

TRASH: Earth Day event has become Sisters tradition

the second largest amount of litter. The Bunkhouse proprietors, Kathleen and Michael, took turns over the morning staffing the hotel and picking up litter in the vicinity.

Ten people from the Church of Jesus Christ of Latter Day Saints came out to lend support to the effort. Employees of the Ponderosa Best Western also participated in the cleanup effort. On the Friday before, the elementary and middle schools had students pick up litter on the school grounds and parking lots. Seeley approached the high school but didn't receive a response.

"I'm hopeful that we will be able to engage the high school in our next effort in September," Seeley commented.

Organized and promoted single-handedly by Seeley, the community cleanup day was started last September and will be held every spring and fall, before and after Sisters' tourist season. Anyone can participate and all necessary supplies are provided free of charge by SOLV — trash bags, vests, gloves, and sharps

containers. The City had also provided trash bags but they weren't needed.

Three USFS rangers, including one who had only been on the job for three days, marked trees in the forest to indicate cleanup sites. As the trash bags were dropped off at FS headquarters, the rangers sorted the trash to identify and separate out recyclable materials. Several abandoned camps in the forest were identified and reported to the rangers.

Seeley reported that, besides the dishwasher, the weirdest items collected included a raven's head, the skull of a squirrel, and \$3.50 in cash, which was brought back to SPRD and turned in.

Seeley would like everyone to mark their calendars for the next cleanup day, scheduled for September 28. If 55 people can pick up over a ton of garbage in three hours, Seeley said, imagine what could be accomplished by 100 or 200 or the entire community pitching in.

She is looking for help with the future cleanup days, including organizing and promoting beforehand, and assistance at SPRD the day of the event so she can get out and participate in the cleanup.

For information on the cleanup project, contact Seeley at SPRD 541-549-2091.

"Based on the information provided to patrol officers and detectives, they used a variety of investigative techniques to confirm the identity and location of Beavert," Lt. Adam Juhnke of Bend PD reported in a news release.

At about 10 a.m. on April 19, detectives from the Bend Police Department with assistance from a Deschutes County Sheriff's Deputy contacted Beavert in Sisters.

"Beavert was taken into custody without incident and through this investigation, additional information and evidence was obtained to substantiate the initial allegations as well as other crimes listed," Lt. Juhnke reported.

Beavert was later transported to the Deschutes County Adult Jail where he was lodged on Encouraging Child Sex Abuse II, Online Sexual Corruption of a Child II (six counts), and six counts of Luring a Minor for Sexual Conduct.
