that works with wood and that includes my husband, my son, my mother, and my two daughters,” she said. “We start with a little block of wood and glue each piece in place. We use mixed woods like cedar, walnut, and other woods. We have our own sawmill. This is our joint venture.”

With such variety of hand-crafted designs, there was something for everyone’s taste, including very unique items.

First-time vendor John Botello from Maui, Hawaii showcased Kapalua (meaning large) Sun Chair Hammock Chairs that were hung and ready for relaxing in. The hammock chair has arm rests, a drink holder, a foot rest and includes back support. Botello has been making Sun Chairs for 30 years.

“I travel around doing shows promoting the business. I make them out of polyester because it holds up well outdoors. It’s the same thing they use on sailboats. The wood is ... hemlock,” Botello said.

own log furniture, from barstools to countertops to coatracks to mirror frames.

“I’ve been designing wood pretty much all my life. My dad was a woodshop teacher, so I worked with wood as a kid,” Taylor said. “My wife and I were quite well known in Mammoth Lakes, California before relocating to Redmond two years ago.”

His wife, Missy, has been recently dabbling in oils and began painting on wood, having her art custom framed by her husband.

“I used to be an interior decorator for 10 years before

we moved here,” Missy said. “But I am now enjoying painting landscapes and animals on wood.”

Singer/songwriter and multiple instrumentalist Theo Czuk provided the entertainment on Sunday. His journey into music began in the dive bars of Detroit playing gospel, R&B and rock and roll.

Longtime Sisters resident Richard Greene, owner of Richard’s Produce, had fresh produce, raw Central Oregon honey and huckleberry syrup on display to purchase while his employees kept on popping fresh kettle corn that

folks couldn’t get enough of.

“I’ve been selling produce for 16 years,” Greene said. “We specialize in berries and go to the Valley and pick them straight from the farms.”
