Ultimate Garage

The owners and staff at Ultimate Garage enjoy an outstanding reputation of installing high-quality floor coatings and garage cabinets. And, like most of you, our lives here in Sisters Country are active. We appreciate where we live, its natural beauty, and enjoy all sorts of outdoor activities. But, those activities often require equipment, and in Central Oregon our garages are housing more than cars and tools.

Ultimate Garage offers a variety of storage systems to help get your garage and gear organized and easily accessible. Attractive hoists and wall systems are simple to use and accommodate larger items like bicycles, kayaks, canoes and paddleboards. Hooks neatly tuck skis, snowboards, and snowshoes away. Baskets and bins store a multitude of accessories, and overhead storage racks can create additional storage space you didn't know you had. Let us help you make the most of your garage.

Larry's RV

Hitting the road in a camper or RV is a dream cherished by thousands of folks in Oregon. What better way to enjoy the landscape and the adventure on the road? But to enjoy the RV lifestyle safely and comfortably takes a little more than simply climbing in, turning a key and hitting the road.

Larry Nonemaker, president of Larry's RV in Redmond, has been putting folks on the road for over 27 years in quality pre-owned RVs, and he knows the key questions that customers often overlook.

It pays to identify honestly and completely how you will use your RV. Are you hitting the road for a few days? Are you snowbirding? Do you plan to live in your RV for an extended period?
