SecureShred

Clean out those outdated records and start the New Year fresh!

You know you've got boxes of papers lying around that you no longer need to keep — but they contain sensitive information you don't want to have out there in the world. It would take forever to handle them with your little office shredder. SecureShred is your answer.

SecureShred provides complete on-site document destruction and is locally owned, serving Central Oregon since 1995.

With our shredding truck, we provide the security of knowing your information is completely destroyed at your place of business or home. No advance document sorting is necessary.

We provide one-time or regular scheduled shred services. As a professional member of the National Association for Information Destruction, documents are destroyed to a size that meets national standards.

Habitat For Humanity

Sisters Habitat for Humanity's two thrift stores offer a multitude of services to the Sisters community.

First, they raise funds for Habitat's housing programs, which have provided homes to dozens of families in Sisters Country.

Second, they offer folks in Sisters a place to find quality, gently used goods at very affordable prices. The Thrift Store at 141 W. Main Ave. is stocked with everything from clothing and shoes to books and games — all at bargain prices.

Sisters Habitat for Humanity ReStore at 254 W. Adams Ave. stocks larger items — from home appliances to furniture. People spend hours there hunting for treasures.

Make your used items go a little further and help out Sisters families in two ways by donating your used goods at the designated hours at either location. And if you're looking for a fun way to serve your community, Sisters Habitat for Humanity is always looking for volunteers!
