon have appointed similar committees.

Members: Josephine Bell, Florence Phillip, Edith E. Fisher, Turner, Elias S. Payne, Monmouth; Agnes Meyer, Anna Afton Mills, Salem; Mamie E. Bissell, Willamina; Lulu O. Clark, Seix; Pearl G. Harold, Salem; Alice L. Fields, Salem; Merle Tracy, Salem; Fannie L. Douglas, Salem; John Watson, Jr., Turner; Neita Royer, Salem.
