

Ride a Bicycle for  
Health and Pleasure

Ride a Bicycle

Ride a Bicycle. Save  
Time in Business

# NATIONAL BICYCLE WEEK MAY 4 TO 11

Will be celebrated throughout the United States, to better acquaint the people that the bicycle is still in the race, and not a back number. If the great world's war continues, GASOLINE will be commandeered by the Government and those who drive automobiles will be compelled to use other means of transportation.

We can be patriotic now by riding a Bicycle and saving gasoline

Ride a Bicycle and limber up and increase your earning capacity

Ride a Bicycle and your health will be better---the best of excuse

If the street car service is poor--beat them to it--ride a Bicycle

For economy, convenience and good health--ride a Bicycle

Buy your boy a Bicycle and let him go into the country and help Uncle Sam feed the Army and the poor starving Belgians. The farmers will appreciate the help the boy can give him. The boy can be self-supporting if he RIDES A BICYCLE.

We all can economize in time and energy, and during these times this is a big factor---if we ride a Bicycle.

LET'S ALL TOGETHER---RIDE A BICYCLE
