

Spread Love on Valentine's Day

Sweets to an exquisite meal,
fine art or a massage,
Sisters has you covered for
Valentine's Day.

Three Sisters Floral

Celebrate the week of love at Three Sisters Floral. Valentine's Day shouldn't be a last-minute gotta-get-her-a-dozen-roses-right-now kind of day. You love her all year round, right? Three Sisters Floral can help you show it in a more thoughtful and creative way.

If you want to go the dozen-roses route, you sure can — but there are other options. Whether you present them in person or have them delivered, Ruth understands that not everyone has the budget to "go big." She'll help you create an arrangement that is lovely, tasteful and heartfelt for as low as \$10.

If chocolate holds the key to her affections, you're in luck. Three Sisters Floral has a wonderful selection of gourmet chocolates you can enjoy together. There's also a great selection of Valentine's Day cards.

Connect with the true, loving spirit of the day and visit Three Sisters Floral.

Lake Creek Lodge

Enjoy a Valentine's dinner with your sweetie in one of the most beautiful and romantic settings Central Oregon has to offer — at Lake Creek Lodge.

Stay for a three-night minimum and make it a local getaway to this quiet, romantic spot just up the road. Resort and vacation cabins are near the legendary Metolius River. You'll find that time slows down once you step onto the grounds and listen to the breeze blowing in from the surrounding forest, and "If you're very quiet, you can hear your priorities rearranging themselves..."

Valentine's Day dinner is flat-iron steak and crab with seasonal vegetables.

The great thing is, you don't have to confine romance at Lake Creek Lodge to one day. Family-style dining and a stress-relieving staycation with your sweetie are just up the road and available all year round!

Ken Scott's Imagination

Ken Scott's astonishing fire pit sculpture will be in the Winterfest competition over Valentine's Day weekend. It's a hot date.

"I'm taking my favorite girl to show off in Bend," the artist says. "Mistress Metal and I will be there in our finest. Mistress Metal and I have had a torrid affair — fiery, in fact. I can't tell you how hot she is, but she speaks for herself. Every day is Valentine's Day with Mistress Metal. She is delicate, but powerful; fine-tuned, yet free, free, free..."

Scott's work with Mistress Metal ranges from magnificent yard sculptures to functional art lighting fixtures and more.

Meet Ken Scott and Mistress Metal at Winterfest in Bend (the fire pit competition concludes Saturday) or visit them at their home in Sisters — Ken Scott's Imagination Gallery on Hood Avenue. It's an experience you'll never forget.
