

Congratulations **Allie Spear** **Sisters High School** **2016** **Student of the Year!**

Allie Spear's two main commitments are as an IEE intern and as a volleyball player.

She says she relishes her leadership role in IEE.

"I love being around people... I love the outdoors; I love what we do and how we inspire and how I'm in a leadership role," she says.

A skilled club volleyball player, Allie has earned an athletic scholarship to Concordia University in Portland.

Sisters has given Allie a strong sense of place and of community. She's lived here all her life and will always call it home, wherever her adventures take her.

"It has taught me that I'm ready to get out for a while and experience life outside Sisters," she says. "I know that there's a world outside Sisters and it's big — and I think (Sisters) has prepared me for that."

"Allie has been a pleasure to teach. She has developed the art of learning

and knows it is not a spectator sport. Good luck to you Allie Jo!"

Janis Quiros - Teacher

"Allie always has a smile and a warm greeting. It always puts an aura of warmth over my day! Thank you!"

Leah Soloff - Teacher

"Allie Spear is an exceptional student, a talented athlete, and a wonderful person. In the classroom, she consistently works hard to achieve her academic goals. On the volleyball court, she's a team player who leads by example. And in the hallways, she's a positive person who makes our school feel more welcoming. Allie is an Outlaw through and through, and she is very deserving of this award."

Matt Bradley - Teacher

"Allie Spear is an amazing student athlete. She is dedicated both to

the classroom and the court. Allie has given 4 years of service to the co-curricular programs at Sisters High School. Allie gives 110% when called upon. Her work ethic, dedication, and commitment to her school and her teammates shine when you look at her accomplishments over the past 4 years. We will miss her dearly next year as she moves on to Concordia University."

Tim Roth - Athletic Director

"It has been a pleasure to have Allie in my classes over the last few years. She was in several of my science courses and was a joy to have in class. She always brought a positive attitude and passion for learning. It has been fun to see her mature and grow as a person during her high school career. Allie is a very caring and compassionate young lady. She will be missed! Congratulations!"

Glen Herron - Teacher
