

Congratulations **KYLIE STEINER** **Sisters High School** **2016-2017** **Student of the Year!**

Kylie Steiner works hard and doesn't hesitate to ask her teachers for help if she doesn't understand something in class. She attributes her success in school to those characteristics – and she appreciates that Sisters High School offers the right setting for her to succeed.

“There's definitely more one-on-one with the teachers,” she says. “I kind of need more of that one-on-one to understand something. I think relationships with teachers is a big thing.”

She cited Mr. O'Neill, her math teacher, as a particularly strong influence.

“He's helped me become a better learner,” she said.

Kylie plays softball and is in the process of building a guitar.

“It's exciting,” she said. “I'm glad to have a memory of this school by

building a guitar.”

Kylie plans to attend the University of Montana to pursue a major in psychology with an eye toward becoming a counselor.

“Kylie is a caring, humorous, hard-working and smart kid. I have absolutely loved working with her. She is the kind of person who brightens your day every time you see her. And ... she laughs at my jokes even on the rare occasions when they aren't funny.”

— Daniel O'Neill

“Congratulations to Kylie! I have really enjoyed getting to know Kylie and see her work hard to learn in many strands of science. Her determination and ability to advocate for herself have helped her grow and be successful over the past four years. I wish you the best!”

— Rima Givot

“I have known Kylie since freshman

year. In these four years, she has demonstrated astounding growth. She has gone from being silly and social to being an active participant in her own education. She has clear goals and stays on the path to meet them. She uses time well, and she advocates for her needs. It is truly a pleasure to have been part of this successful journey with Kylie!”

— Leah Soloff

“I am so happy to hear that Kylie Steiner has earned The Nugget's Student of the Month. I have worked with Kylie on and off throughout her years here at SHS. She has grown into a very capable young lady who puts a lot of thought into everything she does. The conviction she shows in her work goes above and beyond. Her confidence will take her far. Congratulations, Kylie!”

— Denice Cristiano
