## Bend Radiant Heating

As Sisters Country slides into the cold season, it's time to think about how we can stay comfortable — without watching our dollar bills go up the chimney.

Bend Radiant Heating has specialized for well over a decade in hydronic heating — piping water through floors to create radiant heat. They also offer high-efficiency water heaters — and right now is a great time to invest. About 25 percent of our average heating bill is in heating water. High-efficiency water heaters come in at about one-third the operating cost of a conventional water heater. Converting to high-efficiency allows you to conserve energy and water — and save money.

Bend Radiant Heating is noted for excellent customer service — which is why almost all of their business comes from repeat customers and word of mouth. Innovation, conservation, quality work and top-quality service all help Sisters stay warm as winter cloaks our region.

NW Mortgage Advisors is a direct lender with their own underwriting authority and a broad investor pool. NMLS# OR ML-#2891

## Northwest Mortgage Advisors

The real-estate market is hot in Sisters right now, and inventory is tight. It really pays to have a mortgage lender who knows the local market and is committed to helping clients make their dream of owning a home here a reality. That's Jenalee Piercey.

The loan originator has a vast array of experience of finance, and business management as an educator, but what's most important to her is relationships. "My joy comes from assisting people in seeing their home ownership dreams become a reality," she says. "No matter what step they're at in the process, it's about the relationship and seeing them cross that finish line."

Getting across that finish line can be challenging; sometimes there are obstacles. Jenalee is noted for her command of the options available, creative thinking — and most of all, a never-quit perseverance that finds solutions when the process gets stuck.

**Thank You, Firefighters!**

Your commitment to protect Oregon communities has gone above & beyond!

## Bisnett Insurance

Bisnett Insurance salutes the first responders across Oregon who have worked so hard and sacrificed so much this summer.

This summer has been filled with struggle and tragedy — here in Sisters and across this state we love. Those who answer the call to help others in dire emergencies and in the worst moments of their lives are special people, worthy of our admiration and support.

We know that it is not easy to see and deal with trauma and destruction on the scale we've seen this summer, and that our first responders feel the pain and pay a cost. We also know that they find meaning and purpose in their calling, and we are so grateful that they show up, day in and day out, ready to serve.

On behalf of the whole Sisters community, Bisnett Insurance offers a humble and grateful "thank you" to law enforcement, EMTs and firefighters.
