## Pono Farm

Pono Farm & Fine Meats is a custom butcher shop and lunch bistro located on the north side of Bend, serving gourmet burgers, sandwiches, and specials utilizing their own meat.

Pono Farm offers a wide selection of locally raised Wagyu beef, heritage pork and pastured eggs. All meats sold in the shop are sourced from their farm in Central Oregon that is committed to raising their animals slowly and naturally without the use of hormones, antibiotics, steroids, or animal-based feed.

All meat is butchered, cured, processed, and smoked in-house. Customers can choose from a selection of fresh, cured, or smoked meat products. Since they utilize the whole animal, specialty cuts can be ordered in advance.

Pono Farm is open Tuesday through Saturday, serving lunch from 11 a.m. to 3 p.m.

## Sisters Cascade of Gifts

For 38 years, Sisters Cascade of Gifts has been offering something for everyone — locals and tourists alike.

They are famous around the world for their homemade fudge — there's nothing like it to be found anywhere else, and people make special trips to Sisters just to get some.

There's an eclectic selection of gift items of all kinds, from home décor to music boxes and Sisters-made jewelry. Smokey Bear memorabilia is a particular specialty — and the Forest Service sends folks to Sisters Cascade of Gifts to find everything from belt buckles to figurines to T-shirts to charming stuffed bears.

Many gift items are locally made, so you can take a piece of Sisters home with you. Sisters Cascade of Gifts is also a rare business opportunity. Owner Virginia Patskowski is ready to retire and is looking to sell the business to someone who will be excited to carry on this wonderful Sisters tradition.

## Sisters Cascade of Gifts

**A Sisters Tradition for 38 Years!**

Year after year, people come for the homemade fudge and leave with unique gifts and a smile!

## Essentials Skin Care

Essentials Skin Care is a wellness-based practice focused on Hungarian spa methods, therapeutic benefits of organics, essential oils, reflexology, body treatments, and European massage. Salon owner, Karen Keady, is a licensed master esthetician well versed in modalities of micro-current and galvanic treatments.

Iontonic skin care is a process of introducing products deep into tissues via electric current, which soothes, firms, closes pores, increases blood supply and stimulates and opens pores — depending upon desired results.

Organic mineral cosmetics, botanical hyaluronic acids, organic retinol, (Retin-A alternative), botanical peptides, all Euro-standard organic, await your discovery at Essentials!

Complimentary consults by appointment. Sample products, and visit the make-up counter for free make-up session.

## Drainfield Restoration

It's a moment to dread: Your drainfield is failing. The prospect of repair or replacement is dauntingly expensive.

Turn to Drainfield Restoration Services. As Central Oregon's ONLY factory-trained Terralift operator, they can restore your drainfield's function for a fraction of the cost of replacement, without excavation and destroying expensive landscaping.

Drainfield Restoration's equipment injects air and polystyrene beads into the ground, restoring that soil's original capacity for infiltration. They can also jet out lines and remove tree roots that are often the culprit in drainfield problems in Sisters Country. It's a one-day project, and they warranty their work.

In business since 1995, Drainfield Restoration has saved hundreds of clients thousands of dollars across the state of Oregon. For tips visit [www.RestoreYourSeptic.com](http://www.RestoreYourSeptic.com).

## SEPTIC SYSTEM FAILING?

## Central Oregon Eyecare

Children with uncorrected vision conditions or eye health problems face many barriers in life — academically, socially, and athletically. High-quality eyecare can break down these barriers and help enable your children to reach their highest potential.

A comprehensive eye examination is very important for children. Early detection and treatment provide the very best opportunity to correct vision problems, so your child can learn to see clearly. Make sure your child has the best possible tools to learn successfully.

When should my child get their eyes checked? At six months old; three years old; upon entering school (five years old); yearly thereafter.

The doctor will be looking for common eye problems like refractive disorders (nearsightedness, farsightedness, and astigmatism), amblyopia (decreased vision in one or both eyes that's often called lazy eye), and strabismus (eye misalignment).

## Oregon Lifestyle Property Group

Oregon Lifestyle Property Group offers you a hand-selected team with over \$20 million accumulated sales to date. A team of specialists with over 30 years of experience, Jodi Satko and OLPG provide the highest levels of customer satisfaction — while also achieving the highest level of sales results.

As one happy client notes, "...Regardless of whether you are buying or selling, we would highly recommend Jodi & OLPG to help you in your move. We could not have asked for a better team to guide us through the process."

That's a common sentiment among Oregon Lifestyle Property Group clients: "...We have bought and sold many properties and have never had such a personable experience as we have during this dealing with Jodi & OLPG. I highly recommend them to anyone in Central Oregon with the investment or sale of your property; you will not be disappointed!"
