

## Central Oregon Dental Esthetics

Newly open in Redmond, Central Oregon Dental Esthetics is taking patients for general family dentistry for people of all ages.

Dental health is crucial to overall well-being, yet going to the dentist is something a lot of us avoid. Dr. Denise Hicks hails from Sisters and has long experience working with patients here who appreciate her focus on creating a welcoming, relaxing environment for what can be an anxiety-producing experience.

For those whose anxiety is acute, in-office sedation is available, easing the process completely.

Central Oregon Dental Esthetics uses the most up-to-date software and imaging systems to

make dental work go as quickly and efficiently as possible.

From cleanings and checkups to cosmetic procedures, Central Oregon Dental Esthetics offers top-quality services and progressive care that make it easy to take care of this vital aspect of your health.
