Black Butte Veterinary

Black Butte Veterinary Clinic welcomes Michael Myron to its staff. Born and raised in Central Oregon, Michael has returned home to work with his father at Black Butte Veterinary Clinic. He brings a tremendous amount of widely varied experience to the clinic. He has worked in high-volume environments and has seen every kind of ailment and injury. He is also experienced in emergency surgery.

Michael has also worked in a high-end clinic in Panama City Beach, Florida.

That kind of diverse experience provides him with an invaluable base of knowledge and experience that he brings to bear on the care of your beloved pet.

With Michael on staff, Black Butte Veterinary Clinic will have greater availability of doctors.

In addition to working with animals, Michael and his family love skiing, mountain-biking and "anything that involves water."

Sisters Lock and Key

When you need a locksmith, you really need a locksmith. Phil Yates and Sisters Lock and Key have been serving the Sisters community for decades, bringing quick, professional service and earning the trust of residential and commercial customers and property managers.

It's critically important that you use a licensed, bonded and insured locksmith — you have no recourse if you don't. Phil is all of the above — and experienced in all aspects of his trade. Sisters Lock & Key handles all aspects of commercial and residential locksmithing.

Quick service is also critical, and Sisters Lock and Key can typically respond to a call anywhere in the Sisters area in under an hour.

Vehicle security keeps changing. Phil can get you into your car when you lose your keys, but you may not be able to drive it. He advises that if you only have one key, get a new one made now.

Cleaner Living NW

No one in the industry goes further to ensure a high-quality cleaning than Cleaner Living NW.

One phone call will provide for all your cleaning needs. Cleaner Living NW offers residential housecleaning, vacation rental cleaning, commercial office cleaning as well as window and gutter cleaning. They also provide carpet and upholstery cleaning and specialize in cleaning tile and grout. It's also time — ready or not — to schedule getting your gutters cleaned.

Cleaner Living NW uses a highly effective all-natural, odor-neutralizing cleaning solution developed by company founder Elizabeth Buchanan. The solution is Green Seal-certified.

"The products we use and sell are absolutely 100 percent naturally derived and are safe around kids, pets and people with compromised immune systems or allergies," says Buchanan.

Aqua Clear

Your spa should be a place to relax and shed the cares of the day. The professionals at Aqua Clear make sure you can enjoy your spa free of the worries and hassles of maintenance.

Cover need replacing? They can order custom-fit covers. Now is the time to schedule to drain your spa, clean it and restart with fresh water. Aqua Clear does repair on most brands of spas (like if a pump goes out — they can reorder one for you and install). And if your spa has seen too many winters and you are tired of looking at it — they will haul it away and give it a respectful burial.

Whether you need regular maintenance or just need a once-a-year draining and cleaning of your spa, Aqua Clear can make sure your spa is in great shape and ready for your relaxed enjoyment.

Fullhart Insurance

You may be able to find a lot of insurance products online — but there's no substitute for having a responsive, knowledgeable agent on your side. That's what Tammy Taylor and the team at Fullhart Insurance offer to Sisters.

As one customer noted: "I had an immediate and urgent need to get vehicle coverage — I mean right now. I called Tammy Taylor at Fullhart Insurance and she had everything squared away within about 40 minutes. That's responsiveness. She made a difficult situation easy and even pleasant."

Knowledge of a rapidly changing industry and responsiveness to customers' needs have been hallmarks of Fullhart Insurance for years — and that is one thing that doesn't change. Fullhart Insurance is still your local, hometown agency. They know that they're helping out their friends and neighbors.

As Tammy Taylor says, "We live and work where you do."
