provide a wonderful opportunity for everyone, regardless of ability. In addition, it would allow us to expand our summer sports programs in cycling and nature hikes to the Sisters area.

More importantly, it will provide a place for all families and our community at large, regardless of ability, to share in the benefits of healthy outdoor experiences in a beautiful ponderosa forest.

Suzanne Lafky
Executive Director

To the Editor:

I just read a Sisters Voice — a self-proclaimed activist duo — article concerning a proposed bike trail from Sisters to Black Butte Ranch, and about a survey that business owners are receiving. The survey asks business owners what their level of support is (1 to 5) for a trail from Sisters to Black Butte Ranch. Sisters Voice had this to say:

“We suggest most business owners do not know enough to answer such a question. It’s like asking third-graders if they want a swimming pool...

“Asking third-graders if they want a swimming pool does not yield a justification for building one.”

I don’t think comparing business owners’ intellectual ability to that of the third-grader will yield them the results they are in search of, and last time I checked you didn’t have to be an expert on an issue to cast a vote; people’s opinions matter. To our business

community I say, this is not the Voice of Sisters.

To the Editor:

Will there ever be any traffic enforcement in Sisters?

It is getting really dangerous to slow down to 30 mph in the 20 mph zones at the edges of town. Drivers pull crazy passing maneuvers so they can get to the stopped traffic 100 feet ahead a tenth of a second faster.

Last I heard Sisters was paying \$400,000 per year to the Sheriff for police services.

To the Editor:

The best deer spray I have found is Plantyskydd. It was made in Eugene and I ordered from there. It is made of blood and vegetable oil, last for three months or more!

When I buy plants, I put them outside in good weather, no wind, and spray well. The smell is not good and lasts a day or two but it is worth it! You need to wait 24 hours before watering after applying. I have gone as long as four months or more without spraying but sometimes will respray in three.

My neighbors don’t like the odor, either, but it is soon gone and — so are the deer! I bought a special spray bottle at Ace which I use. I found it is best not to keep it over the winter in the garage. It becomes even MORE strong and horrible smelling.

Best Vue Blinds

With an intense focus on service, quality and value, Best Vue Blinds is making it simple to get exactly what residents in Sisters Country want.

Brad King of Lakeview Millworks connected with Best Vue Blinds as a way to add a complementary product line to the quality entryways and windows the Sisters company offers.

John Rumgay provides free in-home estimates and manages projects all the way through completion.

“I’ll go to your house and spend two hours with you. Whether you’re buying one window covering or a hundred, you get the same service.”

The kind of service you cannot expect at a big-box store. And Best Vue Blinds can compete on price and value, too. They offer a wide variety of window-covering materials with a variety of functions — all at competitive prices. Add to that a commitment to get things right, and Best Vue Blinds is a superior deal.

Wants to show our appreciation and thank you with a

\$50 DINING VOUCHER
