All American Hearing

For Lanie Tandy of All American Hearing, getting folks in Sisters to get their hearing tested is a mission and a calling.

Early testing is critical: Tandy notes that if you wait to test until you notice diminished hearing, “the brain loses its ability to process speech sounds — and you never get that back.”

Hearing is even more difficult while social distancing and communicating to people while wearing masks. Masks muffle our speech, as well as hide visual cues, and these issues become more difficult for people with hearing loss. Hearing aids can help bring back clarity and minimize confusion and stress with these added challenges in our world today.

Maintaining good hearing is key to quality of life — and is tied to long-term mental health. Lanie is committed to bringing good hearing healthcare to Sisters, and she urges folks — even if their hearing still seems OK — to call and set up an appointment for testing. There are many, many options available today, and there is no cost for a consultation. “It starts with a conversation,” Lanie says.

Light Up The Holidays!

Our busy elves create fabulous lighting displays and deck your home with glee, that Santa, friends and family will love to see!

Residential and commercial installations.

Give us a jingle at 541-306-4141!

Christmas Lights R Us

Christmas lights are a delight — but let’s face it, they can be a real pain to deal with. If you’ve got to climb a tall ladder or get on the roof to get the job done, they can be downright dangerous.

Christmas Lights R Us takes all of the hassle and hardship out of your holiday lighting display so that all you have to do is enjoy.

Using LED lighting can save as much as 90 percent of energy costs, and they’ll install, maintain, and remove (and store) your lighting. You conceive of your lighting scheme and Christmas Lights R Us will bring it to life. Eaves, trees, windows, outbuildings, bushes — wherever you want lighting, they’ll make it happen, including custom color schemes.

From large commercial contracts like the Redmond Airport to small residential homes, Christmas Lights R Us does it all, so your Christmas lighting is nothing but a joy through the whole season.

Responsible gun owners practice gun safety and regular training to protect their families.

Register for our CONCEALED CARRY PERMIT CLASS

Monday, November 16 • 6 p.m.
Best Western Ponderosa Lodge
500 Hwy. 20 W., Sisters

FirearmTrainingNW@gmail.com | 360-921-2071

Firearm Training NW

Americans are buying guns at a record pace, in the face of insecurities wrought by pandemic and social unrest. Millions of Americans have become first-time gun owners in 2020.

Many of those new gun owners — and people who are already well-versed in firearms — are seeking a concealed carry permit.

Firearm Training NW offers the mandatory class required to apply for a concealed-handgun license in the state of Oregon. They also offer a multi-state permit class.

Classes cover Oregon and Washington firearms law; interstate travel with firearms; proper interaction with law enforcement; use of deadly force; and holster, firearm and ammunition selection. It is not a hands-on course and trainer Shaun Curtain recommends attendees also obtain live fire-training. Some people choose to take the class before purchasing a firearm.

Interested citizens, including minors, may audit the class at no charge, but registration is required.
