

"We want to thank Kimberly Gorayeb,

of Metolius Property Sales, for the outstanding job she did in representing our home in Pine Meadow Village. Selling a house can be a stressful and emotional process — Kim made it the very best experience it could be. She was always extremely professional, prepared and compassionate. We are very pleased with the outcome from the sale of our home. We would highly recommend Kimberly to anyone who is considering selling or buying a home in the Sisters or surrounding areas!"

Home & Garden

In Sisters Country

Spring has well and truly arrived in Sisters Country. The days are growing long, the sun is warming the mountains and valleys, the grass and the flowers are coming up in full color.

Time to get to work.

Time to get the yard in shape; time to launch that home project; time to stop thinking and start doing.

Fortunately, you have a lot of resources to lend a hand. Skilled crews are standing ready to help you get your landscape in shape, to haul off the debris and detritus of winter and bring on the green. Designers and contractors are ready to help you create new space or restore and make the most of the space you have.

Dedicated service professionals and skilled tradesmen can help you make your home safer, more functional, more livable — and more beautiful.

There's no end to the talent and experience available in Sisters. They can get your work done or help you do it yourself.

Rent the tools for the job or hire folks who have the best equipment.

Laredo

If you're ready to pull the trigger on your home project, call Laredo Construction now. Things are picking up in Sisters Country and, like all the best contractors, Laredo Construction is getting very busy, so if you're ready to go, now is the time to act.

Their clients know that Bruce Merrell and his highly skilled crew will do their work well, in a timely fashion and with intense attention to detail. Communication between client and contractor is key to a successful project of any size, and Laredo Construction makes sure you know the schedule and know where every dollar is going on every aspect of your project.

Laredo Construction values relationships, and

many clients have engaged with them for years for additional work from maintenance to additions and remodels to building a new home. There's a reason for that: Laredo Construction delivers excellent work and isn't satisfied until you are.

High Country Disposal

The weather is warming, the flowers are starting to bloom and Sisters Country is turning green. Time for spring planting!

For the best success with your garden, you need quality soil. High Country Disposal offers compost sales of BioFine® and SoilBuilder® from their sister company, Deschutes Recycling.

You can pick up compost at their Redmond office, or they can deliver to your home.

Soils amended with BioFine® or SoilBuilder® compost will provide the benefits of water retention and nutrients, requiring less watering and fertilizing.

Our compost is produced from local yard debris and is independently tested by a U.S.

Composting Council-approved lab to ensure quality and reliability.
