## Willamette Valley Bank

Matt Ingram has always felt that he was born to help people. Feeling a calling to serve his country, Matt entered the Navy after graduating high school. He then served in law enforcement for over 17 years. In April of 2014 Matt joined Willamette Valley Bank, a community bank with a local focus.

Matt is committed to helping you find the most suitable home financing to meet your family's needs. There is a wide variety of lending options available — some with no money down. Matt Ingram and Willamette Valley Bank can help you navigate and find your way among all those options for any loan scenario — from purchase to refinance — so that you find the right product to help you realize your Sisters Country dreams.

Matt and his wife live in Sisters with their two youngest children.

## 3 Sisters and Cook

Ed Cook is very particular about what he does. He brings a lifelong commitment to quality work to Sisters as 3 Sisters and Cook Contracting.

Specializing in modest-sized construction and painting projects, Cook is serious about his commitment to quality, and he's not willing to cut corners. He's not the bargain-basement guy — he prides himself on a job well done, built to last. And that offers the best value in the long run.

"I've never cut corners and I never will," he said. "To give a good product, you've got to use good materials. I want to sell the best product I can at the fairest price I can deliver to them."

Whether it's a remodel or restoration project or a top-quality painting job you are looking for, 3 Sisters and Cook Contracting offers responsive service and excellent work that will bring you years of satisfaction.

## Drainfield Restoration

It's a moment to dread: Your drainfield is failing. The prospect of repair or replacement is dauntingly expensive, running into the thousands of dollars for a major project.

Turn to Drainfield Restoration. As Central Oregon's original factory-trained Terralift operators, they can restore your drainfield's function for a fraction of the cost of replacement.

Drainfield Restoration's equipment injects air and polystyrene beads into the ground, restoring that soil's original capacity for infiltration. They can also jet out lines and remove tree roots that are often the culprit in drainfield problems in Sisters Country. It's a one-day project, and restoration often works for years.

In business since 1995, Drainfield Restoration has saved hundreds of clients thousands of dollars across the state of Oregon. For tips on restoration and care of your septic system, visit [www.RestoreYourSeptic.com](http://www.RestoreYourSeptic.com).
