Bear Mountain Fire

Trees make Sisters Country what it is. And with the dry, hot conditions of summer many homeowners are worried about their trees' condition — and their property's fire safety.

Turn to the experts at Bear Mountain Fire.

Dave Vitelle has spent years in the woods, fighting fire and conducting thinning projects that improve forest health. Whether it's one stressed tree that you need to top or remove, or a forested property that needs active management, Bear Mountain Fire is the resource to turn to.

While Dave makes part of his living cutting down trees, he loves them, and he'll help you do everything possible to save your beloved trees. But if drastic action has to be taken, Bear Mountain Fire will take care of your needs efficiently and safely.

Fire season is upon us. Let Bear Mountain Fire assess your property to help you make it both fire safe and healthy.

Oregon Hot Tub

Our NEW Bend location at the Forum Shopping Center serves as Sisters' hot tub sanctuary, offering hot tubs, swim spa pools, saunas, and more. We moved closer to serve your community!

You might enjoy silent-operating, salt water hot tubs, like the HotSpring Grandee. Having a quiet spa means peaceful nights or happy guests for your rental property! Plus the ACETM Salt Water System gives you a savings on maintenance by eliminating the need for regular sanitizers.

Oregon Hot Tub partners with AllSpa, who has local technicians in the Sisters area that are trained and certified to service and repair ALL BRANDS of hot tubs and swim spa pools. A licensed, professional spa technician knows what to look out for and how to keep your spa in correct water balance. We've been around since 1979, and will continue to help you heal and relax for many more years.
