ROAM Natural Skincare

Through Roam Natural Skincare, people living in and around Sisters are discovering access to skincare products and services they might expect in a larger metropolitan city. Sisters clients are sophisticated and appreciate an elevated level of body and skincare products that are free of toxins and synthetic ingredients or harsh preservatives.

An expanded makeup offering is also at Roam — from mascara and SPF sunscreens to vegan lip products. A majority of the makeup and skincare products at Roam are also geared for our arid mountain climate, to soothe and hydrate the skin.

The products and services at Roam are carefully curated so each guest will feel cared for and restored from the powerful botanical ingredients in each product to the high level of integrity and customer service that Sarah provides. Quality of service is Sarah's top priority — making sure everyone who walks in the door has a positive experience.

“Hospice of Redmond gave my dad and me the gift of peace.”
- Jane M

Hospice of Redmond

What Hospice of Redmond offers over all other services is peace of mind.

Operations manager Jane McGuire knows this from her own experience. Working with Hospice in her own father's last days gave her “so much peace of mind from just being able to be a daughter, not the caregiver. It was not always an easy road with dementia. It was good to be able to call the experts.”

That expertise is not reserved solely for the end of life. The Transitions program is a non-medical program that supports you or your loved one through the mental, physical, and emotional changes that may accompany a life-limiting illness.

“People can reach out as soon as they feel their loved one is declining and they need support,” McGuire says.

From hospice and palliative care to Transitions and bereavement support, Hospice of Redmond is here to ease the pathway for all involved in the end of a life journey.

SEPTIC SYSTEM FAILING?

Restore Your Septic, Don't Replace It!

- No excavation
- One-day service
- Rooter & jetting service
- SAVE THOUSANDS \$\$\$

Drainfield Restoration Services, Inc.

Drainfield Restoration

It's a moment to dread: Your drainfield is failing. Replacing it and tearing up your yard is dauntingly expensive, running into the thousands of dollars. But what if you could restore your drainfield without replacing it?

Turn to Drainfield Restoration. As Central Oregon's only factory-trained Terralift operator, they can restore your drainfield for a fraction of the cost of replacement. Drainfield Restoration blasts air into the soil, breaking up biomat and compaction, restoring the soil's original leaching capacity. They can also jet inside lines and remove tree roots that are often the culprit in drainfield problems in Sisters Country.

It's a one-day project — and it works for years. In business since 1995, Drainfield Restoration has saved clients thousands of dollars across the state of Oregon.

For tips on restoration and care of your septic system, visit www.RestoreYourSeptic.com.

Falling for Sisters?

As the leaves turn spectacular colors and the aroma of pumpkin spice is brewing...

...There are still plenty of buyers looking for homes before the holidays.

If you're thinking of selling, let's get together.
