Firefighters got a handle on a spontaneous-combustion blaze in the sage.

HEAT: Conditions can cause medical problems

Continued from page 1

were again called out in the extreme heat, this time to a brush fire on Jericho Road. Cloverdale firefighters arrived to find approximately a quarter-acre of brush on fire in a large area of sagebrush. Cloverdale Fire District Captain Michael Valoppi credited the lack of wind and a forceful and fast response

from area firefighters for helping to keep this fire small and away from homes in the area.

Cloverdale firefighters were assisted by the U.S. Forest Service, Oregon Department of Forestry, and the Deschutes County Sheriff's Office. The cause of this fire was determined to be spontaneous combustion of organic products used by a homeowner for landscaping.

Firefighters were on this scene for approximately one hour.
