## Ross Kennedy

Ross Kennedy takes great satisfaction in helping people in Sisters either sell their home or buy one. Service is his ethic and his specialty.

Recently, he's helped a lot of people in a very fast-moving real estate market, from Black Butte Ranch to Sisters and beyond.

Now is an excellent time to list your property — forget the traditional belief that you should wait till spring to list. The inventory in Sisters is very tight; there's a huge pipeline of buyers looking for a home and not many to choose from. This is an opportunity to maximize the value of the home you have cared for, and Kennedy is well-placed to help achieve that.

Ross' marketing approach, negotiating skills, experience and an intimate understanding of the market in a community he calls home make Kennedy highly adept at securing the best value for your property.

## Lady Gets a Gun

Women are purchasing firearms for personal protection at unprecedented rates. Good training is essential to safe, effective firearms use — and that training is offered in a safe, comfortable, and friendly environment through Lady Gets A Gun.

Maureen Rogers is passionate about helping women familiarize themselves with firearms and developing a mindset that is about protection of self, loved ones, and refusing to become a victim. She offers private sessions and classes for men, women, and co-ed. It's hands-on training, suitable for people of all ages and all walks of life. Selecting the handgun that fits your needs and capabilities is critical, and Maureen will help you do that.

As she says, shopping for a handgun is like shopping for shoes: It has to fit. She'll walk you through the choice between semi-automatic and revolver and set you up for success in an engaging, safe, comfortable — and empowering — environment.
