

Service...

Black Butte Veterinary

The quality care of Black Butte Veterinary Clinic is available in Sisters full-time now, with clinic hours of 8 a.m. to 5 p.m. Monday-Friday.

With the decades-long experience of Dr. Stephen Myrin and the dynamic best-practices knowledge and drive of Dr. Michael Myrin, the father-son team at Black Butte Veterinary Clinic has your pet-care needs covered, from emergency medicine to primary care.

Exams are done in the presence of the client. Dental care and wellness exams are available, and if your beloved pets require surgery, they are in highly capable hands at Black Butte Veterinary Clinic. 24-hour emergency care is available.

The staff at Black Butte Veterinary Clinic know your pets are beloved members of the family — and here they'll be treated as part of the family, too. Accessible and available, Black Butte Veterinary Clinic puts your beloved family member in capable, caring hands.

Artisans of World Travel

It's a sisters affair in Sisters for the two partners at Artisans of World Travel. Tollgate resident Barbara Allen, with over 30 years of experience in the travel industry, works with her sister Susan Southwick, who joined the travel agency as a second career.

With years of travel experience and knowledge, AWT can create the perfect cruise, a multigenerational trip assuring all ages enjoy the experience, or arrange a very special culinary tour that may include meals in homes prepared by local residents in the area in which you are traveling.

Let Barbara and Susan deal with the complicated reservations, connections, sightseeing tours, hotels and transportation arrangements and also be available to you to handle any problems that arise before or during your trip. They handle all of the details to fulfill your travel dreams and take your experience from ordinary to extraordinary.

GreenRidge Physical Therapy

People who are recovering from surgery, people who have chronic physical challenges and haven't been seeing results can turn to Jason Gulley at Green Ridge Physical Therapy.

Gulley works one-on-one with every patient, in a manner that takes account of the whole person from head to toe. Shoulder, knee, ankle pain — anything that is impeding a patient's quality of life — Gulley works hands-on to increase function.

Green Ridge Physical Therapy's expertise in and focus on counterstrain therapy is a key element for Gulley. Counterstrain is a gentle, passive, hands-on technique that is able to treat pain and have powerful, long-lasting effects on a wide variety of injuries and chronic issues. It works with deep fascia, which surrounds muscles, joints, veins, arteries, nerves, organs, the spinal cord and brain. The work helps improve ability to move, breathe, digest and ward off disease.
