Willamette Valley Bank — Matt Ingram

Matt Ingram has always felt that he was born to help people. Feeling a calling to serve his country, Matt entered the Navy after graduating high school. He then served in law enforcement for over 17 years.

Matt later decided to go a different direction with his career, but the need to serve his community never left him. Twelve years ago, he and a close friend started their own mortgage company. He has since become a veteran in the mortgage industry with a proven track record. In April of 2014 Matt joined Willamette Valley Bank, a community bank with a local focus at their Bend, Oregon Home Loan Center.

Matt and his wife live in Sisters with their two youngest children. Their oldest is a recent college graduate and pharmacist. Matt looks forward to being the local home-loan lender for you and your family.

Bear Mountain Fire

Right now, Bear Mountain Fire is out there with shovels, skip loaders and plows, helping Sisters dig out from under several feet of snow and to keep driveways and parking areas clear.

But they know spring will soon come, and with it the need to take care of your forested landscape.

Dave Vitelle has spent years in the woods, fighting fire and conducting thinning projects that improve forest health.

Bear Mountain Fire works with landowners — from small acreages to large properties — to develop plans for fire prevention and forest health. Dave can seek out grants and market materials from projects to keep costs down (or even eliminate them) for landowners.

The forest is our natural habitat here in Sisters, and fire our primary threat. Learn to live in harmony with both with the experienced and knowledgeable crew led by Dave Vitelle of Bear Mountain Fire.
