You'll get personalized service, from the selection of material to the maintenance of the surface. From layout to detail of edge shape, Solid Rock wants you, the customer, involved so that you get just what you want.

Custom fabrication at a fair and competitive price means that you are getting world-class quality paired with hometown service – from a tabletop to a large commercial project. That's what makes Solid Rock the creative difference – and you can carve that in stone.

**PROJECT FEED**

Rental guests often have food leftover when they are done with their stay. **We donate these non-perishable foods to the Sisters Kiwanis Food Bank!**

It's our way of thanking the community and offering a helping hand so that visiting guests can make an impact right here in Sisters!

## Sisters Vacation Rentals

In the spirit of giving back to the community in which they operate, Sisters Vacation Rentals is conducting "Project Feed." Renters of properties they manage are invited to leave any unused nonperishable food items in a bag provided to them, and Sisters Vacation Rentals will donate them to the Kiwanis Food Bank.

Unused food leftover after a visit is a common thing for vacationers, and the program allows them to have a positive impact in the community that they love to visit.

The project has special resonance for the staff at Sisters Vacation Rentals, because they manage a property for the family of David Roberts, one of the founders of Kiwanis Food Bank.

Sisters Vacation Rentals has been matching homes in Sisters with vacationers since 2004. They will market, rent, and maintain your property to help maximize your income while keeping your property in tiptop shape – and making precious vacation memories for clients.
