OREGON DEPARTMENT OF FORESTRY
PETER DAUGHERTY,
STATE FORESTER

Safe travels this holiday weekend

Oregon State Police is urging motorists to travel safely this Thanksgiving holiday week. Other traffic advisories to motorists are wet travel conditions and Black Friday shopping.

This holiday period (Wednesday through Sunday) will see very high volumes of traffic. As with other holiday weekends OSP is urging motorists to plan ahead, expect heavy traffic, expect poor driving conditions with winter weather expected for several days, and take your time.

Know the road conditions before traveling by going to www.tripcheck.com.

Expect rain and wet roadways. Increase your following distances due to decreased traction. For those traveling Oregon's mountain passes, expect rain or snowfall and winter driving conditions. Know when traction tires are required by visiting tripcheck.com. Too often, mountain pass crashes are caused by those not using traction tires. These crashes cause delays that last hours at times.

Watch for heavy traffic in shopping areas, especially on Friday, November 23.

Plan your travels:

- Expect heavy traffic volumes. Take extra time to reach your destination.
- Visit ODOT's traveler page www.tripcheck.com
- Be prepared in the event you become stuck during your travels. Carry water, food, and blankets in the event you are stuck in your vehicle during your trip.
- Get a designated driver (plan ahead) if you plan on consuming intoxicating substances.
- Put the distractions away. Pull over to use that handheld electronic device, ask a

passenger to help, or wait to arrive at your destination to use them.

- Watch your speed; often speeding will not get you to your destination any faster. You will fatigue faster, burn more fuel, and create a more hazardous environment on the highway.

- Be extra vigilant in highway work zones. Even when workers are not present, all work zone speed limits still apply and fines double. Inactive work zones still have equipment, detours, and incomplete changes in the roadway so drivers need to slow down and be alert.

- Get rested before you travel.
