Elite Roofing

Putting a new roof on your home is a big investment. You want to know that you're getting the job done right, getting the best workmanship and materials available for your money. And it's nice to get the job done efficiently and quickly.

Elite Roofing has been delivering that kind of quality work to Central Oregon for the past 26 years. All of their roofers are journeymen and know exactly what they're doing up there. That means they work quickly, thoroughly, and efficiently in a coordinated team.

Elite Roofing always uses the right material for a particular job — not the cheapest or the most expensive, but the material that will best serve the customer's needs.

The owner is an experienced roofer — and he's up on the roof on their projects, making sure that all the work is done to the company's high standards.

Aqua Hot Tubs

Aqua Hot Tubs has been in the business of helping people enhance their life with spas for 13 years — and they're just celebrating their first full year in Sisters. Brian Janke says thank you, Sisters, for all the support — and announces that Aqua Hot Tubs will expand its showroom to better serve the community.

Who buys a spa? The hard working people who need to come home and unwind from the stresses of earning a living.

"We can create that for them every night," Brian says.

Then there's the family that wants to spend time connecting with each other, off their screens and enjoying each other's company.

And there are those who need a spa to help them heal and relieve the aches and pains of living.

Aqua Hot Tubs has spas for people in any and all of those categories, utilizing industry-leading technology — and offering knowledgeable, caring, hometown service.
