

Outlaws ski team hosts Warren Miller film

Nobody is looking forward to snow with greater anticipation than the members of the Sisters High School Outlaws ski team. In order to whet everybody's anticipation for hitting the slopes, they're hosting a screening of the Warren Miller Entertainment film "Face of Winter."

For decades, watching a Warren Miller ski film has been a way to launch into the season on the slopes. This year, the Outlaws will use the film as a fundraiser for the program.

The show is set for Saturday, December 1, at 7:30

p.m. at the SHS auditorium. Doors open at 6 p.m. Tickets will be available at the door: \$12 for adults; \$10 for students; six and under free (pay by check or cash). Included with the purchase of a ticket will be the opportunity to be entered in a national drawing for ski trips to Switzerland, and ski locations in the U.S.

The Outlaws will also be selling raffle tickets to win a season pass at Hoodoo, and other prizes. To view the trailer and for more information, visit <https://warrenmiller.com/events/sisters-high-school-auditorium>.

Oregon's first dinosaur fossil found

PORTLAND (AP) — University of Oregon scientists discovered a dinosaur bone, the first fossil from a land-dwelling prehistoric creature found in the state.

The Oregonian/Oregon Live reported the discovery came in 2015 when earth sciences professor Greg Retallack was in Central Oregon leading a field expedition of students looking for fossilized plants near Mitchell.

The fossil is thought to be about 103 million years old. It is a toe bone of an ornithomimid, a 17-foot-long herbivore that weighed up to 1,500 pounds.
